

1:16

that your spirit would be so thick [Music]

1:22

not just in this room god but penetrating to the very recesses of our hearts

1:27

[Music] we need your holy spirit to fill us god

1:33

we need it fresh and new every day so you can teach us god how to love the

1:40

way you taught us where we fall short we fail god we struggle every day of our lives

1:48

there's no one perfect except your son yeshua and father i ask

1:53

that you would help us to follow in those footsteps god but that it would

1:59

first come from us seeking your face and desiring to be filled by your holy

2:06

spirit father i pray that every person that

2:11

came with anticipation god to feel you

2:17

to experience the experience you got to know you better to learn more about how

2:22

you desire for us to live god i pray that every prayer

2:28

that was prayed before a foot was stepped in this room of whatever they expected god that you would exceed it

2:36

i pray you would exceed every expectation in this room as hearts are are lowered god to the place you want

2:43

them to be god i pray you would begin to fill them up and exceed their expectations beyond their wildest dreams

2:49

god that you would show them a little piece of you god that they've never seen before

2:57

that their eyes would be opened to something new that you have specifically just for them

3:06

[Music]

3:11

now that we know that you prepare the soil for when the seed is dropped

3:18

it can be planted when it's planted that it can sprout and you water it and you make it grow and so father i pray all

3:25

seeds that have been planted in each and every person's heart in this room god that it would just today lord that your

3:31

spirit would just be the fertile ground your spirit god would be the water that just makes those seeds grow into

3:38

something new god something different something that has purpose so we give you praise

3:45

today father we don't want to go any further in this worship god without bowing our hearts to you and like jim

3:52

prayed earlier in our practice just open the curtain to your throne room

3:58

open the curtain god let yeshua open the curtain and show us the king of kings

4:04

and the lord of lords that's right before our very eyes the one whom we're in this room for singing to and bowing

4:11

our hearts to and giving our lives to god the king of kings let him be in this room today god i pray that the

4:19

curtain god would be so pushed so far back that your glory and your light would just shine and

4:26

penetrate this room this small room god that we're in today we love you father

4:32

rest on us today fill us up yeshua's name

4:39

[Music]

4:52

oh

4:57

[Music]

5:05

us [Music]

5:17

rest on us [Music]

6:03

you're all we want

6:09

oh [Music]

6:17

[Applause] [Music]

6:35

me [Music]

6:49

me [Music]

7:04

[Music]

7:12

oh [Music]

7:29

can you guys just sing the holy spirit apart [Music]

8:24

i feel like we're supposed to keep saying this till it's it's really what we mean

8:31

[Music]

8:47

please [Music]

9:34

on oh

9:49

on us [Music]

10:17

[Applause] [Music]

10:42

[Music]

10:56

restaurant [Music]

11:10

oh

11:21

[Music]

11:40

open [Music]

12:02

come rest on ice

12:08

[Music]

12:17

come rest on us

12:22

[Music] you're here

12:29

[Music]

12:53

i know [Music]

13:17

i feel like someone's supposed to share a quick testimony hopefully we have time for that but

13:22

has anybody got testimony that's been burning on their heart that they want to

13:28

share

13:37

it's feeling like it was somebody from out of town [Music]

14:00

so from what i just saw praying all that during the song

14:06

i saw a hand reach out other than that i saw two faces close to each other

14:14

couldn't see their didn't see their eyes only see their mouth that was it

14:19

green background trees don't know what it means

14:26

[Music]

14:32

i love that you know sometimes he gives us something that's partially just part of something partial

14:39

and we don't totally understand what it is but just you being obedient to share that

14:46

um a lot of times what we've seen in the past is that god will connect that later to something else and he'll show us

14:52

why you saw that so thank you for being bold enough to share that

14:59

[Music]

15:05

i got another piece of that pie so i saw a

15:11

white crystals everywhere and lights just beaming from them in like he was

15:16

describing was uh trees and what not like out in just nature one with god and

15:23

the glory and the wholeness of his spirit coming into the room and just

15:29

being one with him and it was just a sparkle of

15:34

i i played it like it was just gorgeous beautiful [Music]

15:48

so like when they sing of like this year it will fill us i have had multiple times in my

15:55

life when i felt like that was not a possibility like just recently i lost my best friend

16:01

in the world over a fight that we had and i felt like i was completely empty

16:07

and i wouldn't recover she had helped me through my hardest

16:12

times she said she didn't want to talk to me

16:22

so i just i had to hold on to what she said that maybe you could be a friend's cleaner

16:31

it was just so empty and i didn't know i don't know

16:39

[Music] 14 years

16:45

[Music] he helped me realize that i don't need

16:52

someone to make me strong that i don't i don't need to rely on other people to

16:59

build my life for me i just need to rely on him and he he will build my life he knows what's going

17:06

to happen next even if i don't i know that [Music]

17:11

i know that i have so many wonderful people in my life who have encouraged me but

17:19

the person above all of those is god he is he's

17:25

filled he's moved me in ways that i never thought possible

17:34

out of the mouths of babes you know they have their own trials and their own hardships right

17:41

so it's amazing when you kids can realize that when circumstances happen in your life

17:47

that you cannot depend on anybody but who who can who's the only person you really

17:52

can depend on that's right

17:58

let's just remain in this attitude of worship this next song is called i want to know you i love this

18:05

song is there anybody in this room who doesn't want to know him

18:14

the song says i stand before you awed by your majesty

18:20

covered by your mercy your blood has made me free draw me to you and set my heart on fire

18:28

i wanna know you you're my one desire it's like emma just said

18:33

she's taking her circumstances she's making god her one desire and that's what all of us in this room should be

18:40

doing you know i realized that when

18:47

jim left [Music]

18:55

i had to make him [Music] my one desire

19:02

like truly you know what i

19:08

mean all of us have a crush we have somebody we lean on right sometimes that world gets shattered

19:16

we know that through divorce we know that through [Music] kids losing a parent or

19:24

spouse right sometimes i think we we learn to rely on

19:32

those feelings that we get from the people who love us the most and we forget there's really only one person

19:39

who can give us the desires of our heart there's really only one person who should be our one desire

19:45

[Music] so father i pray today

19:51

we wouldn't make you our one desire [Music] father that there would be no one in

19:57

this world god that we would put above you [Music]

20:04

we want to know you god we want to know you inside and now we want to know what you want us to know

20:10

we want to know your heart stay close to you so father we just give you this time

20:16

today prepare our hearts god to receive what it is you had for us

20:26

[Music]

20:41

i stand before you but by your majesty

20:49

[Music]

20:55

covered by your mercy your blood has made me free

21:06

draw me to you [Music] and set

21:12

my heart on fire [Music]

21:26

jesus [Music]

21:45

i give you my hopes [Music]

22:17

your hands to carry me [Music]
22:26
my body it was broken for all the world to see
22:35
[Music] my heart is
22:41
[Music]
23:11
is [Music]
23:24
foreign [Music]
23:44
here [Music]
24:01
your proclamation [Music]
24:12
[Music] oh
24:19
[Music]
24:52
do [Music]
25:11
let your presence overtake [Music]
25:24
that your presence overtakes
25:30
[Music] let your spirit overwhelm me let your
25:37
presence overtake my heart
25:46
[Music] me
25:55
[Music]
26:01
oh [Music]
26:10
is [Music]
26:26
that your spirit overwhelms me
26:32
[Music]
26:57
sing that again i want to know you
27:09
let your presence overtake my heart just the drops
27:15

