

0:13

[Music] how many of you

0:18

struggle in sharing your faith with others when you believe system and and it causes friction and sometimes

0:25

family issues well tonight i'm going to spend i don't believe it'll be very long but i do want to spend some time going

0:31

through some very simple concepts uh in precepts of how that's the wrong

0:36

powerpoint i want you to know exactly how to share your faith

0:42

with your family and your friends i want you to learn how to share the torah i want you to learn how to share what you believe in in the in the roots the

0:49

christian roots of your faith how do you share these roots in such a way that it will create roots

0:56

in them that's what we're going to talk about so father give me wisdom and i pray that you would just

1:01

speak through me lord your words and not a single thing i say will not be of you but everything i say god will be

1:07

encouraging and uplifting and worthy of instruction in yeshua's name amen all

1:12

right let's begin how to share your christian roots with confidence and power believe it or not it's not

1:18

complicated which is why i believe it's not going to take very long and um and by the way side note from last week

1:24

we did how to share the gospel uh we have we should we you should have received the notes does everybody have

1:30

those where do they get those on the okay on the table out there uh we

1:36

have all of my notes from last week so an entire two-page sheet a cheat sheet

1:42

for you so you can go home all the scriptures are there all the steps are there even the analogies are printed out

1:48

and in description there and so i'm going to do that for next week for this message as well okay and so grab those

1:54

on your way out so that you can study that and by the way let me just make that um just abundantly clear

2:00

this is not something that is optional okay this is something that's commanded we

2:05

are to go and be a light among the nations one of the saddest things that i've experienced as an apologist as someone

2:12

who who defends the word of god is that when people don't even know where basic scriptures are they can't

2:18

even defend the god that they serve most of christianity doesn't even know the name of the god that they serve

2:26

it's it's it's it's not even laughable so i want just to encourage you for those of you that are part of passion

2:32

for truth and and you really want to be a good witness then this is something that is not necessarily a message or a

2:39

sermon this is a a this is school time you got to learn this there's homework involved you have to memorize some

2:44

things you have to take it seriously you can't share listen like someone told me once

2:50

you may be the only yeshua that someone ever sees you may get one shot like i did on a ski

2:56

lift several weeks ago that guy from finland that might be the only time he ever heard the gospel was when i had

3:03

lunch with him what if i wasn't ready what if i wasn't prepared what if i was too shy or too

3:09

fearful i had too much anxiety and i was his chance so therefore he goes his entire life he

3:16

had never heard it before there's likelihood that he'll never hear it again

3:21

what if that was the only time you heard it i don't know about you but i don't want to stand in the kingdom and there'd be

3:27

two lines and the guy that didn't make it be in the back of the line and say why didn't you tell me

3:34

i had lunch with you why didn't you tell me so we need to be ready okay

3:39

all right number one rule when you are sharing the roots of your faith

3:44

know this verse be prepared first peter chapter 3 verse 15 says but

3:49

sanctify the lord god in your hearts and always be ready to give a defense to everyone who asks you for a reason for

3:56

the hope that's in you but with reverence and respect meekness and fear gentleness and respect okay so some of

4:03

you are really good you're really prepared and you have an apologetic uh you know a background and your dna is

4:09

defense and that you know you are a prosecuting attorney but you you're not so good on the whole

4:15

gentleness and respect part you know this is not like the flintstones where it's bam bam you don't

4:21

hit people over the head so that they can understand okay we wrap them in the word of god i'm

4:26

going to show you a little bit of how to do that and if those of you those of you that have already gone through the first part of this series you should already

4:32

have a good idea of how to uh to to prepare yourself through the drastic method which is an acronym all

4:39

right so here we go rule number two never tell them what they are doing

4:45

wrong how many of you love husbands don't raise your hands okay i know i have to tell you guys this because you'll raise

4:51

your hands how many of you husbands love it when your wife comes up and tells you all the things you're doing

4:57

wrong don't you just go honey i'm just thank you

5:03

do you have anything else that you would like to tell me that i'm doing wrong i wouldn't ask that question by the way

5:09

if i was you but but we don't like that nobody likes to be told what you're doing wrong so why do people do this

5:16

we still see it all the time online you know we call in torah terrorists that

5:22

they try to share their faith and they do nothing but run people away because all they're doing is pointing

5:28

fingers and condemning and telling everybody all the things they're doing wrong nobody likes to be told anything

5:35

never ask any child you want to learn how to live your life watch how they respond children don't

5:42

like to be told what they do neither more than you do so number rule number two never tell

5:47

them what they're doing wrong there's other rules but this is an important rule for you to

remember

5:54

rule number three over emphasize with family

6:00

listen that you love them and in no way are you telling them that they what what

6:05

they need to do is wrong or that they need to do what you're doing let me say that again over emphasize

6:11

with family that you love them and in no way are you telling them that they need to do what you're doing

6:16

because if you do you're breaking rule number two nobody wants to be told that you're

6:22

wrong now understand the concept and the mind that's going through your mother right now

6:28

your father your aunt your uncle when you come home or or when you have a conversation with them over the phone

6:34

and they find out that you're not celebrating christmas anymore

6:39

i can assure you it's not about theology

6:45

okay they're not going to argue theology is not the issue it's

6:51

what you're saying about them from their feelings because mom has raised you up in a

6:57

certain way has she not her memories and her personhood her dna

7:02

in frequency is wrapped up in how she raised you so when you say i'm not doing that

7:08

anymore what are you really saying to her that how you raised me was wrong

7:15

is that what you mean no that's not what you're that's what you mean but that's exactly what she's

7:21

feeling you see so what happens with the mistake that people make is they get into the

7:26

intellectual part first you can't do that

7:31

it's a absolutely a terrible mistake if you want to win over your family and help them to see your perspective

7:39

you cannot go to the intellectual part first you have to massage the emotion

7:44

and the feeling and make them feel better first before you can even create an

7:50

opportunity look at it this way you you buy a plant

7:55

okay and you want to take that plant home and you want to put it in your garden

8:01

well what's the best time to do that 97 degrees outside in a drought

8:09

or wait to the cool of the evening right before a rain you see you have that pot in your hands

8:15

and you and it's completely up to you it is in your power of when you're going to plant that plant

8:21

to watch it grow but how you do it is completely determined what the result is going to

8:27

be and so this is why some person some people have such tremendous uh

8:34

success in sharing their faith with others and some people don't it's all in how you do it so the first

8:39

thing you have to do is you have to prepare the soil you must prepare the soil that soil is the heart according to

8:46

the scriptures don't go here because here's what happened you learn all this amazing new stuff and you want

