

0:14

so all right so tonight we're going to be talking about what's a title i've entitled end of the age jacob versus

0:21

esau we're going to be giving you really a road map or a context for what the entire bible is written from

0:28

and in these last days with the wars that are happening between israel and the palestinians and gaza and hamas and

0:34

the terrorists and everything that's going to happen in the future it is critical that you understand this very

0:41

basic teaching that i'm going to give you to show you that we cannot interpret profit prophecy from a 21st century

0:47

western greco-roman perspective we have to take it all the way back to its original route to its original context

0:54

and its original backdrop if we're going to really understand it otherwise we're going to end up with new ideas of what

1:01

prophecy is about who the antichrist is and most of us that are prophecy people

1:08

in the world in ministries are coming from a greco-roman 21st century roman

1:14

perspective and in order to true matter of fact 95

1:19

of all prophecy ministries on the planet come from the united states of america

1:25

and 95 of them do not even know about the feast days of the lord which are all

1:32

about the first and second coming of the messiah so how can we trust prophecy students

1:38

today or prophecy ministries today if they don't even take in consideration

1:43

the feast of god which all of them have to do with the first and second coming of the messiah so tonight is not going

1:49

to be a night where i'm going to go over the feast of the lord i already have a series called god's prophetic calendar

1:55

where i go over all those feast days probably 12 hours worth to be exact but tonight we're going to

2:01

focus on jacob and esau and how they relate to the conflict that's going on today in israel let's begin

2:10

first of all it is nothing other than a family feud how many have heard of the hatfields and mccoys

2:16

how many know that today we have the hatfields and mccoys we have jacob and

2:21

esau on the left you see the flag of israel on the right you see the islamic flag and we're going to talk about that

2:28

why those two flags are so critical they both contain stars

2:34

only one is legitimate let's keep going this is what we're looking at is two fighters in a round in

2:42

a ring going round after round after round now not to stretch things out but how

2:48

many rounds are there in boxing there are 12 rounds

2:54

anybody ever wonder why i don't know why maybe god's trying to tell us something there's one for each tribe of israel

3:00

at the end of the day we need to ask what is all the fighting really about why

3:06

do the palestinian people by and large hate the jewish people why

3:11

is there so much hatred towards this little bitty country the size of new

3:17

jersey that keeps giving away land for peace keeps uh

3:22

submitting to the world system and the and the delegations and the dignitaries and the united states and the united

3:28

nations and they keep ending up on the short end of the stick and the missiles keep getting closer

3:33

we need to find out what the fighting is all about because all of the fighting is end times related

3:38

it ends up in the great battle of armageddon it really is all about jacob and esau

3:43

genesis chapter 25 verse 20 says this and isaac was 40 years old when he

3:49

married rebecca the daughter of bethuel the aramean from padan aram and sister

3:54

of laban the airmen isaac prayed to yahweh on behalf of his wife because she was barren the lord

4:00

answered his prayer and his wife rebecca became pregnant the babies jostled each other within her

4:08

and she said why is this happening to me so she went to inquire of the lord and

4:13

the lord said to her two nations are in your womb and two peoples from within you will be separated one people will be

4:20

stronger than the other and the older will serve the younger now you know who he's who is

4:27

being referred to there is jacob and esau who is inside the womb of their

4:34

mother and they're wrestling and the first one that comes out is esau the

4:39

second one that comes out it's jacob so technically esau is the firstborn but

4:46

jacob is what's why it says the older will serve the younger

4:51

so that's jacob and esau but before we get to jacob and esau let's back up and talk about isaac and ishmael because now

4:57

we're all the way back to abraham genesis chapter 16 verse 11 says this

5:03

the angel of the lord also said to her you are now with child and you will have a son

5:08

you shall name him ishmael for the lord has heard of your misery he will be a

5:14

wild donkey of a man his hand will be against everyone and

5:20

everyone's hand against him and he will live in hostility towards all of his

5:26

brothers and so right here we get some characteristics we get some personality

5:31

uh descriptions of ishmael and isaac and how the relationship is going to go it

5:37

makes it very clear that ishmael is going to be a wild donkey in the hebrew there that is a wild ass that is not a

5:44

phrase uh it is not it is derogatory but it is a real animal that exists in the middle

5:51

east and so he is giving a description of ishmael based on the description of this

5:59

wild donkey of a wild ass and so we're going to actually show you the description of that

6:04

in just a minute so here we go here is the description of

6:10

a wild ass in the new in the the new testament or excuse me in the uh in the uh to knock times the old testament

6:16

times during the time of jacob most active during the night so

6:22

the wild donkey in israel is most active during the night

6:29

their territory marker is dung heaps

6:36

they tolerate intruders into their territory but consider them as subordinates

6:44

unlike other hoofed animals they don't flee from danger they investigate it

6:50

first and then decide what to do now if you know where i'm going with

6:55

this you're going to see that ishmael today is still fighting jacob and this

7:00

is the exact attributes that ishmael has today they're most active during the night