[Music]
27:22
let your presence overtake my heart
27:28
[Music]
27:36
is [Music]
28:36
and i see the clouds [Music]
28:56
like mooses did
29:03
flashes [Music]
29:16
and i'm not afraid [Music]
29:22
i'm not afraid
29:29
show me your glory [Music]
29:36
show me your glory
29:42
show me your glory [Music]
29:49
show me [Music]
30:02
i'm lost in your eyes
30:11
walk in your presence
30:17
[Music]
30:28
now i'm overwhelmed i'm not
30:35
i'm afraid afraid [Music]
30:41
i'm not afraid again
30:48
[Music] [Applause] [Music]
30:54
i'm not afraid [Music]
31:01
show me your glory [Music]
31:08
show me my god
31:14

show me your glory [Music]
31:21
show me [Applause] [Music]
31:36
is [Music]
31:52
where i am [Music]
32:14
um [Music]
32:58
yourself [Music]
33:31
is [Music]
33:45
still
33:51
[Music]
34:03
is [Music]
34:17
is
34:37
thank you father god i just kind of want to share a testimony
34:43
with you that relates to this song this song means a lot to me the very first time
34:49
that i heard this song was october excuse me it was in october it
34:55
was on the third day of sukkot third or fourth day of sukkot
35:00
2012. and i wanted to worship
35:06
in the sanctuary where everyone was worshipping but i also wanted to kind of worship by
35:11
myself and have some private time so i went over to my bonfire and i and i was determined to
get away and just spend
35:18
time with the lord and worship the lord nothing wrong with that right the whole time the holy
spirit was bothering me like he didn't want me to
35:24
do that and i made a bonfire and i you know it took me 20 30 minutes to do it i got to
35:30
the place where i sat my chair down and i started to just pray and
35:37
the holy spirit said get up and go into the sanctuary and i'm like lord i just made a bonfire
35:42

i do not want to go over to there i want to worship you here but i left and i obeyed the voice of
the
35:49
lord and i went into the sanctuary and everything was over with there was nothing left they were
just putting
35:54
canned mp3 music on everybody was gone but just a few people maybe seven or eight people
36:01
and i walked into the building and the holy spirit was so thick and so
36:06
powerful that you didn't want to move because it was so tangible
36:13
and everybody had their heads down and it was very unusual because there was there was no
worship it was just
36:19
a music it was just an mp3 so i sat down
36:25
next to cheryl and i went to put my arm around her and when i touched her the presence of the
36:31
lord was so powerfully tangible i immediately took my arm back off and i
36:36
just had to pray i put i mean i went right into the same mode that they were in and i started
praying
36:43
and as i was praying i started crying but i didn't know why i was crying the tears were flowing
down my face anybody ever
36:50
been in the presence of god so thick you have no control over your emotions right but i was
fairly in control at
36:56
that point and then i made the mistake of praying this prayer i said father as i poured
37:02
out my hearts cried to him feeling so inadequate as a leader i said father i can't do this without
you
37:09
unless you give me your staff of authority and your endorsement
37:15
i will i will fail at representing you in the moment that i said that
37:21
this song came on show me your glory i never heard it before but it represented my heart
37:28
and i lost it i literally lost it so bad that i could not control myself i was
37:35
trying to keep from being like i didn't want to be disruptive but i was shaking i was crying so
hard
37:40

and pretty soon i guess people noticed that pastor jim had lost it so they brought over some tissue paper and and i

37:46

just kept crying and kept crying and i guess they thought that eventually i would stop but i didn't and an hour and

37:54

a half went by and i couldn't stop and i couldn't stop

38:00

and then i i i stopped for a moment and my wife was over to the left-hand side

38:05

and i went over to her and i was barely in control of myself and the moment i tried to speak

38:11

i i literally collapsed she had to catch me and they they didn't know what to do

38:17

with me i i was undone at that point by the holy spirit and took me over and they laid me down on this this rock

38:23

climbing pillow thing at the bottom of the rock climbing wall and i lost it for another hour and a half i was for three

38:30

straight hours i didn't know a human being could cry that long and that hard but i did

38:36

and so there was no one left and it was 1 30 in the morning and i stood up

38:41

and the music was still going so i went up to the front and i decided you know i'm gonna dance like david

38:46

dance and i and i and i saw some flags on the front row and i grabbed a white flag with one hand

38:52

and i grabbed a nation's flag with the other hand and instantaneously i heard the holy spirit say put down the nation's flag

38:59

now i didn't know i just obeyed it was so clear and i had the white flag and and i

39:06

danced and worshipped with this white flag having no idea what i was doing

39:11

and have no clue until years later the significance of this night

39:17

and i waved this white flag before the lord and i danced before the lord praise god there was nobody in the room because

39:22

i'm sure it was unsightly but after that i went out side and i i

39:28

was i felt like everything was completed and i went to the bonfire there were

39:33

only two people at the bonfire and i sat down and i began to explain what happened to me

39:39

to this gal that was sitting beside me everyone else was sleeping it's 1 32 o'clock in the morning and immediately

39:46

this this person comes almost jogging from their tent and i knew who it was a gentleman from 39:52

originally from romania barely spoke english and he came over and he said pastor jim i need to talk to

39:58

you immediately i just had a vision god woke me up in the middle of the night and i had a vision 40:04

and he and he said that he woke up and his wife i know his wife she's amazing beautiful young woman and and she said

40:11

you he said i need that to find pastor jim right now and she said it's two o'clock in the morning he's probably

40:16

sleeping i don't care i need to find him little did he know i would be at the bonfire so he came over he came over the bonfire and he said i saw a vision and

40:24

he's like there i saw four angels at the corners of this camp

40:29

and he's like but one of them was right over the top of the sanctuary and he was waving a white flag

40:37

no wait till you hear this that was just the beginning that got my attention

40:42

because that's what holy spirit told me to do was wave a white flag then he said he said this he said pastor jim god

40:49

hears your prayer he said he is going to give you his staff of authority

40:56

would you first have to surrender

41:01

and at that point the lady next to me almost fell off of the chair that she was sitting in

41:07

because no one knew what i just prayed i didn't even i just finished telling

41:12

her 15 seconds earlier the prayer that i prayed and i'm glad i did because then i could

41:18

prove it that that god hears our prayers

41:24

here's the amazing thing i thought that was amazing but i didn't know what it meant

41:30

three years later to the day i was at sukkot

41:37

when i was taken into custody and i would spend the next 65 years of my life
41:42
surrendering before my king you see ladies and gentlemen before god
41:50
brings you into what he really calls you to do he first has to qualify you
41:57
he first has to press you he first has to find out what you're made of
42:04
because how would you like it to invite someone to be on your team
42:10
and find out that they've got their own plans of doing things they got their own ways
42:16
and the best way to make a soldier submit is to put them through boot camp
42:23
and so for the last five years of my life i've learned why god took the nation's flag away from me
42:30
you can't call out to the nations with his endorsement
42:36
and staff of authority until you surrender all he's got to know
42:42
that when the pressure gets turned up there will be no flesh
42:47
involved amen so can we sing this song we'll close with this song this is the
42:53
last song
43:03
yeah let's sing this song again and this time i want you to pray it
43:08
pray and ask god to show you his glory and by the way let me teach you
43:13
something a little bit but i'm not supposed to talk right now but forgive me i want to teach you
something the word
43:19
glory in hebrew is kavod and you know what it means it means
43:27
weight it's what it means to give weight to when it says honor your parents is to
43:34
give weight to what they say [Music] so we're going to ask
43:40
that god show us his weight his heaviness his glory amen
43:48
stand with me as we we finalize our worship time together here and if you're at home
43:55
let's stand too stand with us join with your mishpakah here and let's give god the weight
44:02
that he deserves amen

44:11
show me your glory [Music]
44:17
show me your glory
44:23
[Music]
44:37
show me your glory [Music]
44:44
show me your glory
44:50
[Music]
44:56
singing in spanish [Music]
45:08
so [Music]
45:21
one more time sing that ladder in spanish spanish people are listening they want to hear it
45:29
[Music]
45:43
show me your glory in spanish
45:49
[Music]
46:00
last time and show me your glory
46:09
[Music]
46:17
show me your glory [Music]
46:23
show me your glory
46:29
and i want to look on the faces
46:34
[Music]
46:55
is [Music]
47:18
long to stay in your presence
47:26
[Music]
47:47
sing show me your glory one more time please show me the glory
47:53
[Music]

48:12

[Applause] all right without the music come on

48:20

[Music] show me [Music]

48:36

is

48:42

[Music]

48:50

you're so good you're so good you're so good

48:57

you're so good [Music]

49:03

you're so good [Music]

49:08

praise your father praise your father

49:17

[Music]

49:23

[Music]

49:34

so [Music]

49:58

[Music]

50:24

you know as this message goes out the bible says that every tribe in chong

50:29

is going to hear his voice amen [Music] so we have an

50:36

absolute revival that's happening in the latino communities around the globe

50:41

and so we feel like that unless somebody represent them to pray

50:46

and ask the father to master to them whatever is on your heart

50:58

[Music] [Laughter]

51:08

[Music]

51:20

avocados [Music]

51:53

[Music]

52:00

[Music]

52:10

is

52:16
[Music]
52:35
[Music]
52:47
[Music]
52:57
[Music]
53:15
[Music]
53:30
[Music]
53:43
[Music]
54:06
[Music]
54:21
foreign
54:27
[Music]
54:34
foreign [Music]
54:51
tell them [Music] hallelujah
54:57
[Music]
55:05
come on holy spirit's not done yet
55:11
fill this place father [Music]
55:37
is [Music]
55:52
foreign [Music]
56:11
i worship you
56:16
[Music]
56:28
you [Music]
56:41
i worship [Music]
56:51
you
56:56
[Music]