8:51

to share all this amazing new stuff and so you run over everybody with the intellect and their heart is bleeding

9:00

now they're not going to tell you this guarantee it your mom is not going to tell you most likely son you hurt my feelings

9:06

it's crushing me you're telling me that the way i raised you was wrong that's embarrassing it's not going to go there

9:12

it might come out in anger a few choice words might come out in the silent treatment i'm going to get that

9:19

you don't want that might come out a million different ways but i'm telling you the first things you got to do is prepare the heart so you

9:26

address it mom dad aunt uncle i'm not telling you that anything that you're doing is wrong

9:32

i'm certainly not telling you mom and dad that the way that you raised me was wrong we're all in a spiritual journey and if

9:39

it wasn't for you i would not be where i'm at with god right now

9:44

without you and without you taking me to church without you loving me without you teaching me the things of god i wouldn't

9:50

be where i'm at today you see what i'm doing i'm preparing the heart there's not a person out there that

9:56

doesn't like to be complimented very few people will interrupt you

10:04

when you're complimenting them oh stop

10:10

oh stop means keep telling me more and so i suggest that you try this it's

10:17

it's like literally like pixie dust it's amazing you give someone a compliment and their

10:24

leg will start shaking you want someone to hear what you're

10:29

getting ready to say they don't know what you're getting ready to say but you've got to prepare their heart okay so you need to over emphasize that

10:36

you love your family your friends this is just something that's happening

10:41

in your life which we'll get to here next this is what you have found and this is what god is showing you

10:49

emphasize you because what are they feeling you're not meaning to tell them that

10:54

they're going to hell but that's exactly what you're telling them from their perspective that's what

11:00

they're feeling they're feeling like oh are you trying to say that god doesn't love me because you know i do

11:06

this or i do that no i didn't say that but how many of you have had they've said that

11:12

and you go where did you get that from i'm telling you it's because we're breaking rule number two we're in rule number three we're not over emphasizing

11:19

enough and preparing their heart enough and letting them know that this has nothing to do with you

11:25

this has to do with me this is what yahweh is showing me

11:30

and what that does is it gives them security blanket that you're not going to take anything away from them

11:37

most people really start freaking out when you grab something that's important to them

11:43

just in touching it as you're reaching for it it makes them nervous it's like a guy who buys a brand new

11:49

corvette he's got it out in his driveway and he just washes it right and his kids you know come around the

11:56

corner with the first time on roller skates and they've got like you know a fork in

12:02

their hand from lunch that's a bad combination

12:08

coming towards the corvette so he gets all nervous

12:15

funny a picture but listen this is how they feel you start talking about christmas and

12:21

easter you start talking about you know shabbat or something that they're it's foreign to them and all they hear is

12:26

you're about to tell me i've done something wrong ruined your life and you're about to take something away from me that means something to me

12:33

and you go from being their son to the devil just like that so you can't do that you're not taking

12:40

anything away from them you're letting them know right up front but here's the secret that you're not going to tell them

12:46

god's the one that takes things away okay so you don't have to even try to take it

12:52

away don't even try to convince them listen rule number one should have been this

12:57

you're not here to convince them anything

13:02

the most powerful evangelists that are out there you don't even know you're being evangelized

13:10

because the ruach hakadosh is so thick in the in the love and in the voice he

13:15

does all the convincing you know one of my sales coaches i used to pay a

13:20

lot of money for a sales coach back in the day and um

13:26

and he he listened to one of my seminars and i would send him my seminars and then he would critique me

13:31

more like critically judged me and condemned me but uh telling me how all the terrible

13:37

things that i was saying in in the beginning when i first learned how to speak and one time i recorded my my

13:44

sales presentation in front of this these senior citizens and

13:50

he said this he said jim you are amazing at convincing people something he's like but you made every mistake in

13:57

the book you know why because it took you so long to convince them

14:03

that somebody else will be able to reconvince them again because you you had to convince them

14:11

that means it's very probable that they can be reconvinced

14:16

does that make sense because it wasn't their conviction does that make sense it's got to be their conviction and i

14:23

can't do anything about that and so rule number three over emphasize with your family that you're not taking

14:29

anything away from them okay all right here we go when they say

14:35

that you're in a cult this happens quite frequently i know i don't know about you but this is the

14:41

greatest cult i've ever been in

14:47

by the way let's just define what that means because somebody got nervous there

14:55

i didn't put an o in front of that all right a cult is defined as as a minority group

15:03

that has creeds or ideas or traditions that does not go along with mainstream groups

15:10

it's all it is did you know that so what that really means is this the

15:16

majority defines what a cult is because the cult is the minority

15:21

that's all it is i don't know if that surprises you but anyway so when they say you're an occult

15:29

you have to have a response for this because if you don't and you're not prepared for it it's emotionally going to bother you

15:36

and you might be repenting later so here's your response need to memorize

15:41

this i can understand why you would think that based on the information that you have

15:47

but if you saw the information in this video or this pamphlet or this article or on this website you might come to the

15:53

same conclusion that i have come to now there's a reason why i wrote it that way

15:58

okay there is a strategy involved here it's called the strategy of mystery

16:06

i made that up you won't be able to find that it's the strategy of mystery but it

16:11

really is a real strategy because if i don't quite tell you everything what does that make you want

16:17

to do that's right okay listen every one of you that are married raise

16:24

your hand this is a good time guys to raise your hand if you're married by the way okay all right

16:30

this happened to you this is why you're married most likely because your wife before you got married

16:36

did one of these and she created a little bit of mystery

16:43

and then you became a hound dog and you followed her everywhere that you went well this is exactly what happens in

16:49

life when you create a mystery so the mystery is this is that i can understand by the way this

16:55

is part of the conflict resolution a series that i did in shalom in the home when somebody's offended you say i can

17:01

totally understand where you're coming from if i was in your shoes i would probably feel exactly the same way

17:06

so that's how that starts out you're validating validating validating their feelings then you're going to go in and

17:12

you're going to create a little bit of the mystery i can understand that how you would feel that way based on the information that you have but if you saw

17:18

this video that i just got done watching you probably would would come to the same conclusion that i did and what you

17:24

just did is really not fair to the emotional system

17:29

because they have no way to answer that

17:34

what are they going to say well yeah i would they can't say that it's illogical they haven't seen the information yet so

17:39

what comes out of their mouth 90 of the time is well let me see that

17:45

and you hand them truth to tradition and walk away and run as fast as you can

17:53

no but seriously this works what you want to do is you want to create the atmosphere where they're

18:00

asking you for more information okay so this is what makes a great salesman

18:07

this is what makes a great evangelist that's the same thing listen every one of you are trying to sell yahweh are you