7:07

turn on the news their territory marker is dung heaps they tolerate intruders into their

7:13

territory but consider them as subordinates because they can they believe that they are the ones that hold

7:19

the birthright so everyone is subordinate to them

7:24

jews christians alike we're all in the same boat we are infidels

7:30

and other like other hoofed animals they're not as scared they're not scared of anyone they will investigate first

7:37

and then in wisdom decide what to do this will make more sense as we go along

7:43

genesis chapter 17 verse 20 says and as for ishmael i have heard you

7:48

i will surely bless him i will make him fruitful and will greatly increase his numbers he will be the father of 12

7:56

rulers and i will make him into a great nation

8:02

now what's really really interesting is if we had time to go through the actual blessing of isaac and

8:10

jacob it says jacob gave a blessing to his grandson ephraim remember this the

8:18

crossing of the hands from menasha to ephraim and it says what

8:24

it says that ephraim is going to be

8:29

great fullness of what the nations

8:35

there's a plural that it says that he is you're that israel is going to be great nations

8:42

that there is going to be a fullness into the nations but with ishmael there's going to be great nation

8:49

and that is hugely prophetic and very significant in these end dates here's

8:55

here's why is because right now there exists multiple multiple nations

9:03

in both the jacob category and the ishmael

9:08

category of all the arab states but what is the desire of the terrorist organizations

9:16

what is the desire of ishmael to have one state

9:23

called the islamic state and that's when this prophecy is going

9:29

to come right before your eyes and it's happening on the news right now

9:35

both isak and ishmael were prophesied to be great nations and who is ishmael

9:41

today ishmael is the father of the arab people of the arabian peninsula we can try

9:49

track and trace his genealogy they are the arab people

9:55

so here is uh where you see the middle east upper africa the mediterranean

10:01

coastline we're going to zoom in on arabia the arabian peninsula in case

10:06

you're not familiar with the peninsula this is it now we're into saudi arabia okay so the arabian people are they are

10:14

the people of ishmael so let me give you some statistics to

10:20

give you an idea of how big this prophecy is there are over

10:25

360 million arabs there's not even that many united states

10:31

americans this is 25 percent of the 1.5 billion

10:37

muslims worldwide as of 2009 so there's more than that now so of all the muslims

10:43

in the world the arab people make up 25 so not arab not all arabs

10:49

or are muslims okay many are christians and so on and so forth but 25

10:55

are arabs islam is the dominant religion of the arabs and is the second largest religion

11:03

worldwide next to christianity there are 2.2 billion christians that

11:10

claim to be christians worldwide there are over today 1.7 billion

11:17

muslims it's the second largest religion in 2000 there were approximately 1

11:24

million living in the united states today there are 7

11:29

million by most estimates some say 7 to 10 million

11:38

these are the arab states that you can see okay so you had the arabian peninsula

11:44

and then all the migration into the upper part of the continent of africa

11:49

and these are all of the arab states today look at all the ones that carry the

11:54

islamic symbol right there on their flag next week i'm going to be going into

12:00

extreme detail on where that crescent moon and that star came from what does

12:05

it mean and what does it mean today in prophecy you're going to see it

12:12

and you see let me just give you just a 30-second backdrop of the religion of islam and i know that this is not going

12:18

to be popular politically but i can tell you that us americans kind of get the idea that all religions are the same

12:26

they just have like a few different ideologies you know but really ultimately they all have some truth

12:32

built into it and they're all pretty nice they all just kind of want to get no islam is different

12:40

that religion is built from a position of superiority going back to

12:47

they believe that it was not jacob that was supposed to get the blessing it was esau not

12:54

isaac it was supposed to be ishmael and so from that perspective everyone is

13:00

supposed to die in that order they are the only ones that are supposed  
13:05  
to be alive so that the their prophet and the the mahdi and their messiah can come back it  
13:12  
can't come back according to their their theology unless we are all dead  
13:19  
our theology doesn't say that thus all religions are not the same  
13:24  
so it's not just another religion it is a religion that is against  
13:29  
mankind is a religion that ends in death this is why they do what they do  
13:36  
is because it is in their blood why are they trying to kill the jewish people and the christian  
people and why are  
13:43  
they beheading christians as we speak by the way they're the only terrorist  
13:48  
organization in the world that is beheading people and there is a prophecy about in the end days  
13:55  
that my people will be beheaded in my name did you know the only people  
14:01  
that do that are the islamic jihadists there's no other organization that does  
14:08  
that except for the islamic jihadist on large scales  
14:13  
not saying that there's somebody that gets beheaded every once in a while but this is their motto  
there's a reason why  
14:19  
they're doing this they're not doing it just to to uh uh  
14:24  
you know to have time on the nightly news this is embedded into their dna  
14:31  
to show this is our theology this is what we believe  
14:38  
and these are the organizations that are wanting to run it now what i'm going to show you here  
14:44  
right now is a seven minute video that gives you the idea and some context that will utterly shock  
14:51  
your system some of you have seen this before when i played this but this is a seven minute  
video that  
14:57  
gives you islamic demographics to show you where we're at today  
15:04  
with the spread of islam in the earth realm today in europe  
15:09  
you almost see it on the news every single night that islam and muslims are