57:02

praise you father god don't stop

57:08

praise your father worship

57:18

[Music]

57:38

do [Music]

57:52

from the inside out [Music]

57:58

come on [Music]

58:13

oh

58:18

[Music]

58:29

hey [Music]

58:49

hallelujah [Music]

58:54

guys i gotta share this with you kerry just came up and gave me this text

59:01

so the young man that had the vision earlier let me just tell you how listen you guys

59:06

believe god's still alive today how many believe that he reaches out his hand

59:13

to welcome us to protect us to let us know he's still here

59:18

so his vision was about two people a green background background and trees

59:26

and outstretched hand so we just received the interpretation this is what

59:33

was happening at the exact same time that he had this vision

59:39

some friends of ours that uh they were on their way home from picking up their daughter

59:46

they were driving in the country where it's super green everywhere

59:52

with trees in the background and they almost got hit by another car

59:57

out of nowhere and they said to themselves how did we

1:00:04

not get hit by that car that's coming right for us [Music]

1:00:11

then immediately they're watching and the young man gave his vision

1:00:19
hallelujah [Music]
1:00:31
so he he he didn't matter of fact come on up here just again real quick
1:00:39
you speak spanish you're gonna do it in spanish too hallelujah we've got half the
1:00:44
congregations out of town so do it in english first
1:00:50
do the english first oh and they're the only two
1:00:59
wow okay tell your vision then i'll say what she just said
1:01:04
uh both please so i saw first hand reach
1:01:09
[Music] and then right after that
1:01:16
saw two faces couldn't see their eyes and see their nose just
1:01:22
right hello green background trees everywhere
1:01:28
nothing else for the faces uh they weren't lying they weren't smiling it was a male and a
1:01:33
female one on the left and one on the right it was a male and a female that was in
1:01:41
the car
1:01:46
[Music]
1:02:03
[Music]
1:02:09
[Music]
1:02:18
a [Music]
1:02:34
amen yeah now tell them what happened that we just got a text from someone who
1:02:39
was driving in a very green area with trees in the background they almost got hit by a car
1:02:45
it was a male and a female and they asked themselves how on earth did we not get hit by that car
and they're watching
1:02:50
online and the next thing that happened was you shared your vision [Music]
1:03:12
m [Music]
1:03:19

yeah and they were asking themselves how did we not get hit by that car como nosotros
1:03:27

[Music]

1:03:36

amen let me tell you how they didn't get hit by that car because the hand of the creator reached
down out of eternity

1:03:43

into their earth realm and save them [Music]

1:03:56

testing this guy's spanish here give him a round of applause we encourage him thank you gracias

1:04:02

the king of the kings and lord of lords love to reach down out of the heavenly realm into this
realm and here's the

1:04:10

amazing part you can be seated or stand it doesn't matter but the amazing part is they didn't pray

1:04:17

and ask god to save them his love is so great

1:04:23

it transcends whatever their current circumstances was and he said i'm going

1:04:28

to reach into their world he created the matrix moved the car out of the way or the car went right
through

1:04:34

them all we know is that yahweh reached his hand out and touched

1:04:39

[Music] when they came to our sukkot they were

1:04:45

bringing with them like uh not a tiny house but like a bus okay

1:04:50

remodeled bus and um they their bus like gave out

1:04:56

on the way up a hill like school bus the two of them she her husband and her

1:05:01

other son were with them on that trip this is just so amazing that it's just her and her son on this
trip because he

1:05:07

saw you know to a female and a male but normally she would have had her husband

1:05:12

and her other kid with them and literally their their bus gave out on up a hill and started going

1:05:18

down the hill and the husband had to tell the sun to jump out of the bus while it's rolling
backwards and they

1:05:24

were late to sukkot and it slipped over she has actually shared with me several um

1:05:30

visions and dreams that she she had when he was in prison like a lot of her experiences

1:05:35

while he was in prison paralleled his which was really crazy so like she's got a call in our life
god's obviously got

1:05:42

the satan's got a target on her back but praise the lord for reaching his hand out and saving them
1:05:49

again on their way here so be praying for them that they actually make it here safely

1:05:56

amen all right we're going to transition and uh

1:06:01

and you're going to sing a song right why we do this okay so sure yeah we're gonna prepare to

1:06:07

light the uh prepare to light the candles ladies and gentlemen so we are

1:06:12

gonna move and begin the process of lighting the hanukias cheryl's gonna move all of her stuff
as far to the left

1:06:19

as she can as as we prepare for after that the girls are gonna do pfc angels are gonna

1:06:25

do a dance oh you're singing with her okay okay yeah

1:06:30

so um if you want to grab your family and uh move your way just kind of make a

1:06:36

line and we're going to start lighting these hanukkahs it's just a tradition that we do

1:06:42

to create a bonfire on that table all right but what we're going to do is move the

1:06:47

table out just a little bit just so that we don't literally make a bonfire okay

1:06:52

and so they're going to sing a song a beautiful song in the background when we do that so you
can have a little family

1:06:57

moment and uh and like the hanukkahs okay [Music]

1:07:05

all right where are my kids at [Music]

1:09:00

oh [Music]

1:09:13

is

1:09:22

we will play [Music]

1:09:59

we will pray [Music]

1:10:09

is [Music]

1:10:24

is [Music]
1:10:35
we are the church [Music]
1:10:44
love makes us [Music]
1:11:02
love makes us
1:11:16
together
1:11:25
[Music]
1:11:34
together [Music]
1:11:46
[Applause]
1:11:56
is [Music]
1:12:14
day [Music]
1:12:19
[Applause] [Music]
1:12:31
we [Music] are makes us
1:12:38
[Music]
1:12:53
makes us [Music]
1:13:06
together [Music]
1:13:33
together
1:13:42
[Music]
1:13:52
do [Music]
1:14:26
to lay [Music]
1:14:40
makes us [Music]
1:15:17
is [Music]
1:17:50
so
1:17:58
[Music]
1:20:23

so [Music]
1:20:35
there is a wrestling feeling inside me trying to move on without any fear i
1:20:44
wanna be strong believe what i can't see but courage is something that has never
1:20:51
really been there
1:20:57
[Music]
1:21:10
sometimes my soul gets lost in the twilight i find myself asking all these
1:21:16
questions [Music]
1:21:22
show [Music] here me this place spirit of god
1:21:31
cast out all fear anything out of you take you from here
1:21:43
[Music]
1:21:51
so here i am i hesitate all the while knowing right where you
1:21:58
want me there's something inside and i feel it rising lord give me strength
1:22:05
just to fall on my knees finally [Music]
1:22:18
[Applause] i'm
1:22:25
[Music]
1:22:41
[Applause] [Music] shadows of faith
1:22:50
[Music]
1:23:03
on me [Applause] [Music]
1:23:17
show me your face spirit of god
1:23:26
here in this place
1:23:32
[Music]
1:23:41
[Applause] is [Music]
1:23:55
yeah you are the father [Music]
1:24:19

[Applause]

1:24:27

amen for that right come on one more round of applause for

1:24:33

the pft 2.0 angels [Applause]

1:24:40

they worked so hard for that anybody know where my little black table is i don't know what

1:24:45

happened to that oh there it is

1:24:51

where's the lord girls that was really good they worked so hard on that you can't even believe

how hard they worked

1:24:57

on that at my house and uh i'm so proud of them that was beautiful

1:25:07

anybody having fun yet listen man somebody said that this is too long

1:25:13

no actually nobody said it was too long i could do this all day and worship the king amen

1:25:18

all right i'm going to try to keep my message under three hours because i know we all have to be out of here pretty soon so

1:25:24

i'm just kidding you know what's more most important to me is um

1:25:30

making sure that the father gives his message and i think he's done a really good job of that already

1:25:36

amen amen honey am i missing anything we're doing good

1:25:42

all right all right let me open up my notes

1:25:50

and uh that's the code message let's go to hanukkah that would be nice right

1:26:01

i'm counting on that my notes will transfer from my iphone over to my ipad

1:26:08

right now

1:26:14

i'm not finding them okay one second let me grab my phone just to

1:26:27

all right i don't know why that did not sync up

1:26:33

how many love technology at the right time is anybody else warm

1:26:39

a little warm uh can you turn the aeron honey right back there or michael michael

1:26:46

yeah it's i think it's on heat right now but the mode buttons on the far left there

1:26:52

you go

1:26:59

all right let's start off and pray father we just love you we praise you and we thank you god for your kingdom