18:12

not you better be you're trying to offer someone a better life

18:18

right mooses same thing god deals blessings and curses

18:24

i'm not going to convince you i'm just going to put it before you and let you ask questions

18:29

and that's what our job is our job as a butler is to present the hors d'oeuvres before them and let them ask questions

18:36

but it has to be tantalizing enough to ask the question i'm telling you this is amazing you try this some of you have

18:42

never tried this before you're so used to you know knocking them unconscious first

18:48

and then you have a captive audience that's not how it works okay not how it works you want to draw them

18:55

in let them come your way so i can understand why you'd think based on the information you have but if you saw the

19:00

information i had you might change your mind like i did i used to think exactly like you i don't blame you for thinking i'm in a

19:07

cult it kind of looks like that and then given the definition of a cult okay

19:13

all right create a bit of mystery and desire to see the evidence and they will don't

19:20

ever start with evidence worst thing you can do

19:25

a good prosecuting attorney takes the judge out to lunch

19:31

before the trial you get what i'm saying he's not just going to waltz in there

19:36

and start presenting the evidence in a cocky way he's going to create the relationship what's he doing he's massaging the heart

19:44

he's preparing the mind to hear the evidence if the judge shows up that's like

19:51

someone asking you the question and this by the way is like the the point in how

19:56

to share the gospel which is dropping the bait if they don't bite on this you walk away

20:02

okay but most often if you do this step right okay and it may not be that they're a

20:07

cult okay but they may say whatever negative thing always was sort of i can understand i

20:13

totally understand i i get it i would probably completely if i was the shoes were i would totally listen i was a

20:19

baptist for 27 years i know mom i was baby jesus four times

20:27

you know rule number four show them the

20:34

value so rule number four show them the value

20:39

this is critical no one is buying a car without driving it

20:45

you should you you have to create the value so what do i mean by that when you're sharing your faith with

20:51

someone you're sharing something you gotta you gotta tell them why it's valuable to you

20:57

they don't care what the theology says listen most christians don't even know what the

21:03

bible says most of us don't i would bet most of people in this room

21:09

probably don't have 10 verses memorized right off the top of their head and that's not a put down that's just how we've all grown up

21:16

we've not been taught the value of scripture

21:21

they valued it in the first century paul had the entire torah memorized word for word young boys were raised with memorizing

21:28

the torah all so that they could be an apprentice to eventually be a rabbi

21:34

the value system was different so you have to show them the value and

21:39

how do you do that you do that by emphasizing your experience

21:45

so it starts off like this it says you know when i was keeping the shabbat

21:51

you know this whole sabbath thing i know it sounds crazy but you can't imagine the difference in my family dynamics

21:58

since we've been doing this you know uh you know cindy normally goes out on friday nights with her friends but since

22:04

she's been staying home we've created we've reconnected in our relationship and just having that dinner in that absolute guaranteed time has radically

22:12

transformed our love for one another the time that we spend with one another we're nicer to one another we spend more

22:18

time in the word how does someone argue that

22:24

but see if i start off and i go and you know hebrews chapter three and four it says that you know therefore there remains a sabbath they rest in the in

22:30

the sabbath in the garden blah blah blah i mean they first of all they're not following you because they're emotionally upset

22:38

ask any woman that gets upset she doesn't hear a single thing her husband's saying amen ladies

22:44

if husbands could just get that right stop being logical when i'm emotional

22:50

you need to get a sign and hold it up the next time you have an argument stop being logical i'm emotional

22:57

then your husband will have one stop being emotional emphasize your experience your testimony

23:04

is so powerful share what god has done in your life

23:10

one of the saddest things that i've noticed in in some circles is that they get stuck on this because really

23:17

god hasn't done anything since they've been doing it because they left the holy spirit a long

23:22

time ago and their hearts never changed all they did was change one tradition for another

23:28

but if you truly have the holy spirit living inside of you you should have tremendous stories and  
23:34

experience of how yahweh is changing your life through the things that you're learning

23:39

and ladies and gentlemen trust me 75 percent of time you will not have to

23:45

even get into the scriptures they're going to want to know more you know why because

23:51

behind the smiles and the plastic they're hurting too

23:58

and their cindy's not coming home and johnny is not doing good things

24:04

and husband is distant everyone's looking for an answer

24:11

but amazingly in the midst of their pain no one wants to admit that they're doing anything wrong

24:16

and so you're bringing answers to people but you have to do it in such a way that makes them want

24:22

to know more and there's your personal testimony

24:28

before keeping the sabbath we hardly ever had dinner as a family or took an entire day out to honor god and spend time with one another but ever since

24:35

we've been setting aside that day to bless my family it's been truly amazing on every level how it's changed us and

24:40

brought us closer together and that's my testimony you can write yours however you want about whatever it

24:45

is i know people that they stopped eating unclean animals and they got healed of diseases

24:52

i mean unbelievable testimonies just from from doing that body's not made to eat toxic things

24:59

stop drinking bleach you'll probably survive god is a brilliant when he gives us

25:05

instructions rule number six and we'll spend a little bit of time on

25:10

this one ask thought provoking questions and don't make statements

25:17

okay this is a big mistake that i made for years is making statements i'm an apologist i'm an i'm a knowledge guy

25:22

right i'm a gnostic i love knowledge i love interesting facts and figures i can't

25:28

remember what i had for lunch but i'll remember every fact and figure i saw that day and so i will approach i used to

25:34

approach people this way it doesn't work stop making statements ask thought-provoking questions provoking

25:40

questions so i'm going to go through a few of these i'm going to have all these on a handout for you next week

25:46

so you don't have to write these down but you can if you'd like if you want to get a head start

25:51  
but this is what i would i just wrote down a few in different categories okay so in the dietary categories there's

25:58

really just several categories that are really good that get people interested so if your conversation turns towards

26:04

the dietary this is some of the questions that i like to ask i rarely make statements questions are powerful

26:10

you know what i got this method from this is the socratic method how many members socrates

26:17  
okay okay socrates all right socrates he said the best way to answer

26:23

question is with a question the best way to move people is to make them

26:29

answer it in their head okay what color is my shirt

26:34  
every one of you just said white because you can't help but answer a

26:39

question it's not possible to not answer a question in your head okay what is one plus one

26:49

see some of you think out loud all right so here we go

26:55

some of the questions i asked does it seem logical to you that the day before jesus died it was wrong to eat unclean

27:01

foods like pigs but the day after he died now we're free free to eat all the toxic animals

27:08

did jesus die for pigs and by the way you're talking to family that don't know yeshua so use jesus it's

27:14

not going to kill you okay you all got saved under his name anyway right okay so

27:22

that's a good question and this one single question has caused theologians that i've talked to to be stumbled