15:16

taking over parts of europe protest every day now in europe

15:23

huge thousands and thousands of muslims and there's a reason for that you did

15:28

not see this 20 years ago at all in europe europe was white caucasian hands

15:34

down today it is not at all the demographics are changing and it's because

15:39

of this video [Music]

15:52

[Music]

16:04

[Music]

16:19

[Music] according to research

16:25

in order for a culture to maintain itself for more than 25 years there must be a fertility rate of 2.11

16:34

children per family with anything less the culture will decline

16:39

historically no culture has ever reversed a 1.9 fertility rate a rate of

16:46

1.3 impossible to reverse because it would take 80 to 100 years to

16:52

correct itself and there is no economic model that can sustain a culture during that time

16:59

in other words if two sets of parents each have one child there are half as many children as

17:06

parents if those children have one child then there are one fourth as many

17:11

grandchildren as grandparents if only a million babies are born in 2006 it's hard to have 2 million adults

17:19

enter the workforce in 2026 as the population shrinks

17:25

so does the culture as of 2007 the fertility rate in france was 1.8

17:34

england 1.6 greece 1.3

17:39

germany 1.3 italy 1.2

17:45

spain 1.1 across the entire european union of 31

17:52

countries the fertility is a mere 1.38

17:58

historical research tells us these numbers are impossible to reverse

18:03

in a matter of years europe as we know it will cease to exist

18:09

yet the population of europe is not declining why

18:15

immigration islamic immigration of all population growth in europe since

18:21

1990 90 has been islamic immigration

18:27

france 1.8 children per family muslims 8.1

18:34

in southern france traditionally one of the most populated church regions in the world

18:39

there are now more mosques than churches 30 percent of children ages 20 and

18:45

younger are islamic in the larger cities such as nice marseille and paris that number has

18:52

grown to 45 by by 2027 one in five frenchmen

18:59

will be muslim in just 39 years france will be an islamic republic

19:07

[Music] in the last 30 years the muslim population of great britain rose from 82

19:14

000 to 2.5 million of 30-fold increase

19:19

there are over 1 000 mosques many of them former churches in the netherlands 50 of all newborns

19:27

are muslim and in only 15 years half of the population of the netherlands will be

19:33

muslim in russia there are over 23 million muslims that's one out of five russians

19:41

40 of the entire russian army will be islamic in just a few short years

19:48

currently in belgium 25 of the population and 50 of all newborns are

19:55

muslim the government of belgium has stated one-third of all european children will

20:01

be born to muslim families by 2025 just 17 years away

20:08

the german government the first to talk about this publicly recently released a statement saying

20:14

the fall in the german population can no longer be stopped its downward spiral is no longer

20:20

reversible it will be a muslim state by the year 2050.

20:27

more more al-qaddafi of libya said there are signs that allah will grant victory to islam in europe without

20:33

swords without guns without conquest we don't need terrorists we don't need

20:39

homicide bombers the 50-plus million muslims in europe will turn it into a muslim continent

20:46

within a few decades there are currently 52 million muslims

20:54

in europe the german government said that number is expected to double in the next 20

21:00

years to 104 million closer to home the numbers tell a

21:06

similar story right now canada's fertility rate is 1.6

21:12

nearly a full point below what is required to sustain a culture and islam is now the fastest growing

21:19

religion between 2001 and 2006 canada's population increased by 1.6 million 1.2

21:29

of those immigration in the united states the current

21:34

fertility rate of american citizens is 1.6 with the influx of the latino nations

21:41

the rate increases to 2.11 the bare minimum required to sustain a

21:47

culture in 1970 there were 100 000 muslims in

21:52

america today there are over 9 million the world is

21:58

changing it's time to wake up

22:04

three years ago a meeting of 24 islamic organizations was held in chicago

22:09

the transcripts of that meeting showed in detail their plans to evangelize america through journalism politics

22:17

education and more they said we must prepare ourselves for the reality that in 30 years there will

22:23

be 50 million muslims living in america the world that we live in

22:29

is not the world in which our children and grandchildren will live the catholic church recently reported