1:27:06

name lord that at every at your son's name every knee will bow

1:27:11

and every tongue will confess that he is adonai elohim our mashiach

1:27:18

ah but we just ask as you have moved in the message that you've already given

1:27:23

that you would continue to move through the message of your word lord i pray that everything i say will

1:27:28

not be of me but it will be of you that you would cut deep into the heart

1:27:33

of men and women and children around the world and you would begin a revival

1:27:38

of heroes lord in the faith father thank you for uncovering for us

1:27:46

the spectacular vision this afternoon and showing us that you are here you are

1:27:52

in this place that you still do miracles each and every day

1:27:57

and everyone said amen

1:28:03

all right you know one of the most amazing things about hanukkah of course is the lights the lights are when i look

1:28:09

at these lights what i see is not individual candles but i see an entire candelabra and then

1:28:15

beyond the candle abra i see the community of candela operas and the more candles that are involved with a

1:28:22

candelabra is the more the more light proceeds from that candelabra understand

1:28:29

so one of the things that i believe the father wants to do in the earth realm today

1:28:34

and in 2022 moving forward is i believe that it's time for our lights to shine

1:28:40

but to shine in such a way that they're not individual lights but they're corporately connected with

1:28:46

one another so that the lights can have synergy and strength to go past uh the

1:28:53

boundaries of an individual light and does that make sense the light that a single candle can produce is far less

1:29:02

than if two candles come together the boundary of that light goes even further

1:29:09

and so the story of hanukkah which i'm going to tell you in just a moment is extraordinarily powerful in my opinion

1:29:16

because it brings forth one single word that is lost in our culture today and

1:29:21

that is heroes you know i don't know about you but i grew up in the 80s where you looked for heroes and heroes were uh

1:29:30

people that you looked up to and many times they were sports figures that were heroes and and back in my day

1:29:36

you know one of my favorite heroes of all time was ozzie smith i was a shortstop playing baseball

1:29:43

i played a lot of baseball growing up and i loved ozzy smith because ozzy smith here in st louis is a local icon

1:29:50

but he was actually an amazing guy this guy was a was a

1:29:55

figurehead and a hero to many young men and young boys unlike today many heroes

1:30:02

don't live it on the outside they're only heroes in their own realm of of whatever their gift and their

1:30:09

talent is and so i want to talk to you a little bit about several heroes in the bible how they relate to hanukkah and

1:30:14

we're just going to see and then we're also going to talk about science many of you guys know i love

1:30:20

science and so i'm going to teach you a little bit about light today you're going to learn uh something about light

1:30:26

that you didn't know before how it relates to the bible and how uh science validates through god's

1:30:32

creation the original intent of the creator and what he's trying to do in our life today many times i see patterns

1:30:39

both in the scriptures and also i find those same patterns patterns in the

1:30:44

earth today and specifically through science so we're going to talk a little bit about like that about that and then

1:30:50

we will end with however the holy spirit wants to end this message on a challenge

1:30:55

to be a hero all right so let's talk about several heroes that we know of in the

1:31:01

scriptures how about samson samson's a hero he fought against the philippines philistines i want you to tell me what

1:31:07

the common theme is that you see between the heroes that i'm going to share with you so we have samson

1:31:13

underdog against the philistines how about gideon's 300 against thousands

1:31:20

right and gideon's army was far bigger than 300 you understand but the father

1:31:25

said no no no we're not going to do this in the usual way we are going to take

1:31:30

down giants by stones by pebbles not by giant armies and does anybody know why

1:31:38

god told gideon to get rid of the tens of thousands of people that were in his army that could have easily

1:31:45

been a one-to-one match against the enemy and it would have been a good a good fight

1:31:50

and israelites probably would have won but why did he remove everyone but 300.

1:31:58

100 for his glory because it's all too often in our lives that that

1:32:05

we move forward and great things happen and then we somehow think we had something to do with it

1:32:12

and god says he doesn't share his glory with anyone and when we begin to

1:32:18

intentionally or unintentionally most of the time unintentionally begin to think that we're somebody or are doing

1:32:24

something even if it's something for for the creator even if it's something for yahweh himself

1:32:30

in the case of ministers a lot of ministers believe we're doing something for god and so we must be doing

1:32:36

something great and god must be endorsing us and many times there's pride in the back of the heart we don't

1:32:41

realize that we're not doing something with the right intentions ultimately and

1:32:46

you know there's percentages in everything so you can say well yeah my my heart is for the lord but but what

1:32:52

percentage of your heart is is true and pure and holy when you give a gift to someone

1:32:59

how much of that is 100 altruistic and how much of that is you're expecting

1:33:04

at least a thank you card did you know that if you're expecting a thank you card your heart is not 100 pure

1:33:10

god was never expecting a thank you card when he sent his son he knew the only response was is we're

1:33:16

going to kill him and he did it anyway so our hearts are going to be tested in

1:33:21

this next this next season this next season god is going to begin to now this

1:33:26

is prophetically speaking what has been teaching me and showing me in my private time

1:33:32

is that the testing has been happening for a long not a long time but there's

1:33:38

been a crucible that's happened and the end of the testing is near where those who are qualified will move

1:33:45

forward and those who are not qualified will move backward let me say it in bible terms those that are qualified from the

1:33:52

wilderness experience will move forward into the land of canaan and those who are not they will lovingly

1:33:57

be endorsed by the by the creator to live in the wilderness did you know that yahweh doesn't hate 1:34:02

the israelites that lived in the wilderness he still took care of them loved them right i mean even even their sandals on

1:34:09

their feet did not wear out but those that were qualified and passed

1:34:15

the test moved forward into the land of canaan and extraordinary things happened you

1:34:20

know what happened they had to go to war it's not like they went across the land of canaan and yahweh was sitting there

1:34:25

waiting to hand out olympic gold medals for all those that made it for 40 years no he said welcome to the team now it's

1:34:32
time to play rugby we're going over to jericho first

1:34:38
how about david's mighty men against tens of thousands

1:34:43
how about esther one of my favorite people in the bible queen esther queen esther put her life on the line

1:34:50
and risked everything for something that she believed in to save her people

1:34:57
i would consider her a heroist would you a heroine

1:35:02
how about moses pretty obvious hero against pharaoh all odds

1:35:08
former family ladies and gentlemen how many love going up against your family moses did

1:35:15
and he feared not he went before yahweh went before him

1:35:20
how many remember phineas okay this guy had zeal had passion

1:35:26
and he said no not on my watch we're not going to horror against our king

1:35:32
and put us back into bondage and he killed the people right in front of the altar with one spear

1:35:39
because they were transgressing the law of the lord and he stopped a plague that had killed 24 000 people by the

1:35:46
time he got there my friends you know what's lacking in

1:35:52
the earth today heroes what's lacking in the earth are people that are willing to step out and

1:35:59
stand up and say no as for me and my house we're going to serve the lord

1:36:05
and we're going to do so in spirit and truth now i can tell you that that heroes

1:36:10
that's the all the hero stories sound great but when you when you unpack them and

1:36:15
you drill them down you will find out that the line in the sand that separated

1:36:21
them from being a regular person and the line that caught that they had to cross before they were called and worthy to be

1:36:27
called a hero is they had to conquer this

1:36:32
themselves they had see it's not the giant

1:36:38

that david had any issues with the giant was already dead before he stepped out on onto the field
amen

1:36:45

the fight amen we ain't going no further until we become at least baptist all right

1:36:50

we'll work our way to non-denominational but i got to hear some feedback so listen

1:36:57

before great men of the bible were great do you know what happened they were late

1:37:04

before great men of the bible were great they were late what do you mean by that pastor jim they were late to getting to

1:37:10

their call because they couldn't get over their own flesh they couldn't make the right decision to do the right thing

1:37:17

at the right time so god said you know what listen i want you to be a hero i want you to accomplish great things for

1:37:24

me but because you can't get over yourself and the things that your issues that you have and you continue to choose

1:37:31

the flesh over me i've got to have you sit in a timeout therefore peter goes to

1:37:36

prison paul goes to prison jeremiah goes to prison six of the major prophets went to prison did you know that

1:37:42

six two-thirds of the new testament written from behind bars

1:37:47

men went into trials tribulations you know a pattern that i see you'll say

1:37:53

tribulation i see men we're the problem we're the ones going to prison you don't

1:37:58

see our wives going to prison where's jeremiah's fiance

1:38:05

you know at the end of the day men are the problem because god wants us

1:38:11

to be heroes inside of our own homes but we choose not to do that we step

1:38:17

back instead of stepping up and many times we do this okay god we want to start and we put our wives out

1:38:22

front like a shield before you're like man the bible says there's a shield before me

1:38:29

no no no we are supposed to be the protectors out in front as the shield taking the hits amen