27:28

wait a minute so you're telling me the day before jesus died we can eat pigs but the day after we can't

27:33

how does dine on the cross make a pig clean doesn't make sense to me does that make

27:39

sense to you [Music] there's no answer for that but these are

27:44

good questions i like to ask if jesus died so we can now eat what the bible calls unclean animals

27:50

then why was it not okay to eat unclean animals in the garden of eden

27:57

so in other words god gave the laws of clean and unclean in the garden

28:02

we know that because noah put unclean and clean animals on the ark he's only three generations removed so there was

28:08

clean and unclean in the garden if we're not supposed to eat

28:13

unclean animals or we can eat unclean animals now then well why did

28:19

you see where i'm going with that so it just makes them think a little bit i like to use a lot of garden of eden

28:25

examples okay so now let's move to the sabbath

28:30

real quick here have you ever wondered why all of us grow up believing we should keep the ten

28:36

commandments but none of us actually keep the sabbath the way that he commanded

28:41

and normally that will bring a question like this well what do you mean that we don't keep the sabbath the way he

28:46

commanded almost always it will incite that particular question will incite another

28:52

question and then they're inviting you to give the answer well the bible says that it's on the

28:58

seventh day and uh and most christians actually keep it on the first day

29:03

uh and and i didn't even know why but i was doing my homework and i found out that it was actually changed by the roman

29:10

emperor constantine in a vote and anybody that kept the sabbath on on

29:16

saturday like the jews did according to him would be excommunicated from the church did you know that

29:23

you see when i'm witnessing to someone i'm doing it exactly with the voice inflections that i just did

29:29

i'm in conversation mode i'm not in con condemnation mode

29:35

does that make sense totally different story i like to come from the perspective of

29:40

did you know this like blew my mind when i was doing my homework on this i i studied this and i've never seen this

29:46

before have you ever heard this before

29:52

if we say the fourth commandment is not that big of a deal and that it's spiritual because jesus died on the

29:57

cross then why can't we say that committing murder is now committing spiritual murder

30:05

and children no longer have to to honor their parents physically now they only honor their parents

30:11

spiritually how does that work have you ever thought about that john

30:18

i mean seriously if we're going to say that the fourth commandment we don't have to physically do it anymore we spiritually do it

30:25

then then how come we can't use that same philosophy for the rest of the commandments because it seems it seems like we're picking a

30:31

jews and then this is a good question right it's a logical question it gets them thinking

30:38

okay and this is of course my one of my favorite ones about the sabbath so he gave the sabbath in the garden

30:43

before man sinned and clearly intended it for it to be forever

30:49

then man sins and has to work harder and needs the sabbath more than ever

30:56

then god writes the sabbath down and emphasizing in the top ten

31:02

then jesus dies on the cross gets rid of one of the top ten commandments that he said was made for our benefit that was

31:07

originally given for eternity then when he comes back he reinstitutes the sabbath and say that everyone has to worship and on that day

31:14

so i'd say okay wait a minute john i know you probably didn't follow me on that but just so man has got to keep it in the garden

31:21

and he doesn't really need a whole lot of sabbath in the garden because he's just tending he's not even having to do a whole lot of work but after he sins he

31:27

really needs the sabbath and god takes it away from him when yeshua comes something doesn't seem right you'd think

31:33

that he would be going to re institute what was in the garden and he never intended for man to sin which means the

31:39

sabbath was intended to be forever so how can we get to say when we keep it and when we don't keep it what's going

31:46

on there they're just good questions that make people think if the actual day is not important then

31:53

why did he create it in the first place on a day and why does he require require it of us

32:01

in the kingdom did you know that in the book of isaiah in the book of zechariah when the millennium comes he

32:06

requires us to keep the sabbath well if it's not important for a

32:12

specific day then why does he say we have to do that in the millennium of all times that you would think that if the

32:18

spiritual would be more important than the physical you would think it would be then but he says that the day is important

32:26

so how much more would it be important today and does it make sense that he would give it take it away and then give it

32:32

back and then we get in trouble if we don't keep it

32:37

again just good questions when you get in conversation some of you will talk to your relatives and maybe they're theologians or maybe they have a

32:43

seminary background remember they've been in church their whole life and they know a lot of scripture i'm telling you these questions are very

32:48

thought-provoking questions that will get them to think statements don't get people to think

32:54

but dialogues do all right so let's talk about the feast days for a second and this is i love the

33:00

feast days when i don't have to read any of these these are all committed to memory but i'm going to read them anyway for your sake says did you know that all

33:07

the feast days that god gave to his people are all about the first and second coming of christ i love starting

33:12

with that one because what have i done i have just i'm talking about jesus this is what they

33:17

want to talk about right they don't talk about law you start talking about jesus and you're going to open up their eyes

33:24

so my first question is always did you know that all the feast days of the bible are all about the first and second

33:30

coming of jesus i've really done two things there i'm talking about jesus and i'm also talking about the first and

33:36

second coming of christ which everybody loves talk about and they go what do you what do you mean well

33:42

they're divided into two groups this is stuff you have to memorize you've got to know this this dialogue i'm about to share with you they're divided into two

33:48

groups the spring feast days are about his first coming and this fall feast days are all about his second coming

33:55

every feast day something incredible happened he died on passover most people know

34:01

that but most the rest of them don't know that he's buried during the feast of unleavened bread that he rose during the

34:07

feast of the first fruits right when the high priest is waving the sheep offering right when the sun comes up

34:14

yeshua is rising from the dead standing before his father and asking for the great harvest in the fall just like the

34:20

high priest is asking for yahweh to bring a great harvest in the fall and the holy spirit comes down on the

34:25

feast of shavuot but in greek it's called pentecost which is why we we talk about the holy spirit coming out in pentecost now what you did is they had

34:31

fragments of that information their whole life you just put it all together in one sentence for them that the feast

34:37

days or when it all happens and that's what i say can you believe this we've been baptist our entire life no

34:42

one ever taught us this the the feast days are so prophetic and so

34:48

important to god that he did nothing on the first coming of his son

34:54

outside of them everything around jesus happened on these days

35:01

so then that's the first four feast days we're fulfilled through his first coming

35:06

but the last three are prophetic concerning his second coming by the way i'm gonna go just a ten second rabbit trail for those of you that get into

35:12

these the deeper conversations when people say it's it's all fulfilled on the cross we don't have to do anything

35:18

that's fulfilled this is where i go okay sir i'm going to give you that

35:23

let's just pretend you're right it's all everything is fulfilled on the cross

35:31

so would you say that anything that's not fulfilled we should still do absolutely okay