22:36

that islam has just surpassed their membership numbers some studies show that at islam's  
22:42  
current rate of growth in five to seven years it will be the dominant religion of the  
22:49  
world as believers we call upon you to join the effort to share the gospel message  
22:56  
with the changing world this is a call to action  
23:05  
if that doesn't wake you up nothing will and although that video is several years  
23:12  
old now i think it's 2008 when that that video was made the numbers continue to rise and if the  
23:19  
birth rates remain the same then the statistics are just statistics birth rates can change and i pray  
that  
23:25  
they do but if they stay at 8.1 they will literally take over a  
23:30  
majority in so many countries across the world today we are seeing more and more  
23:37  
uh mosque more and more of of their religion growing and with that ideology  
23:42  
and with that politics it's only a matter of time  
23:48  
and i wanted to show you that how relevant that uh particular video is not only to this teaching  
but to your life  
23:54  
your children your grandchildren are going to see the reality of this that someday  
23:59  
i know it's hard to believe that if everything remains the same america will no longer be a  
christian nation  
24:06  
we will be the minorities and how many of you know even right now that we are starting to  
become the minorities  
24:12  
in some sectors you can't even get hired unless you're a minority  
24:21  
mentioning about the muslim brotherhood the good news about if there's any good news  
whatsoever in  
24:27  
the geopolitical realm is that the muslim brotherhood at least in egypt has been ousted  
24:34  
bottom line ishmael will become a great nation and will strike back at his brother  
24:40  
you see there's one thing that american christians have against us we don't understand the issue  
of patience  
24:47

we can't wait we don't understand time with the rest of the world uh like islam and even the  
24:54

country of china their goals start at 50 years

24:59

like our goals are like we have a one week goal a two week goal three month goal the chinese  
has a 50 year plan

25:07

because they understand how to take over world is different than in the days of

25:12

alexander the great where you just beat each other up you can take over a world by owning all

25:17

of the property and that's what's happening many of you don't know that we don't have time to go  
into that but

25:23

most of the assets inside of america are owned by other countries

25:30

do you realize that if someone owns the majority of the assets that you have in

25:35

your house that at some point they have the right to come kick you out

25:42

and that is about what is it to happen in the united states of america and in prophecy it's all  
setting up the

25:48

dominance to start coming right down the pipe let's keep going let's talk about isaac for a second  
we

25:55

know that isaac beca became the children of the promise israel which is made up of both the  
house of

26:01

judah the jewish people and the house of israel mainly christians

26:07

that are grafted into the olive tree we know that from jeremiah 31 the new covenant is with the  
house of israel in

26:12

the house of judah today the jewish people are very obvious they came back from babylon there's  
your southern

26:18

kingdom of judah but everybody else that's part of israel we have no idea who they are where  
they came from all

26:24

our bible tells us in the new testament is that your graph we are grafted in to israel

26:30

and so this is why when we have prayer for israel when israel goes to war and we and we and we  
keep modern-day israel

26:38

the jewish people in our prayers why are they so connected to the christian people because most christians don't

26:44

know that we're grafted into the same root we're grafted into the same tree we are

26:50

brothers and so from that perspective there is a connection does that make sense okay i have a teaching called

26:56

identity crisis uh that goes into that in great detail isaac versus ishmael

27:01

there are 1.5 billion muslims worldwide 2.2 billion christians and jews

27:09

two great nations so here's the family tree just so you know you got abraham

27:15

sarah and hagar from the line of sarah remember god tells sarah i'm going to give you a child remember she laughs

27:21

because she's old in age so he says go into she says go into my maidservant hagar so from that

27:28

perspective or from that lineage here's what happened from sarah comes isaac i just want you to see this

27:35

isaac takes rebecca as a wife then hagar on the right hand side has

27:42

ishmael okay and then ishmael has 12 sons

27:47

then from isaac come jacob and esau so this is the lineage that's moving down

27:53

when you put all that together the lineage of abraham going through sarah to isaac to jacob brings life

28:00

the lineage from hagar to ishmael to his 12 sons brings death and that's

28:06

what we're seeing this is simply a matter of death and life life and death

28:12

we're seeing this played out in the physical realm with israel and hamas and the terrorist groups in

28:18

the middle east but you are also seeing it in the spiritual realm when you're dealing with god trying to get a hold of

28:24

his people to get them back into covenant to bring life back into their congregations back into their marriages

28:29

back into the children so on and so forth it's the same pattern so who is esau today because it's different than

28:35

ishmael numbers 20 verse 14 says mooses sent messengers from qadesh

28:40

to the king of edom saying this is what your brother israel says you know about all the hardships that

28:47

have come upon us please let us pass through your country we just went through that torah portion just a few weeks ago where israel wanted to pass

28:54

through the land of edom and esau which is the brother said nada not

28:59

gonna happen okay and there was a whole issue that went along with that that we already went through but what i want to point out is

29:05

the fact that the bible says that esau the children of esau are the so

29:11

we need to discover is where are the today who are those people

29:17

jeremiah 49 verse 7 says concerning edom this is what the lord almighty says is

29:22

there no longer wisdom in time has counsel perished from the prudent has their wisdom decayed turn and flee hide

29:28

in deep caves you who live in the dawn for i will bring disaster on esau at the time i punish him so again we have a