1:38:36

holy spirit wants to create amen holy spirit wants to create heroes so

1:38:42
how we gonna do this we've got to defeat the flesh because until we take away the
1:38:47
flesh you know what the flesh is the flesh is the covering over the light
1:38:52
and you know what lights feel extremely vulnerable
1:38:57
why look at the lights right now everybody look at the candles
1:39:03
every single one of them are shaking in their boots can you see it they're shaking back and forth
now we go
1:39:09
oh it's beautiful but to the to the candle to the flame they're scared out of their mind
1:39:15
for two reasons number one it's constantly breathing the wind is constantly trying to is pushing
on them
1:39:22
and two they know they only got a matter of time before it's over with
1:39:28
isn't our lives exactly like these candles our light
1:39:34
is so fragile that we waver in all circumstances in every
1:39:42
atmosphere and we know we only got a limited amount of time
1:39:48
what we don't know is the storms of life the very reason why those flames
1:39:55
grow is because of the wind that's pressing upon them
1:40:00
do you hear what i'm saying it's the oxygen it's the ruach wind that pushes
1:40:06
against you don't blame it on the enemy ladies and gentlemen
1:40:12
it wasn't satan that put me in prison it was god
1:40:18
who loved me so much that he gave me his only begotten
1:40:24
prison cell you like that
1:40:31
that whoever believed in that prison cell would have eternal life you see the father thinks
differently he
1:40:37
gave permission to the enemy to put me in a place where i could learn how to
1:40:42
kill this so that the father would shine brightly through me and that's all that people would see
1:40:49

god is not interested in heroes in their own right he's interested in heroes for his right
1:40:56
god is not interested in heroes of their own right let me say it again he's he's interested in heroes
of his right that
1:41:03
we'll do right i want you to ask you a question answer
1:41:08
a question right now how many of you to yourself
1:41:15
really want to go through life and not impact the kingdom of god
1:41:21
you know we're a breath we're less than a breath on this earth we're the dew before you know the
dew is
1:41:27
there what happens to it it's gone whatever fame whatever glory whatever status whatever
financial status
1:41:34
wherever you live whatever zip code you're in it doesn't matter what you do or what you've done
1:41:40
when it's all over with you're judged based on how much investment
1:41:47
you returned for him what did you do with the talent that he gave you
1:41:52
how much did you increase the kingdom with what you have
1:41:59
that's it your first judgment is do you have this of the blood of the sun on the doorpost of your
heart and the second
1:42:05
judgment is for whatever your your reward and your blessing for eternity is
1:42:11
and that is 100 dependent on how much you influence the kingdom so how do you
1:42:16
influence the kingdom stop concerning yourself with yourself
1:42:22
you don't matter only god matters
1:42:28
you might say oh that's harsh what do you mean i don't matter god says i matter you're right you
do matter to him
1:42:35
for one reason so that you can matter to others no
1:42:42
so that you can make others you can't do that either no so that you can increase the kingdom
1:42:49
that's why you exist true heroes look beyond themselves
1:42:55
so let me read a couple quotes if you have your bibles you can turn to judges chapter 16.

1:43:01

i love this scripture

1:43:12

i want to get in the head of gideon for just a second

1:43:19

before we connect all of this to the feast of dedication can someone shut that door back there

1:43:25

please

1:43:32

i'm sorry judges chapter 6 and verse 13.

1:43:39

delilah said to samson

1:43:56

nope delilah did not talk to samson in judges 6.

1:44:01

she talked to sampson in judges 16. so let me go to judges six

1:44:07

and maybe i'll get to the right verse that i wanted to talk about i read that verse and went what on earth

1:44:14

verse 13 of chapter six of judges gideon said to him oh my lord if yahweh is with

1:44:21

us why then has all this happened to us and where are all the miracles which our

1:44:27

fathers told us about saying did not the lord bring us up from egypt

1:44:32

but now the lord has forsaken us and delivered us into the hands of the midianites anybody ever felt like that

1:44:39

we were like man if if god is for us then why are we completely surrounded

1:44:45

by the enemy and where are all the miracles that our forefathers talked about this is gideon

1:44:50

saying this now if i said that from the stage people would turn me off immediately never come back again pastor jim's lost

1:44:57

his mind he's doubting god this was gideon's moment

1:45:02

where gideon was about to become gideon

1:45:09

this was the deciding moment where gideon had to make the choice of whether

1:45:14

or not the creator of heaven and earth really saw him

1:45:21

i don't know about you man but i feel that a lot father where are you

1:45:26

why don't i feel you if you're really there why am i surrounded
1:45:32
and i love that song you may say that you're surrounded
1:45:38
but really you're surrounded by him because there's so many angel armies
1:45:44
around you that you can't see and with the reason why let me let me give you the clue of why the
father says
1:45:50
he allows the enemy to encamp around you two reasons one
1:45:56
he's about to promote you and he needs to test you he's going to test your faith
1:46:02
he wants to know how you see what do you see
1:46:08
how many remember are old enough to remember the pictures that they had on the wall of the
1:46:13
millions of colored dots it was framed out and you saw nothing
1:46:18
the color dots and someone said well what do you really see look more careful look deeper into
1:46:25
the picture and the deeper you looked and by the way this is how you saw what you saw because
there was a picture
1:46:32
inside all of these dots that you cannot see on the surface it's impossible
1:46:37
by first glance you must deeply look into the picture and incredibly
1:46:42
it came to life into three dimensions anybody remember those they were amazing am i the only
one okay
1:46:48
okay we're good we've got children of the 80s over here what were those called by the way did
anybody remember i don't remember they
1:46:54
were really popular back then but the point is is you had to look deeper into the picture before
you actually saw
1:47:00
something in the same way the father says look whatever situation whatever circumstance you're
going through i want you to look
1:47:07
deeper don't look on the surface the answer is never on the surface
1:47:14
if it was on the surface how much faith would it take for you to find it zero and what did i tell
you is his
1:47:20
number one goal he's trying to increase your faith because he has a place for

1:47:26

you to go and you can't go in the flesh you have to go by faith

1:47:32

it's by faith right that all these men that are listed in

1:47:38

uh in hebrews chapter 13

1:47:43

the men of faith it's by faith that abraham did this by mooses by faith that mooses did this and

1:47:49

so on and so forth what's he trying to say that the hall of hall of faith is filled with faith so

1:47:55

everything that happens when the enemy's a camp around you its desire is to burn

1:48:01

the enemies through your faith and that faith is light and when i get into the science behind

1:48:06

this i hope it's going to encourage you and challenge you and blow your mind all at the same time

1:48:12

because god's desire is for you to light on fire

1:48:24

go two verses down further in verse 15 it says this and the lord said to him surely i will be with you so he just

1:48:33

made this proclamation to the lord lord where on earth are you

1:48:38

and the lord said to him surely i will be with you and you shall defeat the midianites

1:48:44

as one man

1:48:50

i get questions all the time pastor jim what do you what do you think is happening in the earth what what's going on in prophecy where are we at i'm

1:48:57

telling you we're at the getting in place right now he is putting together the gideon army

1:49:03

and he's raising up the kings of the earth because yeshua says i am the king of kings where are my kings

1:49:12

and the father is building up the kings through their own crucibles and bringing

1:49:17

them to a place where the armies will come together as one this is the one new

1:49:22

man of ezekeil chapter 37 of ephesians chapter 2. this is the combination of the house of israel in the house of

1:49:28

judah coming together in this realm for one purpose

1:49:34

to defeat the enemy before god

1:49:39

but first you have to defeat the enemy in your own life

1:49:46

two more verses down to verse 17. it says then he said to him if now i

1:49:53

have found favor in your sight then show me a sign that it is you who

1:49:58

talk with me do not depart from here i pray until i

1:50:04

come to you and bring out my offering and set it before you and he said

1:50:10

i will wait until you come back what does anybody believe gideon has got some

1:50:17

guts here this is more courage than almost anybody i've ever met in scripture

1:50:23

this guy is talking with god himself and says hey listen i need to know that it's really you

1:50:30

now i don't know by you but if if an angel of the lord shows up in my house and starts you know telling me thus says

1:50:36

the lord and thus says the lord i'm i'm probably going to take him at his word he's the one holding that shiny sword

1:50:43

that runs down his right thigh but gideon says look i i need to know

1:50:49

and i an angel of the lord respects him for this why

1:50:54

from someone's perspective they might believe that gideon is doubting the creator he's doubting god no no no no

1:51:03

why does he say i need to know

1:51:08

anybody know take a guess why is gideon so concerned

1:51:16

is it because he's doubting no i can tell you what what what is in his heart is this man fears god so much