35:38

the last four last three feast days have not been fulfilled

35:43

so okay you don't have to celebrate the first first four but what about the last three that are all about his second

35:48

coming and they say what are you talking about the first one in the fall is the feast of trumpets this is when the kings

35:54

of israel were inaugurated when the jewish people expected the messiah to return they still today expect the

36:00

messiah is going to return on yam torah the blowing of the trumpets the dead in

36:05

christ shall rise at the sound of a trumpet sound familiar why do you think the gospel writer said that the sound of the

36:12

trumpet why did paul say that because he knew the messiah is expected to come back on the feast of trumpets

36:20

it's not a coincidence then the wrath is poured out during the next 10 days these days in hebrew called

36:26

the days of all then it's it is the highest holy day of the year yom kippur the day of atonement

36:33

and judgment where the rabbi said the final door for repentance is shut in this day when the messiah comes back

36:39

we're both on the same we've all watched you know left behind coming out in a movie theater near you soon

36:45

whether you agree with it or not the reality is true there's going to be a rapture i don't care when you think it's going to happen but yahweh is going to

36:51

catch up his people into the sky and there will come a day when the door will be shut that day

36:57

in hebrews called yom kippur that feast day then five days later is the most joyous festival of the year the

37:04

festival of tabernacles at the feast of sukkot this is the end of the year harvest in the hebrew culture this eight day feast

37:10

is associated with the wedding of the king mr mrs christian do you remember the scriptures when talks about the marriage

37:16

supper of the lamb this is what it's talking about first he comes feeds the trumpets then he judges yom kippur then

37:23

he feasts with his bride now you're talking about their language and they're listening to you glassed

37:28

eyes because they've never heard anything like this before in their life since all of these are about jesus and

37:35

the entire bible revolves around these seven feast days have you ever wondered why the church has taken these away from

37:41

us and replaced them with holidays that come right out of paganism okay now we're

37:47

starting to tread a little bit on thin ice here but see i just spent a lot of time with

37:52

this individual and they're dialoguing with me they're listening to me and i'm going to tell them can you imagine how

37:58

amazing all these are that we've never heard any of this our entire life how is it possible that god's holy days that he

38:04

says are his not the jewish people that he gave them to all of us from the beginning of time

38:09

have been taken away by by the catholic church and replaced with holidays that come right out of paganism

38:20

even the very name now this is where i have earned the right to go where i'm going to go here

38:26

and every time i've done this and cheryl will tell you because she's there a lot of the times i was just at the national

38:31

religious broadcasters convention and and she'll tell you and and it just frustrates me because i wish i had a

38:37

full-time recorder on my life because it would be so awesome for you guys to hear a real dialogue of how it

38:44

happens at least how i do it you know cheryl was looking for a place to eat lunch and there was lots of tables uh

38:51

packed and there was one table where people were getting up so she went over and my wife was normally not like this at all but she just kind of grabbed this

38:57

table said sir can we sit down with you and eat and i'm like wow my wife is that's that's not like her you know but

39:04

i suppose she was hungry so there was another gentleman that was sitting the table it was just a small round table and we sat down there and we started

39:11

talking you know what do you do and what's your name and where are you from and next thing you know you know i'm i'm

39:17

throwing out bait i want to know this guy's from hollywood california he's a movie producer he's worked on this movie

39:23

and that movie and all kinds of shows and espn stuff and and so i'm throwing out bait to see you know where is he at

39:28

on his religious spectrum and pretty soon i'm going through this list

39:34

and this is where i ended up but i earned the right to get here i didn't start here

39:39

and i s and we talked about the holidays and i said this even the very name easter is the very

39:46

ishtar of the bible have you ever heard of the ishtar in the bible or astarte you know ishtar yeah yeah i think so yeah you

39:53

remember we talked about the high places of baal this is it this is bale's wife

39:59

her name is easter in english the bare breasted fertility goddess of the sunrise the wife of baal the sun god

40:06

not saying that there is no value in easter see what i'm doing instantly calming his emotions down not

40:12

saying that there's not any value in easter okay there is it's much but there is some value okay

40:19

because it is talking about jesus and them crucified but i'm not taking anything away and i'm letting them know that

40:25

at least we mentioned the death and resurrection of our lord but it seems to me that we have traded the real thing for a watered-down version that's full

40:32

of pagan traditions think about it the only two holidays that we keep now are filled with egg-laying rabbits a santa

40:38

claus with elves that can be traced back to babylonian sun god materialism and greed and us saying to each other happy

40:44

ishtar having no idea what we're actually saying and every parent having to go into a 10-minute discord before

40:49

stating the truth that this holiday is not about the eggs the easter bunny santa claus or the elves the presents what's in the stockings are all the debt

40:55

we just accumulated on black friday trying to make you happy

41:04

and then you know what he did i didn't quite say it so dramatic this is just for illustration purposes

41:10

but i have done that it just depends on how much credibility that i have uh mustered up in that moment

41:18

but amazingly i talked about that and i told them about easter and i told them about the name i love going in the names

41:23

because they never heard it before and i talked about the dying of easter

41:28

eggs and the sunrise service and he pulled he he reaches first pocket

41:33

and i'm like oh no comes a gun right pulls out this big old phone and he says

41:39

you know what he's like i'm a radio broadcaster he said can we do a selfie right now he's like i want to take my

41:44

picture with you first of all and then i'm going to interview you and so he interviewed me live  
41:50

right there on his program and he wanted me to he said he said hey everybody out there  
41:55

this is blah blah blah and uh and i'm here at the national religious broadcasters with a very  
interesting guy i just met at lunch

42:01

interesting is the key word there and he says you're not going to believe what i just learned at  
lunch today well

42:07

i don't know what you learned at lunch but this is what i learned and he said jim can you just tell  
us what what each where easter comes from

42:15

and what the name means and i did right there and we had like a six or seven minute interview  
went back

42:21

and forth and he closed it up and he goes man i never heard anything like this but all of my fans  
are gonna

42:27

my facebook is gonna blow up when i put this on there and he's like and i can't wait to see  
42:33

their responses you know and what it did was it create

42:39

intrigue because i wasn't trying to convince him of anything i just was creating questions and say  
42:45

man i feel like defrauded a little bit did you know this this is amazing this is this is uh this is  
interesting

42:52

information everybody loves interesting information nobody wants to be convinced of anything  
42:58

and you know what by the way this is a hint for and for for for for those of you taking notes  
43:04

if someone begins to look to the left or the right of you they're done

43:09

little trick okay if you're maintaining eye contact they're interested the moment they start  
43:15

looking to the left and the right they're trying to hint to you i don't want to talk to you anymore  
43:20

but i'm too nice to tell you that so i'm just going to keep talking let you talk while i'm looking  
over somewhere else