29:35

scripture paralleling the in showing us that esau is edom

29:42

jeremiah 49 15 says now i will make you small among the nations despised among men now

29:49

there is a difference between ishmael and esau because ishmael was prophesied to be what a great nation

29:57

esau is prophesied to be a small nation despised among men

30:05

at the sound of their fall the earth will tremble their cry will resound

30:10

at the red sea so esau equals edom genesis 25 30 and

30:18

esau said to jacob please feed me with that same red stew for i am weary therefore his name was called edom over

30:25

and over again in the scriptures esau edom edom equals esau here it is right

30:30

on the map you see that edom just to give you an idea here that uh that that

30:38

uh this is the gulf of aqaba okay or the red sea and uh jerusalem is in this area okay so  
30:44  
right here this is kadesh barnia and edom represents that area right there  
30:50  
okay esau today so there we go there's the same area  
30:58  
and he saw today or excuse me is in that area the kingdom of edom  
31:07  
if we zoom in a little bit this is what you get to see so all of the yellow is modern-day israel along  
with  
31:14  
the uh the 1967 borders there in gray is where  
31:19  
jerusalem is or the west bank and edom is in the two places  
31:25  
of the circle and right there on the edge in this area right here along what's called the gaza strip  
31:33  
that's where the settled what happened was is that the in 1948 remember  
31:42  
jerusalem was given to the israelis as the jewish people as an israel state  
31:49  
but they what happened was is all of the rushed up from the south and  
31:55  
took over the jerusalem area this is why they were a nation without a capital which was the  
32:02  
whole point of the 1967 war the six day war was to regain the capital of  
32:08  
jerusalem back to the jewish people so what happened was the or esau  
32:15  
came up obtained jerusalem took it over and what happened was is when the war  
32:22  
was over you had a bunch of displaced  
32:27  
without a country so they are homeless  
32:33  
this is the palestinian people this is where the palestinian people came from the palestinian  
people are the people of  
32:39  
esau they are the people of edom that came up into jerusalem and when the 1967  
32:46  
war happened and the jewish people took over their capital all of these people were still there  
and  
32:52  
literally are now a people without a country and that is why they are trying to have a two-state  
32:58  
solution this is why the palestinian people want their own state is this making sense

33:04

okay and so i don't know about you but the only way that you got your own state or your own country back in the old days

33:11

is you had to win the war but now they lose the war

33:17

and they still want their own state by any stretch of anyone's imagination

33:23

there is no sense being made in this just because they are a displaced people

33:29

refugees if you will inside of israel the governments of the world believe that the jewish people should give the

33:36

people that they defeated their own state their own part of israel divide

33:43

the land of israel and give it to the people that you bled over and beat in victory

33:50

that would be like us going back going into russia

33:55

destroying or better would be germany during hitler and destroying

34:00

hitler and then saying oh well you can still remain in power we're going to divide the united states in a half and you can

34:07

have half and we'll have half what that makes no sense because his he

34:12

wanted to to win the whole world he wanted to take over all of europe so should we give half of europe to hitler

34:18

because we beat him no you if you lose according to most nikes

34:24

t-shirts you go home but unfortunately the mites don't have a

34:30

home and so what happened was is that over time they ended up settling back into

34:38

the gaza strip if you can put that back on my map here they ended up settling into the gaza strip and then they also

34:45

occupy the area in jerusalem so the people over here in gaza strip this is

34:51

where they israel gave them okay remember this it was it was called land for peace how many remember that

34:58

no they got the land part right but the peace part had never come along so the gaza strip the palestinians got

35:04

the land and then all that did was put them closer to get their rockets into jerusalem into israel and this is what

35:12

they want to do now they want to give them the west bank are you kidding me look how close the west bank is

35:17

the west bank is right there on the heels of jerusalem there would be rockets in jerusalem every day

35:23

but they'll say if you give us the west bank we'll be good that's all we want no what they've already said beforehand is that we want

35:30

to push you into the sea and the more that you can push us and give us opportunity to do that we're

35:36

going to do that all right so let's continue final proof palestine get this comes from a root word in arabic that is

35:43

literally pronounced in arabic palestine is pronounced philistine

35:50

it's where we get the word philistine from the original philistines guys this is david versus goliath that's

35:58

all prophecy is it's david versus goliath it's not america there is no america okay in the bible in bible days

36:06

in bible languages this is david versus goliath

36:11

verse 10 of obadiah says for violence against your brother jacob violence in hebrew is hamas

36:20

that's what that's what the hebrew word hamas means is violence these are the

36:25

very people that are the governing entity in the gaza strip

36:32

is hamas these are the violent people listen this isn't just a political government and

36:39

then there's like a you know a terrorist organization that operates underground in the government of gaza no the government of gaza is

36:47

the terrorist organization of hamas do you understand there's a lot that's happening behind

36:52

the scenes ladies and gentlemen and it is prophecy in the making there are governmental things that are happening

36:57

in secret that we don't get to see on the news there are things that we see on the news

37:03

that we don't interpret properly because we don't have the proper cultural backdrop

37:10

so a quick review isaac and jacob are the judeo-christian nations

37:16

ishmael became the modern-day arab nations throughout the middle east

37:22

esau became the people of edom or the philistines they're still alive today

37:30

islam is the dominant religion of both ishmael and esau

37:36

muslims are those that follow islam just giving you some definitions here so that when you

watch the nightly news you'll

37:42

know what they're saying muslims are those that follow islam

37:50

the or the palestinians took over jerusalem in 1948 and then

37:55

were displaced when they lost jerusalem in 1967.