1:51:25

he does not want to make a mistake he knows he's the leader he knows that he is charged with leading

1:51:32

this army and he wants to make sure

1:51:38

how many of you before you move you make sure seek the lord while he may be found make

1:51:44

sure these are these are these stories are not stories these are patterns for living this shows us what we should do

1:51:51

and what we shouldn't do how does yahweh want us to relate to him

1:51:59

so now let's back up and tell you the story of hanukkah keep all of that in mind

1:52:05

put kitty enough time for just a moment let's talk about the festival of lights it's 167 169 bc

1:52:14

and king antiochus iv comes in town and he takes over

1:52:20

the entire jerusalem area and now jerusalem is now occupied and

1:52:26

all the jews like the romans would do hundred years later

1:52:31

the greeks occupy jerusalem and take over even their religious life and this is where the term hellenization

1:52:38

came from so this is where the greeks many of them begin to adopt some of the greek

1:52:45

lifestyle into their religious circles and into their thinking and into their sports and

1:52:50

so on and so forth a couple years went by and there was a

1:52:56

gentleman by the name of mata yahoo who had had enough and along came a greek soldier who

1:53:02

offered him a tremendous amount of money and said look matt yahoo you are a man of great influence

1:53:09

i will pay you a lot of money bribed him and said i'll pay you a lot of money if you will go along with this greek

1:53:15

occupation and help us calm down the religious jews yahoo turns him down

1:53:22

and immediately someone to the right or to the left steps up and says hey look if he's not

1:53:28

going to do it i'll take the bribe and i'll do it which at that point mata yahoo grabs a

1:53:33

sword pierces it through the person that was going to step up and take the

1:53:41

bribe and then kills the emissary that was there to offer the bribe

1:53:48

this didn't go over well with the greeks and authority so mata yahoo

1:53:54

was forced to run with his sons and they began to fight

1:54:00

and then later his son judah maccabee comes along and he was called the hammer
1:54:10
and there came a day where the maccabean revolution they were able to push the greeks out take
back over
1:54:17
the temple and then they rededicated the temple in 167 exactly three and a half
1:54:22
years into occupation fulfilling the first layer of prophecy with daniel chapter
1:54:28
nine that we talked about earlier that the temple would be desecrated
1:54:34
three and a half years into an agreement
1:54:41
now what what's what's the power of this story this the power of the story is that judah maccabee
and his family
1:54:48
decided to put their life on the line and they became the next heroes in line and from that they
rededicated the
1:54:54
temple and we know today that we are the temple of the holy spirit so we also know from the
story that the enemy has
1:55:00
the power and the authority and the know-how and the agenda to manipulate and sometimes by
force to take over our
1:55:07
temples and the only way to take back the temple is by
1:55:12
force if anybody knows prophecy immediately the scripture comes to him that the kingdom of
heaven is taken by
1:55:20
what what is and oh should we should we take up arms is that what you're saying jim
1:55:25
no what's the greatest force on this earth there's one force that nothing
1:55:32
can penetrate no one can stop it's a light that cannot be quenched and
1:55:38
the moment you tap into it you become inaugurated into a different realm
1:55:44
you move from one realm from the earth realm to the heavenly realm immediately
1:55:50
and power exists in this realm what is that realm it's the realm
1:55:57
of prayer when we move into the realm of prayer we move into the realm of faith when we
1:56:03
move into the realm of faith their enemy has no power in
1:56:09

the realm of faith so do you know what he does when he sees because he sees things differently
1:56:15
the enemy sees colors that we don't see the science is just now beginning to discover
1:56:22
literal colors that are coming from people we're beginning to see
1:56:27
waves of spectrums that we couldn't see because of new technology and i believe what we're
really doing is seeing into
1:56:33
the spiritual realm and we're seeing other dimensions and how they layer over
1:56:38
the top of us and so all that to say is the enemy knows where faith is it's a color
1:56:45
there's a color of faith and when he sees that color beginning to
1:56:50
grow he attacks it and what does he do it with doubt
1:56:58
doubt my brothers do not doubt or be like a wave of the sin what of the sea blown
1:57:04
and tossed by the wind doubting prevents your faith from growing
1:57:11
the wind of the spirit increases your faith
1:57:17
makes sense pretty basic stuff i understand so let's talk about the science of all this
1:57:25
there are seven properties of light i think that's fascinating and there's only seven
1:57:32
i believe it's connected to the seven churches and although that could be an entire message of
going one by one into
1:57:38
the seven churches we don't have time to go through all of them i'm just gonna pick out two or
three and show you the
1:57:43
amazing connection of why god it says in his word he is light
1:57:49
why his angels are light why yeshua says you are the light of the world why he says that that
temple is
1:57:54
the light why he says to go out and be a light share the light that the light was drowned by sin
and
1:58:00
they saw themselves naked because they originally had light emanating from them why
1:58:07
why is god obsessed with light what's the first thing in creation that comes out
1:58:13
light but wait a minute it was created on the fourth day so how is it possible that

1:58:20

the first day there was morning there was evening and morning because there was light the light had not even been created yet

1:58:26

or had it because the light is

1:58:32

his presence that manifested through the darkness into our earth realm and that light

1:58:39

exploded over the face of the waters that didn't exist yet the spiritual waters the amniotic fluid of his own

1:58:45

womb because god is everywhere you know what he is he's light he's in every direction

1:58:51

as far as you can get and the only way to create the universe is to create a void inside of himself

1:58:59

it's like the womb of god the that darkness where he's not

1:59:06

he sent a shaft of light into that darkness that dark that light became his son

1:59:12

what was created on the first day with a manifestation of god into our world

1:59:18

that is the first day it's the only day that matters if you will when it comes to life so

1:59:24

listen to this the seven properties of light number one the reflection of light

1:59:33

the refraction of light the diffraction of light

1:59:39

the interference of light the polarization of light the dispersion of light and the scattering of light

1:59:46

this is the journey that god's people have been on from the very beginning of time with the very first time that man

1:59:52

exists what happens to the light the light is perfectly reflected

1:59:57

off of man so that man when you look at another man you see the image of yahweh

2:00:04

makes sense so let me explain to science so when you see a reflection a reflection is a

2:00:10

perfect angle going at the ex coming coming out of the exact same angle

2:00:17

of the origin of the light so if the light comes in at a 45 degree angle it reflects off perfectly at the 45 degree

2:00:23

angle maintaining 100 of the original intent of the of the original angle

2:00:30

the light is perfectly reflected think of being at the base of a lake there's mountains in the background you see the
2:00:36
mountain perfectly reflected you move over here the mountain seems to follow you
2:00:43
because the light is traveling at whatever angle it follows you in the same way this is the original
2:00:50
intent and purpose of yahweh today is that we reflect his light perfectly
2:00:55
that none of the light is transferred in any other direction
2:01:00
but the direction that the father put it in but unfortunately many of us make the
2:01:06
second mistake and then man refracted the light refraction i want you to think
2:01:11
of in your in your mind's eye i want you to see a fish in the water and a man trying to kill that
fish with
2:01:18
a spear do you know how hard that is it's extremely difficult because what he
2:01:23
sees the fish is not where the fish is it's an illusion
2:01:30
because your eye goes in a direct straight line and so you see through the
2:01:35
water and you can draw a straight line from that fish to your eye and you think that's where the
fish is
2:01:42
but in reality light is bent from the surface that it's hitting and the light
2:01:47
actually bends closer to you so you will always shoot over the top of that fish 100 of the time and
the fish is very
2:01:54
grateful for refraction that you can't see it properly
2:02:00
because you're looking through something that the light was not intended to go through
2:02:06
a prism what did paul say he says we look through a glass what
2:02:12
dimly you see if you want to see the pure word of god we got to strip it from its
2:02:18
doctrines of traditions and doctrines of men because it refracts it
2:02:23
it bends it in another direction that it was not intended to go and so what happens is we keep
trying to operate and
2:02:30
serve god but we never get the blessing of god because why

2:02:35

we're shooting over every single time we can't hit what we want to hit because we're seen wrong we're looking in the

2:02:43

wrong place

2:02:49

there's another one interference of light and then what we have is this the

2:02:54

interference of light is light coming down and then there's a wall

2:03:00

and that wall blocks the light completely it can't move any further it's interfered

2:03:06

by a medium something that's in that place

2:03:14

now what is that that's our sin right

2:03:20

our sin blocks the light completely matter of fact in colors you know why you see blue