43:27

yeah all right okay so that's just a little trick

43:33

all right so here we go you got to know these facts i really like truth or tradition whoever  
43:38

did that did a really good job that's the editors really uh but it is

43:45

become the most popular teaching to get people to understand the roots of their faith and so you should use it and it should be like a calling card i'll never

43:51

forget a lady called our our line years ago 76 year old lady someone had put truth or

43:57

traditions on every doorstep in their subdivision no they were chicken they didn't tell anybody who it was they just they did it

44:04

like at one o'clock in the morning or something you know but she said i don't have a clue who put this on my on my doorstep and we're you know thought when

44:11

we're in big trouble and she said this is the most amazing thing i've been catholic for 50 years 50 some odd years

44:17

and this has radically transformed my life i want to buy everything in your marketplace i want to start learning more about this stuff

44:24

so that teaching really works and so i use if you haven't figured out i've used a lot from truth or tradition as the ice

44:32

breaker and so i encourage you to go back to truth or tradition and write down some of the facts that stuck out to

44:38

you because those are the facts that are going to stick out to someone else and here's a couple of them did you know that it was illegal to

44:45

celebrate christmas in the original 13 colonies and that it wasn't even declared a fellow holiday until 1870

44:51

because of the emphasis on materialism and the pagan origin that gets people's attention when you

44:57

say do you know is illegal to celebrate christmas in the united states they go what are you talking about what planet

45:02

are you from yeah man 1870 was when it finally got ratified as a federal holiday before that it was constantly a

45:08

debate over it and in the colonies you could get in big trouble if you were found celebrating christmas

45:15

what are you talking about yeah give them the facts know your your facts it makes a big difference all you're trying to do by the way

45:22

you're not trying to bulldoze their house you're trying to crack one crack in the foundation

45:28

i'll never forget it stubborn arrogant prideful gym 12 years ago walks into a bible study with an nasb bible under his

45:35

under his uh his arm only for show because i thought i knew all of it by heart

45:41

and i walked into a lion's den thinking that i knew what i was talking about and they smoked me on every topic that that

45:47

we brought up until 2 30 in the morning and i never gave them this is jim staley

45:53

by the way your pastor i never gave them a clue

45:59

that they were running all over me cracking every foundation that i had

46:04

they're not gonna let you know because that's pride you see i can't let

46:09

them know that that you know you just totally killed my entire those four years of that church you know and

46:17

six years of that denomination down the road with that one answer that you gave i'm not they're not gonna let you know that so don't let emotion fool you

46:25

i give i gave a lot of emotion and look at me today now teaching the very stuff that i yelled at them about

46:32

did you know that jesus wasn't born on december 25th and that december 25th is

46:37

actually the birthday of every pagan sun god that's ever lived in every culture that's when they celebrate the sun god's

46:44

birthday i don't care if it's in south america or if it's all the way over in spain or in the middle east in

46:49

egypt that's when the birthdays of the sun gods were december 25th has nothing to do with

46:55

jesus that was only changed so that the the

47:01

the pagan sun god worshipers in rome it would make it easier for them to convert to christianity if they let them keep

47:07

december 25th as uh as the day of the sun god and they just switched the sun god to be yeshua jesus

47:17

so those are just a few questions on a few different things and again we will have those all printed out will that be

47:23

helpful for you okay for those of you that care now some of you that's not your deal is

47:28

evangelism you really should care because i'm telling you every single person is going to be put in a situation

47:34

where you have the opportunity to bring some someone closer so at least memorize one just one question okay and and

47:42

here's how you do it this is just not your gifting okay for me it's natural like like breathing you know air sharing

47:48

for me is just i love it it's natural it's just it's the gift that god gave me it has nothing to do with me it's it's

47:55

his gift but it's what i love to do so for me it's easy but for you it may not be okay i'm not very good at some of the

48:01

things that you guys do and so but what you can do is you can try and just learn one question

48:07

and then hand them a dvd give them a website link in other words

48:13

have a plan that's all you have to do and it's so easy because you know what they don't have a plan

48:20

they have no idea what you're going to do so if you just have a very simple plan of how you're going to share believe it

48:26

or not you will be more successful in in taking this information to your

48:32

family to your friends for those of you that are watching and you're just now coming into your christian roots maybe

48:37

you just watched this for the very first time and you're just coming into your roots maybe some of these things challenged

48:42

you well this is what this is all about is to take the challenge and then give them the information that you were given

48:49

let them make the decisions on their own don't argue with them because trust me

48:54

my first time they argue with me till 2 30 in the morning they didn't know they had already converted me i was on the

49:00

way to conversion why because they had cracked my foundation through the truth of god's

49:07

word and because i have the holy spirit living inside of me i couldn't walk away from that  
49:12

how many of you when you watch truth tradition you just can't walk away there's no way if you  
have the holy spirit living

49:18

inside of you you can't walk away from truth for very long it bothers you and nobody needs to  
even

49:25

tell you because the spirit is really good at it okay

49:30

all right i want to take uh just a couple of minutes here and if you have any questions

49:37

um i want to do that i want to take i want to take some questions from the audience

49:42

maybe something that you've you've struggled with or maybe a conversation you just had this  
week with someone and

49:48

if you don't we'll we'll move on i know it's been a little bit long night but i do want to offer that  
opportunity we don't do this very often so

49:54

um think of your question if you have one off the bat this is a good time to do that

50:00

yes sir go ahead

50:11

if they the question was if they start a debate and they want to debate with you okay if they want  
to debate with you

50:17

that's a great sign okay it's a really good sign because if someone wants to debate with you

50:22

normally there's an emotion there where they feel vulnerable they feel like something's being  
taken away from them

50:28

which is really good because that means that they value the scriptures and they can't god can  
actually work with that

50:34

person so what i do when i'm working with someone like that is i'm not going to debate listen i'm

50:40

not here to debate you i'm not here to convert you you know this is this is the conclusion that i  
came to based on the information

50:46

that i looked at if you want to look at some information you know that i looked at you're more  
than welcome to i

50:52

personally if it's if it's something that you're really good at at doing then yeah then dialogue with  
those scriptures

50:57

stay in that attitude keep keep talking them down out of debate mode and when they mention galatians you know

51:03

ephesians chapter two or whatever you can give them another perspective and just continue to go on uh with that but

51:09

if it's not your deal hand them something okay listen i'm not trying to debate you i'm not trying to convince

51:14

you this is just something that i've seen because of the information that i've looked at and and send them to somebody else or