38:02

so what did jacob take from esau this is how he did it

38:07

he took it in a card game if you will where jacob kind of cheated a little bit and used five aces instead of four

38:14

he ended up taking that birthright that birthright was so important

38:20

not too long from now we're going to have a conference here and it's all going to be about the blessing the

38:26

family blessing and you might say well in america you know we don't do that

38:31

the family blessing is so important that entire

38:37

nations thousands of years later are literally existing or not existing

38:44

because of the blessing of the father do you get that

38:50

the blessing of the father was so sought after that jacob decided to cheat esau

38:58

and deceive his father just to get it now today we would say okay i would

39:05

cheat and and you know uh pagans would cheat and steal and lie to their father to get an inheritance a physical

39:11

inheritance but a blessing really

39:17

we are not a spiritual people today or we would understand that when a father  
39:22

speaks to his children he is pronouncing life or death

39:30

the reality of a physical blessing is off the charts in god's realm it is real

39:37

that's why he says i will bless those who are cur who bless you and i'll curse those who curse you  
do you think it's just

39:43

nomenclature do you think it's just an enigmatic expression or a metaphor no not at all he means  
what he says

39:50

and today that inheritance of the birthright includes this in ancient days it includes the priestly

39:56

blessing it includes the double portion inheritance because the firstborn had to take care of the  
rest of the tribes if

40:03

anything went wrong he needed that kitty he needed that 401k account if you will that's what the  
double portion was

40:10

he had prominence among amongst the brothers he was looked up to he was basically called the  
executor of the

40:16

state in today's language he had spiritual and physical authority the rest of the brethren it didn't

40:22

matter how old they were they respected and submitted to the firstborn if he had

40:28

that spiritual authority that was given in the blessing everyone had to submit

40:33

to his authority do you know why now listen some of you have multiple siblings you five six  
seven siblings

40:41

how many of you would be difficult if the firstborn if the blessing was given to the second

40:46

born and you were the firstborn to submit to your younger brother think about that for a minute

40:52

that's serious that's very very difficult much less submit a younger brother submitting to an older  
brother

40:58

today period would be difficult but the reason why in ancient hebrew culture

41:04

this was so critical and why esau and ishmael hate their

41:09

younger brothers today is because whoever received the blessing

41:15

is receiving the name of their father

41:20

and in ancient days names were authority names had mission

41:26

names had purpose where do you think we get the idea of passing the name from the father to the next

41:31

young son my last name is staley i am the third

41:36

if i had a son it would be a staley why where do we get that idea passing

41:42

the name from it comes all the way back from the bible in hebrew culture where the name of the father was passed down

41:50

except the differences is that the name carried authority

41:55

perfect example i was hunting in southern missouri i've told the story before and my grandmother my great-grandmother

42:01

had an 80-acre farm down there i used to spend summers down there but i went down with a friend of mine years

42:06

and years ago to go hunting and i'm hunting on this property all of a sudden uh someone comes along and is yelling at

42:12

me telling me this is private property and private property and private property until they came up

42:18

and they looked at me took their glasses off and said are you a staley

42:26

they said oh my goodness you look just like your father at your age and it ended up being a relative of mine

42:35

and boy did the atmosphere change instantaneously as soon as he found out

42:42

who i was everything changed do you realize that the name that you

42:48

carry carries authority ultimately you're supposed to have the

42:53

name of god written over your name which is what gives you authority in the earth realm that's why every authority has no

42:59

authority outside the name of god and any authority that places himself in authority outside of yahweh putting him