2:03:27

because when all when white light comes down it has ever all seven colors of the

2:03:32

rainbow built into it and every color is absorbed into that material except for

2:03:39

blue and blue is reflected off of that substrate and you

2:03:45

see only the color blue because the object absorbed the rest of the colors

2:03:51

so it's only blue how many people do you know that see the bible or a situation a certain way and

2:03:58

man it doesn't matter how much information you give them they see it that way

2:04:03

you know why because they don't have the ability to reflect back

2:04:10

to you what you're saying because they're not really hearing you they just absorb every other color

2:04:16

and they only want to see this color

2:04:22

you know why white is white because it reflects every single color of the rainbow

2:04:27

wow could that be why yeshua has a white robe and why were all given white robes because the full seven

2:04:35

colors of god from the seven ways that light are refracted or or properties of

2:04:41

light to the seven churches to the seven spirits of god that are the candles to the to the seven churches

2:04:48

perhaps

2:04:54

the creator is looking for us to reflect his light in such a way that

2:05:00

others would see it and they would want their lights to be

2:05:06

lit as well but the interference of light well before i go there

2:05:12

what about black do you know why we see black because black is absorbing every single color

2:05:18

there's no light it's actually not even a color we call it black

2:05:23

but there's no color there at all there's it absorbs 100 this is pure evil this is why evil is

2:05:30

always associated with black and white god is always associated with white because the seven characteristics of god he's

2:05:36

100 pure white which is why when we are in this realm

2:05:42

we're supposed to be reflecting the light of god so people will see us differently

2:05:50

when we interfere with the light in someone's life we are removing the opportunity for them to have to see the

2:05:57

truth now watch this we take that same wall and we put one little hole in it one

2:06:02

little gap in that hole and you know what happens the light hits the wall

2:06:08

and now you might think that the light comes out on the other side and it's just a straight line

2:06:14

but it doesn't work that way in science it actually creates a wave

2:06:20

a complete wave like a sound wave so picture sound waves a small wave and then the waves get bigger and bigger and

2:06:26

they cover the entire rest of the other side of the wall sound works the same way this is why you

2:06:32

can have one window open here one window open here someone be talking out this window and it will travel down the road

2:06:39

down the wall and back into this window it's called interference and how this relates to our spiritual

2:06:46

life is when the truth comes in all god's looking for is all the blockage how many how about out there have people

2:06:52

in their lives family members friends where you really want them to see the truth

2:06:58

you really want them to see more of god maybe you want to see more of god but you have a blockage in your life you

2:07:03

know what you're always looking for just a small hole just one little hole and the light will penetrate every

2:07:10

single surface on the other side of that he just needs you to have a little bit of faith

2:07:16

that little bit of faith will move mountains in your life but you know what blocks the little bit

2:07:22

of faith another stone another heart of stone that doesn't care about other people

2:07:28

that puts your own feelings before others that selfishness that we always have it seems when we're walking in our

2:07:35

own lives and we're doing what we want to do we don't we say we're going to do bible things in bible ways but in

2:07:40

reality are we doing bible things in bible ways is following the feast days doing bible

2:07:46

things in bible ways is eating clean animals following bible

2:07:51

doing bible things in bible ways or loving your neighbors yourself part

2:07:57

of doing bible things in bible ways putting others before ourselves being kind and

2:08:03

courteous and full of love and joy and peace and patience that's doing bible things in bible ways too isn't it

2:08:10

which is higher keeping the shabbat or loving your neighbor which is harder

2:08:17

loving your name it's the very thing we're supposed to do and then lastly i want to talk about the

2:08:23

scattering of light this all relates to the journey of

2:08:30

israel what happened they were taken into bondage and then he scattered them to the four corners of the earth

2:08:38

light scattering is the idea that light comes in one direction hits a medium and then it goes out in every single

2:08:45

direction totally going in the opposite direction the light intended to go and it goes in

2:08:50

every single direction you see yahweh knew that we were going to do this
2:08:55

he knew that we were going to sin he knew that we were going to scatter the light so he said i
might as well take advantage of the opportunity allow them
2:09:02

to be scattered into the four corners of the earth so then the little bitty light that's left on the
inside of them when
2:09:07

they come back to me and they repent and their candle begins to light i won't
2:09:12

have one candle in one place i want to have one menorah i'll have millions of candles and
menorahs all over the world
2:09:19

that will begin to share the light with with others that are around them
2:09:26

the father is looking for people my friends we're just going to close with this the father is looking
for people that
2:09:32

will step out of their comfort zone look let's just be real let me be real
2:09:38

with you for a second this is not the deepest message this mess is not filled with 100 powerpoints
2:09:44

but there's individual nuggets in here that are designed for individual people
2:09:50

and i know that in this group that there are challenges
2:09:56

right before you there are tribulations that you're about to go through or you just came through
2:10:02

there are people that you haven't met that are going to need you this young man had a vision
from the
2:10:07

lord that really let me just say this it saves someone's life you always save
2:10:14

someone's life and then reveal this incredible move through this young man what if he decides
not to come
2:10:20

what if he decides you know what it's sunday afternoon i'm going to go do what i want to do but
he decides to come and be a part
2:10:28

of this congregational meeting today and and by default everyone is
2:10:34

encouraged you see it's all about the light he ended his he added his candle to the
2:10:40

menorah and so the light becomes brighter you know what the father's doing right
2:10:45

now around the world he's gathering light he's about to do something amazing what

2:10:52

kept the enemy at bay when they left egypt when they're at the red sea

2:10:57

it was light it was the pillar of fire that twirled in the darkness and gave

2:11:05

them enough time to get where they need to be do you ever feel like the enemy's chasing you following you

2:11:11

you just can't get away have you ever considered that you are so

2:11:16

unpredictable in the eyes of the father that he's got to move you where you need

2:11:21

to be and the only people that you listen to is the enemy did you catch what i just said sometimes

2:11:28

the only way to get us across the desert is to have someone chase us out into the desert

2:11:33

because we'll never go on our own following god by ourselves is

2:11:39

not something that's natural so sometimes he uses the enemies and your situations to put you in a place

2:11:46

where you need to go i get asked all the time how do you know when when it's god how do you know how

2:11:52

to follow god how do you know when to go to the left or go to the right it's very simple god's the only one that can close

2:11:57

doors the enemy cannot close doors remember that it's your answer to so many

2:12:03

questions that you have satan has no ability to shut a door he only opens enough to confuse you

2:12:11

and most of the ones that look like you should go through are probably not the ones initially that look like you should

2:12:16

are not the ones that you should walk through that's why yahweh tries to teach us by what we believe is him always being late

2:12:22

by just dragging your feet wait be patient the father will begin to let circumstances close the doors

2:12:30

one at a time and the last one open is the prize every single time

2:12:37

when yeshua said he that he is the light of the world it was because he did his crucible

2:12:43

he passed his test he became the light of the world and then unbelievably there's no other

2:12:48

god in the universe that did this that was willing to share their authority
2:12:55
and he said you are the light of the world you go now and do greater works than me go
2:13:02
and recognize it's not about a moment it's about a string of moments it's about your decision
2:13:09
to be a hero it's about your decision to go you know what there's an enemy out there it needs to
be defeated and it starts with me
2:13:18
where does judgment begin my friends none other than the household of faith
2:13:25
so those who are in the household of faith you know they tend to have the most problems
2:13:31
the most uh the most arduous journeys the craziest stories
2:13:37
because if you live by faith you are a target for the enemy that's how it works
2:13:42
if you don't live by faith you're no threat to the enemy leaves you alone
2:13:48
but the father says look it's time for people to step outside of themselves and
2:13:54
move into the realm of faith and how do you do that by putting aside the deeds
2:13:59
of the flesh and how you do that by the spirit says the lord
2:14:05
so what's the upcoming conference in 2022
2:14:11
it's by my spirit says the lord the spirit of god is moving he's going to move all across this land
2:14:18
you're going to see things that you dreamed of in 2022 and some of those might be close
2:14:23
to nightmares and whatever happens in this country
2:14:29
in this next year rest assured the father already has the answer and the road map for believers
already
2:14:36
written all we need to do is to walk by faith
2:14:42
not by sight says the lord keep my commandments the lord says for that's how you say that you
love me
2:14:48
that's how i know he says you see this hanukkah season it's our
2:14:54
desire uh worship team if you could come back up for a second it's our desire that you would
2:15:00
dedicate rededicate yourself to the lord that you would take your heart that you

2:15:06

would open it up before him and say father i submit myself before you

2:15:14

i submit myself i want you to teach me what my crucible is what is the line in

2:15:21

the sand what is my test that i got to be because i want to beat this thing and

2:15:26

become the gideon i want to be the samson i want to be the david's army i want to be the little
guy