51:20

send them to a website or or to a teaching but if you have enough knowledge then absolutely begin to talk

51:25

to them and dialogue with them yes sir steve yeah let's use a mic that's a good idea

51:40

the difference between okay the difference between leading somebody to christ and being an evangelist

51:45

okay well an evangelist would be a role that that would be a a position or a gifting that god gave you and that's

51:52

just what you do anybody can lead someone to christ but an evangelist will eat hundreds in the course of his

51:58

lifetime maybe thousands because that's just their dna is to evangelize

52:03

they find themselves doing it all the time anybody else

52:10

have any questions

52:17

okay what do you do when you when you give them the theology and they reject it okay well i don't know how the

52:24

theology was was presented so uh you know because i don't like to present theology i like to present questions and

52:30

so maybe you could go back let me just give you a perfect example of how theology doesn't work and how emotions

52:37

are so powerful actually jim reilly has a phenomenal story of a family member that was totally

52:43

against what he believed because he was in the hebrew roots movement at the time

52:48

then as god began to move us out of the hebrew roots movement and and into the christian roots of our faith

52:56

he took the challenge that i told him to take and he went back to his family member and said hey uh i just want to

53:01

let you know we've left the hebrew roots movement of which his family members said does jim staley know this

53:07

and and he laughed and of course and jim began to share with him and and all he said was yeah we're now moving into the

53:13

christian roots of our faith this family member completely freaked out and is now keeping shabbat

53:20

seven years wasn't it jim can you turn his mic on please

53:28

they might have turned it off so for seven years they completely fought him and now they're they're eating clean

53:34

they're keeping kosher they're beginning to follow the front of the book with the spirit of the back of the book and all

53:39

he told them was that we're not in the hebrew roots movement anymore

53:46

what's that yeah and so what that is what that tells you

53:52

is that it was all emotional it wasn't theologically based seven years he debated with him with the

53:59

scriptures very intelligent young man and had nothing to do with theology had to do with a feeling

54:04

that he had which by the way is why you know moving into the christian roots of our faith that term alone really helps set people

54:11

free from this enigmatism that's found in other movements so again over and

54:16

over and over remember it's not about theology it's about emotion theology always comes

54:23

second okay so if someone finds themselves in a dialogue with you and they can keep themselves then you can go

54:30

into the scriptures and you can debate the scriptures and i do as long as we're in a healthy dialogue where they're

54:36

interested i will not be dragged into a debate where i can tell right off the bat there's nothing i'm going to say

54:42

that's going to change their mind that's intellectual ping-pong match i'm not going there that's a waste of time

54:48

but people that are truly interested i'm going to share anybody else

54:56

yes

55:04

was a natalya i was focused on how to bring

55:10

how to bring unbelievers to salvation to christ and when we came to know christ and his

55:25

[Music]

55:33

how because i i see now movement in in

55:38

christian roots movement all we do just focus uh on how to bring christians and

55:45

we less focus how to bring unbelievers to salvation because we're always in those

55:51

debates in those conversations discussions and this and this we are trying to save christianity now this is

55:59

exactly why i'm teaching this that's why i taught what i did last week is because we have we need to start sharing the

56:06

gospel of our faith listen you have got to have an entire full roundedness to who you are if you have

56:13

no ability or you don't have a heart for the loss you don't have the heart of the father because yeshua said i've only come to

56:18

seek and save that which is lost okay but the reality is is it doesn't matter

56:23

if we call it torah if every christian does the same thing so if there is a christian helping another christian

56:30

that's caught in pornography that's what they're doing they're helping them draw them closer to god so for those that are

56:36

walking in the light of god's love and his law well we want to help our

56:42

brothers and sisters with the issues that they're having and they might be solved by doing some of these things

56:47

that the bible says brings blessing so everybody's doing the same thing but you can't do it

56:54

one to the to the exception of another you can't leave out uh giving the gospel

56:59

and only want to uh you know share this faith and you can't give the gospel only

57:06

does that make sense it has to be a full spectrum anybody else before we hang it up yes ma'am

57:20

what would you say to somebody who feels that all religions are the same that they all have the same god we all

57:27

worship the same god doesn't matter how you do it doesn't matter what the

57:33

name is how would you talk to somebody that feels that way

57:38

okay my answer to that off the top of my head uh would be

57:43

do you believe sir in truth okay so if you believe in truth then who

57:50

gets to define that because one religion says that this is true and another religion says this is

57:56

true so if you believe that all religions are true then it that's that's a contradiction of

58:03

terms because they're both saying one says it's okay to kill and one says it's not okay to kill

58:10

so what you're saying is that really truth is there is no truth in other words

58:15

universalism or uh humanistic universalism everybody makes up whatever they want

58:21

their own mind and so deep down to answer your question it's impossible when people are actually think through

58:27

that they don't really believe that they don't really believe that all religions you know lead to god and that that it

58:32

doesn't matter what god you serve or whatever they don't really believe that because they deep down do believe that

58:38

there is truth because otherwise if they say that there is no truth well then sir i can kill you

58:44

and you really shouldn't have a problem with that right i'm getting tempted as we're having this

58:50

conversation no uh but i like to lead people to that always

58:56

i want to talk about truth because if you can narrow someone down on on truth now we have to go down to a funnel if

59:04

they admit that there is such thing as truth now we have to figure out who gets to define that

59:10

okay and uh who gets to define that is now we're going to get into history archaeology and i'm going to prove

59:17

personally this is my apologetic background but i'm going to prove personally that christianity has

59:23

the highest rate of potential of being the most truth because it's the only

59:29

book that any deity ever wrote where the things that he wrote about we

59:35

can find and proof and the only book that has prophecies

59:40

built into it 200 prophecies about a guy hundreds of years before he ever showed

59:46

up that actually came true there's no other book that has that so

59:52

first i would say we have to find a book that even competes with the the god of the bible so then i say well if you

59:58

believe in truth and i can prove to you that this book is the most true book of all religious books

1:00:05

then that means that the one that wrote the book or the deity that's being talked about is the true god and then if

1:00:12

we believe that he's the true god and it's his truth or his definition of truth that matters then i probably

1:00:17

should do what he says if he's the ultimate deity so whenever i'm talking to somebody

1:00:22

about that i'm going to go into truth and i use that for almost well i mean everybody

1:00:29

because truth is important anybody else okay

1:00:39

five four three i see that hand

1:00:56

uh how do you respond to a loved one who keeps harassing you and sending you

1:01:02

videos and arguing because you want to

1:01:07

i mean you want to answer questions but you know what they're how they're going to respond yeah so so they know what you believe

1:01:14

and they're sending you videos trying to woo you back right is that is that what you're saying