43:06

there will be drug down lastly today that spiritual authority is

43:12

symbolized by this the temple mount this is why the temple mount if you  
43:17  
wonder in prophecy again this teaching is just a very broad brush of context for next week but if  
43:24  
you ever wonder why the temple mount is so sought after why they want this so bad  
43:31  
is because this is the actual seed this is the actual  
43:38  
bullseye of the inheritance of jacob and esau isaac and ishmael this was the place  
43:45  
that abraham went to sacrifice isaac but the quran says that abraham went to sacrifice  
43:52  
ishmael this is why this is so critical this is why they're fighting over this because this is the  
inheritance of the  
44:00  
firstborn it's not any piece of land it's the  
44:06  
piece of land of their father abraham i know it's hard to put your mind around  
44:12  
it but can you believe that the arabs and the philistines  
44:18  
if you will uh esau and they're they're all their father is a it's the same  
44:23  
person this is a family feud just like i started out how many family feuds do we  
44:29  
have going on just in this congregation alone  
44:35  
you see you're more israelite than you know  
44:40  
look at this this in hebrew is the word adam and edom  
44:47  
the same root three letter when you when you narrow it down the same three root  
44:53  
letter word of adam and edom is the same three letters aleph dalet and mem  
45:01  
with two incredibly different interpretations or definitions let's go  
45:08  
through them real quick we're almost finished adam is the divine presence  
45:14  
so the divine presence is with adam it means divine blood  
45:20  
edom is to goad poke or try to control adam  
45:26  
so the difference between adam and edom is one of them carries the divine  
45:32  
presence of god and one of them is goading or poking

45:38

adam the real adam so this is how you have adam and edom

45:43

both of them coming from the same dna same name

45:48

vowel pointing is a little bit different give you a totally different definition

45:56

ultimately there is a prophetic message in this because every one of us inside

46:02

of every one of you is a conflict the bible says paul says this he says there is inside

46:08

of me a war remember this romans chapter seven there's a war in my members

46:15

part of me wants to do the right thing the other part of me doesn't want to do the right thing

46:20

ultimately if you actually read that chapter what he wants to do is he wants to keep the law of god read it it's incredible

46:27

but his flesh won't let him keep the commandments of god he says what a wretched man that i am what's

46:33

inside of him the two natures of man it is edom and adam

46:41

it is the same conflict that is happening in the physical realm today with israel and the palestinians in the

46:48

gaza strip with hamas is the same conflict that you are having with your flesh right now

46:55

in the earth realm god is tired of the enemy occupying your territory

47:01

you are the one we are the ones that gave the enemy that little small little

47:07

beach strip in our life because you know what we didn't really want to get rid of the sin completely

47:12

because that area is beautiful and by the way if you saw the pictures of the gaza strip

47:20

you would not even be able to tell the difference between that in hawaii it is that beautiful

47:26

there's even a video online that you can you can find that goes through all the pictures of gaza and says which city is

47:32

this mediterranean beaches you know of bahamas and it looks all of those

47:38

palm trees the whole deal and it's literally just the gaza strip and we don't want to get rid of that because it's so precious to us but the truth is

47:45

is that the enemy is throwing missiles at the temple of god inside of you from

47:51

the dark places when you give the enemy a small area in

47:57

your life he throws missiles to the other parts of your dna and his whole

48:03

point you know what he wants he wants more land do you see the prophetic picture within

48:09

hamas and the enemies of israel today they're only looking for one thing more

48:15

land you know why they want to eradicate the people of god they want to eradicate

48:20

the entire inheritance they want to take over your temple the enemy wants to take over everything

48:27

you are and ultimately make sure that that third temple doesn't get built

48:38

spirit and flesh matthew 26 41 watch and pray that ye enter not into temptation this spirit

48:45

indeed is willing but the flesh is weak what you are watching on the news ladies

48:52

and gentlemen and i close with this is you are watching the story of your life

49:00

you are watching the history channel of who you are and what is to come because

49:07

inside of every one of us you have a jacob inside of every one of us you have

49:12

an esau and it depends on whether or not you're going to be a wild donkey and operate

49:17

during the night and do all those things and give the enemy access to that strip of land in your life or you're going to

49:23

be like jacob and you're going to put an iron dome of the ruach hakkadesh the holy spirit

49:29

and the word of god around you did you know the word of god is the only thing that's going to protect you

49:34

you need to know it with all the prophecies and all of the ministries that focus on prophecy

49:41

few will tell you what i'm about to tell you the only way to navigate through the

49:47

truth and through the lie is to know the torah inside and out

49:53

because here's the deal you can memorize the new testament inside and out

49:59

and it will help you in the godly character that you are supposed to develop no questions asked but

50:06

when the antichrist comes on the scene and when the religious tenders

50:12

change ever so slightly in this generation or the next

50:18

the only way you're going to know whether that prophet is of god is whether what he says lines up with

50:25

the front of the book and the set stage of the great falling

50:31

away is this in a short nutshell hands down the enemy has been remember he has a

50:37

long term plan he changes nations not overnight long

50:43

term and he has been set setting up god's

50:48

people for such a time as the great delusion

50:53

by making us believe that the front of the book doesn't matter we will miss

51:00

who the antichrist really is because the antichrist ladies and

51:06

gentlemen he's going to be very eloquent person

51:12

he's going to be really good at getting into the emotional seat of who you are and when all the world falls

51:18

to hell in a hand basket he's going to be able to provide solutions

51:24

he's not going to be as obvious as you might think

51:30

he might even be a theologian might have the bible memorized from the toback

51:37

and he might say everything that we want to hear but this how you will know

51:43

whether a prophet is a prophet of god is the same exact definition from the early