2:15:33

the underdog all of the heroes of the bible have one thing in common they're all underdogs every
one of them

2:15:40

aren't we the underdog aren't we the small group if you had a church service in the first

2:15:46

century with yeshua it was pretty small like 12th

2:15:56

they couldn't even have a worship team there wasn't enough people but they changed the world

2:16:04

think that you are small among the clans of judah because out of judah

2:16:10

comes the king you may or may not know this

2:16:15

but bethlehem was more than a village bethlehem a fraud

2:16:20

fruitful was a levitical village

2:16:26

that the bread for the temple was made

2:16:31

and where the oil for the menorah was made oh and by the way you know what else was

2:16:39

made in bethlehem a fraud

2:16:44

that's where they raised the passover lamb and the yom kippur goats

2:16:50

wow out of nothing came everything

2:16:57

out of the ashes comes life

2:17:03

see god's not concerned about fancy messages anymore power points that dazzle the mind

2:17:11

he's looking for one simple message to resonate with his people

2:17:19

that's the message of will you live by faith

2:17:24

because that's where i live says i want to walk with my people

2:17:29

again but i have to have faith

2:17:34

i cannot walk outside of faith

2:17:40

you want the kingdom of heaven to come you want to see miracles every day

2:17:46

[Music] and we need to live by faith

2:17:51

that's the only way the light shines and here's your test write it down at home

2:17:58

you'll always know when you're not walking by faith [Music] because you'll be wondering

2:18:04

and worrying and bending towards how you feel

2:18:10

let me say that again the litmus test for faith is that you'll find yourself

2:18:15

concerned in placing on a platform how you feel

2:18:21

[Music] when somebody aggravates you and frustrates you

2:18:28

the fact that you are frustrated and you're focusing on that other person

2:18:33

you're putting yourself up to remove faith from your life your

2:18:38

your your your killing your own light [Music]

2:18:44

how many times did yeshua get emotionally upset because someone spit in his face

2:18:50

now one the only anger he ever expressed

2:18:56

was at the refraction of his light

2:19:02

being pointed into a different place

2:19:07

see there's we're in a new place in a new season and the lord is just looking for someone

2:19:14

to say [Music] here am i send me

2:19:21

one other thing that was pretty powerful in here i glossed over it

2:19:27

you know what gideon did before god used him

2:19:34

he said hold on lord let me go get my offering

2:19:39

i'm gonna give you i'm gonna give you something that means something to me

2:19:45

let me ask a question to you what have you offered god lately

2:19:53

you don't stay married for very long if you don't give to the other person

2:19:58

how much do you take and how much do you give

2:20:04

i'm not talking about money somebody thought i was talking about money i'm talking about sacrifice it's far

2:20:11

more than money

2:20:16

when the ledgers are opened on judgment day what did you deposit

2:20:21

to advance the kingdom in your life the father says man do it to your neighbor first

2:20:30

i'll know you mean it stand with me please

2:20:36

[Music]

2:21:17

father i just want to say thank you lord for this day i want to thank you for the celebration

2:21:24

of lights i want to thank you lord that in the deepest darkest night a single

2:21:31

flame shines and shows us the way

2:21:38

the truth and the life [Music]

2:21:47

father i recognize that i'm inadequate i'm weak

2:21:57

but you are strong lord i pray for everyone in the sound of

2:22:03

my voice that's going through something or is it bound to let them pass the small test so that they can be

2:22:10

promoted to the larger territories i pray that your bride

2:22:16

around the world [Music] would hear your call

2:22:25

fall on her face repent of her sin

2:22:32

and then stand up and be the hero

2:22:37

that we were meant to be unless shepherds rise up all over the

2:22:43

planet lord

2:22:50

[Music]

2:22:55

father i just prayed anybody that's sick right now or hurting anyone that's

2:23:01

has disease brokenness lord i pray that you'd heal them right where they're at whatever the

2:23:07

pain is i believe by faith lord you're gonna heal someone right online

2:23:17

three states over god i pray you to heal someone right now let them know that you're alive

2:23:25

in their neck of the woods lord i pray that you'd heal our hearts

2:23:32

challenge us father to be stronger more courageous than we are now

2:23:40

to follow you in deeper ways more faithful ways

2:23:46

help us to have patience with others to love others

2:23:52

more than ourselves let the light shine god

2:23:58

in such a way that people will be drawn to it [Music]

2:24:05

and i pray father at the end of this day today that you will have been pleased and glorified from
our try

2:24:13

this is for them lord that they might grow closer to you

2:24:19

from our trying so father i pray that you bless them

2:24:26

you will keep them that your face would shine upon them

2:24:31

and that you would give them shalom can we say one more song before we leave

2:24:40

[Music]

2:26:02

oh

2:26:11

is [Music]

2:26:26

2:32:01

me [Music]

2:32:12

is [Music]

2:32:28

now [Music]

2:32:56

we just asked that you would be the fire inside of us lord stir us

2:33:01

would stir us and make us into a flame that would light our woods on fire light

2:33:09

every tree around us on fire we just pray that we will go back to
2:33:14
wherever we came lord and we would be infectious to others that they would see the light inside
of
2:33:20
us and glorify you because of it this world is hungry and starving and
2:33:28
looking for the truth and they don't even know it let us be ambassadors and representatives of
that truth
2:33:36
let your spirit overtake us and overplay us god
2:33:42
in the hand of life we love you and we praise you and we
2:33:48
thank you for being with us this day on the first day of the feast of lights
2:33:54
where we dedicate and rededicate our temples again and everyone said
2:34:00
amen before you leave i want to uh just give
2:34:06
credit and honor to a few the folks that are behind the scenes most people do not know
2:34:11
what it goes what what it takes to put on something like this this is a rented church and we
basically
2:34:17
had to strip the entire stage of everything and bring all of our own stuff in
2:34:22
we we started at four o'clock yesterday didn't leave till after midnight
2:34:27
uh here didn't go to bed to probably two o'clock in the morning but uh everybody on stage here i
want to just
2:34:34
uh to say thanks please tell them thank you all of us are hurting and sore and tired
2:34:41
and hungry and i want to say thank you to my wife uh for being a part of this and just
2:34:47
standing by me all the years and and doing what she does and
2:34:53
brittany thank you for coming and singing with us for the very first time and of course
2:34:59
michael brown on the drones with his wife carrie who does so many amazing things
2:35:04
my mom i don't know if she's still here but she's the one that did all the registration online and
she's helping
2:35:10
people on the chat rooms right now and uh david munoz we thank you for

2:35:15

playing bass over here and uh he's very special of course uh one of my most special people in the world

2:35:21
my daughter sierra playing on the keyboard in lead vocal

2:35:26

she has an anointed in her life the pft angels there's so many things that went into

2:35:32

this place and honestly uh you went into this place

2:35:37

and the tech director in the back malia uh and even kylie helped out with the

2:35:42

pro presenter for the words for you guys everybody online is thankful uh and my daughter elena was also helping out with

2:35:50

the cameras and uh and anybody else i forgot i apologize but you

2:35:56

are a big factor in this those of you that partner with us financially everything that you see up here

2:36:01

minus the people i was purchased by you and for you and so it's our privilege to

2:36:07

take your partnership and put it back at you and bless you and thank you for

2:36:12

paying it forward this is not a you know serving god from this

2:36:17

perspective is is not an inexpensive sport and so thank you for being a part of that and

2:36:23

undergrading us and supporting us we wouldn't be able to do anything without you guys and so and thank you guys online the same all around the world

2:36:31

okay all right you are free to move about the cabin and love to chat with you guys and say hi for a little bit and then

2:36:38

[Music] we have quite a bit of food left if you want to uh to grab some out there as well and we

2:36:45

have to tear down this entire church for the rest of the evening that didn't

2:36:50

come out right we're not tearing down the church we have to take down the instruments and

2:36:56

all the electronics and pack it all up and put it into a trailer uh and take it back and so be praying for this ministry

2:37:02

as we move forward the father's got some pretty cool stuff planned that i can see and probably a lot more that i can't

2:37:08

uh i will be speaking and our entire team will be doing a conference down in

2:37:13

southern missouri on january 29th i believe it's a saturday

2:37:19

and uh that will be an all-day conference as well and uh so please check our website for

2:37:25

that if you want to come i know it's it's uh they've i've been told by the host that they already have about five

2:37:31

or six hundred people that are coming and so we look forward to to see what

2:37:36

the lord is doing so this is really just practice for us and so we're glad that you guys were part of our practice

2:37:42

and uh so good to meet some of you i look forward to saying hi and shaking your hand before you guys take off so

2:37:48

shalom [Music]