1:01:23

okay so there okay so first of all that's a compliment they value you

1:01:28

they think you're in a cult so based on what i just taught you what are you supposed to say

1:01:36

is it your mom or dad or a family member okay brother listen i totally can understand why you keep sending me these

1:01:42

videos and you think that i'm a cult even though you haven't said that i know you're thinking that and so i probably

1:01:47

would think the same thing and i appreciate you trying to save me but based on the information that you have i probably would think the same

1:01:53

thing but if you saw the things that i saw

1:01:58

you might come to the same conclusion that i came to that's all you're going to say

1:02:05

because if he's a person that's pushing literally you're going to copy and paste that and every video you're going to

1:02:11

send that same thing back it's going to drive him crazy until he says fine what is it that you keep looking at that i haven't seen

1:02:19

and then you send them through the tradition and you watch them squirm

1:02:25

honestly i'm i'm not being funny i'm telling you this is this is a strategy that i use don't let them take you on

1:02:32

rabbit trails i stick to what i want to talk about so they send me videos i copy and paste the

1:02:37

same response i'm sorry that you feel that way i totally understand how you would feel that way i would feel the same exact way but you haven't seen what i've seen

1:02:43

in the tenth time that he receives that he's going to ask me yes

1:03:12

okay so her question was is that a lot of catholics will say that you know our popes were traced all the way

1:03:17

back to the apostles technically what they'll say is they'll actually go back to peter um and no

1:03:22

other religion can claim that well i actually got into a very long debate uh

1:03:28

with the the father-in-law of the gentleman that owns my house when he was moving during his lunch i threw out some

1:03:34

bait and he bit and so we had an hour and a half conversation uh on shabbat

1:03:40

and this was exactly the the issue this is your so you've had conversations with

1:03:45

someone because this is where they will go and my answer was sir when you're quoting from the gospels when it says

1:03:50

that upon this rock i will build my church are you sure that you're interpreting that properly because uh

1:03:57

the word there is uh uh is is is petrus okay it's

1:04:02

upon upon this rock meaning big rock so he says peter you are rock you are

1:04:10

kephas you're little rock but on this rock i will build my church

1:04:15

and so i said sir there's no way in the in the language that you can prove that

1:04:22

that yeshua that jesus is placing his hand on peter's chest i mean that's what you're assuming

1:04:27

you're assuming that he's saying to the entire crowd upon this rock i will build my church

1:04:34

but he could have just as well went upon this rock i will build my church keith kephas you

1:04:40

are petrus you are a stone but upon this rock i will build my church

1:04:49

and i said sir if you are basing your entire religion off of one verse that's ambiguous that you cannot prove because

1:04:56

we mel gibson has not made a movie on it yet there's no way

1:05:01

that you can bank on that okay and unbelievably this this he was a catholic theologian

1:05:08

and an apologist and and and his son-in-law which owns my house warned me

1:05:13

don't talk to my father-in-law whatever you do you'll be talking for hours and he's really good

1:05:19

that only challenged me i was like he didn't even know what he was talking about so but that is a

1:05:24

my instant response to a catholic is to say you can't prove linguistically that

1:05:30

he's talking to peter but we do know that the president of the council in

1:05:35

jerusalem was james the brother of yeshua and he was the one in charge peter was never in charge it was james

1:05:43

and so i always will point him right back to that we know historically james was in charge of the council in jerusalem and it did not go to peter

1:05:50

so if peter's the first pope why was james over peter that really messes with their theology

1:05:58

okay because we're all parrots of information that we've been told okay

1:06:03

we could go on forever for sure but let me just take one more if anybody has one more question we could do

1:06:09

if if not we'll just go eat yes sir

1:06:18

a lot of the videos complement each other but is there like a way to

1:06:24

like an order for for new family to watch them because like for example

1:06:29

um what's called law versus love and then get them into watching

1:06:37

and he rested so they need to understand why to follow the law like because

1:06:42

yeah there's grace but you need to understand why default so kind of all like

1:06:47

wraps around with each other or it all complements each other so is there like a certain order or an order

1:06:54

of the videos that would best is there listen uh no and yes

1:07:01

um we don't know i don't know your person that you're witnessing to or you're sharing with and you do the best and so

1:07:08

what i encourage people to do is is take the top ten and use those as as your

1:07:14

your your order um your your uh um your tools and then you pick it out based on

1:07:19

what the holy spirit says um unbelievably and i i still today don't understand why truth of tradition is it

1:07:26

scares me to give someone truth or tradition and i'm the one that did it okay uh because it's so volatile i mean

1:07:32

the information is so absolutely blowing you know in your face there's no

1:07:38

it's not like subtly tease you know it's not like you know subliminal message i mean it's definitely right there so i

1:07:45

don't understand but that one seems to be you know seems to be the one that cracks people's

1:07:51

uh nut because it it's just fact that you can't get away from it it's extremely referenced it's historical

1:07:56

it's like discovery channel you can like it or not like it but you know here's the evidence or here's not the

1:08:02

evidence so i really would just encourage you based on on what you know know the information

1:08:08

just like what i just showed you tonight when you get when you get the you know get the dvd or when you go through the

1:08:14

the cheat sheet memorize it know the information and then you can pull them out uh i just know the information so i

1:08:20

pull it out based on the situation i don't necessarily go through a cheat sheet i just know the information so if

1:08:25

you know uh the you know the teachings well enough then you can just hand them out based in the order that you feel

1:08:31

like the lord you know want you to go i don't even remember what's in law versus love but i've heard it's pretty good

1:08:37

so you know i don't even know if i would recommend it or not anymore no i'm just kidding okay well listen uh we could do this all

1:08:44

night and it is uh already 8 15. so um we're going to take

1:08:49

an offering and we're going to end the night with a pair of beautiful flutes

1:08:56

and so let's do that and i will pray as they were preparing for that and was this helpful tonight i hope so

1:09:04

i hope this gives you a little bit of tools a little bit uh more information to help those that are around you

1:09:10

and remember we'll end with the verse that we started with be prepared to give an account for the hope that's in you

1:09:16

but do so with gentleness and respect gentleness and respect is the key people love when you respect them and uh

1:09:23

especially when your family you got to tread on uh on on tight ropes there so father thank you so much for

1:09:30

um just this time that we've had together to be able to share and and learn lord more like a classroom setting

1:09:36

so that we could better share your word in the things that we learn with others in a way that they will hear it

1:09:43

father i pray you prepare the hearts of all the people that they're going to talk to this week and that you would move upon them

1:09:48

in yeshua's name god bless the offering lord that you're getting ready to take we love to give back to

1:09:54

you father it's a