51:49

front of the book when it says a prophet will never speak against what is already

51:56

spoken so if god says this

52:02

and a man comes along and says something different even though it aligns with the current religious system

52:10

only the people who know and understand and by the way have wisdom  
52:16  
where do you get wisdom the bible says the front of the book  
52:22  
will actually see it and they'll see right through it while the entire religious system  
52:29  
hates you for it because everyone championing champions rocky balboa  
52:35  
everybody wants the underdog everybody's looking at the person that is solving the world's  
problem  
52:41  
but the end of the night the only thing that's going to save you i'm telling you  
52:48  
is knowing the word of god and doing what it says  
52:54  
that is the definition of a wise virgin everyone else lamps  
53:01  
go out there's a reason why that story was told  
53:07  
they knew what the lamps were they knew what it represented they knew what the oil was it's  
only us 21st century  
53:14  
christians that don't have a clue so we make up everyone for each denomination that we're in we  
make up a  
53:20  
new interpretation because we are afraid to go back to the front and read the story from the  
beginning  
53:30  
stand with me this evening i want to let you know that the  
53:36  
importance of this showdown is not happening in the physical realm only if we i have said this  
once i've said it a  
53:43  
thousand times whatever happens in the physical realm there is a spiritual message at the same  
time paralleling it  
53:49  
exactly whatever god is doing in the physical realm he is doing it in the spiritual  
53:55  
realm the problem is we don't have eyes to see your ears to hear so we miss it and he has to go  
around the mountain again  
54:02  
there's a war in israel there is a war in greater israel worldwide where the enemy  
54:09  
hamas is trying to destroy us again  
54:14  
and we don't even know who we are so there's nothing to go back to because

54:20

the way that you win wars in israel there's only one way

54:26

my bible says it god said it very cleanly and very clearly he says if you

54:32

humble yourself and come back to my covenant and keep my torah

54:37

you win every battle i will be with you he says we just read it today

54:43

deuteronomy chapter 3 if you do not keep my word

54:49

you're on your own and you'll be slaves in your own nation and ladies and gentlemen wake up we are about to be

54:56

slaves in our own nation we're boiling like the frog slowly and

55:03

we don't even know it until we wake up and it's too late

55:09

so shall i end with a most famous scripture that says

55:15

if my people who were called by my name will humble themselves and pray and turn from their

55:20

wicked ways then listen it says then i will hear from heaven and i'll heal

55:26

their land and the context is about his people israel coming back

55:32

into covenant we are in those days where we need to not only pray for

55:38

israel of the jewish people today of modern israel but pray for those who are aligned with the root of jesse

55:47

and are called israel in the spiritual dna of being grafted into the tree

55:53

unless we come back into covenant and start doing bible things in bible ways and loving each other the way that god

55:59

wants us to and displaying his character the light on the hill we have no chance

56:04

of surviving even our own country let's pray

56:12

father i pray that you would forgive us forgive us for being so blind

56:18

for so many decades so many centuries [Music]

56:24

moses and his commandments are etched on every courthouse in america

56:31

yet we remove them from our very system

56:40

this country is founded upon the principles of your word and how the front of the book matters

56:48

yet god from our pulpit in every denomination

56:54

we denounce you and we don't even know it the very thing that in romans 3 31 god

57:01

paul said he upholds is the very thing that we have destroyed

57:07

we don't even let it in so father we don't know how to do it

57:14

but god i want to declare that this group of people

57:21

wants to be in covenant with you in the most desperate way

57:27

we want to be perfectly aligned we don't want to just be in the car believing in yeshua

57:33

we want our tires to be perfectly aligned and our motor to be tuned this is a race

57:40

father i pray that you would awaken the spirits of your people they don't have to totally understand or

57:46

even fully agree god but their spirit has to be quickened to even look further at these

57:52

things that esau is coming ishmael is here

57:58

the battle is before us and we are naked without weapons

58:04

and the only weapon that i know of in your word is the sword

58:10

of the spirit and the truth that girds our waistline

58:17

yahweh i pray that you would embed your word back into your people that your people would humble themselves and pray get rid of all of the traditions and

58:24

doctrines of men that are holding us back from the blessing that our next generation

58:31

the y generation would never ask why again they would simply

58:38

obey and be empowered like the joshua generation

58:45

father if we're at the end of the age then this is the time that you equip your people equip us well we submit to

58:50

you we surrender to you and we thank you for even letting us have the opportunity to be in your army

58:56

in yeshua's name and everyone said amen hallelujah

59:02

may the lord god bless you may he keep you may his face shine upon you may he be

59:08

gracious to you and at the end of the day may his countenance be lifted up over

59:15

you and may he give you shalom love you guys we'll see you next week

59:21

shabbat shalom if you were blessed by this teaching please consider helping us reach the

59:28

nations by making a donation today thank you and god bless
