0:16

you know some of you come in this building you're here for the very first time and you have no idea why you're here

0:21

you have no idea what even if you think you know why

0:26

you don't know why because you see my god has a special plan for each person

0:33

and we've been preaching that message in christianity for 1700 years more

0:38

so in the last hundred years that how many have heard the message that it's not a religion it's a relationship

0:48

how would you like to know that that is almost unbiblical

0:54

let me finish it is definitely about a relationship

1:02

you see one of the plans of the enemy one of his strategies

1:07

is to what steal kill and destroy right finish this statement but to divide

1:13

and conquer one of the most strategic and elementary

1:19

ways that he chooses to do that is to take the corporate body of messiah

1:27

and individualize it because if he can individualize the

1:35

corporate body from looking at it from yahweh's perspective which is first macro

1:41

corporate he says this is my bride

1:49

understand not my brides no polygamy in his kingdom

1:58

the enemy is very crafty in what he does in our lives so if he can take us away from yahweh's

2:04

perspective see there's only two perspectives on the planet there's his and there's ours

2:10

but outside of this planet there's one more perspective and that's the enemy and his perspective is to get you to

2:16

agree with his perspective without you knowing it

2:22

deception in sleight of hand and smoke and mirrors is how he works this is why when you are deceived you

2:29

don't know it

2:34

and so although what i said earlier may be a little bit controversial what i mean is this is that yahweh has a plan for corporate

2:41

israel if you don't know what i mean by that then watch identity crisis

2:47

israel in hebrew is to struggle with god is to rule with god jacob wrestled with the angel

2:54

and said i'm not letting you go until you bless me and he said okay and he gave him a new name

3:01

now i don't know about you but uh if i'm fighting with a you know someone and i say i'm not letting you go until you

3:07

bless me they give me a new name i'm like okay that's great that's not what i was looking for who lets go an angel

3:14

because he gets a new name unless you understand

3:20

what a new name is you see it wasn't about jacob

3:26

it wasn't about him it wasn't about his past it wasn't about his brother esau wasn't about even his children

3:35

it's about the people of god on the earth it's about adam and eve

3:41

it's about the restoration of a a group of people that we that he calls children

3:47

mainly because that's what we are we act like but from his perspective he's looking at

3:53

us from the top down and says that's my bride as ugly as it may be that's my bride what the enemy's job is to do is

4:01

the only way that he can defeat the bride is by splitting us up and so we have this incredible term called it's my

4:07

personal relationship now you may have

4:13

a personal relationship and the subtlety is so small that some of you your eyes are just a little bit

4:20

crossed right now but if you'll track with me for a minute

4:25

you'll begin to understand where we've gone so wrong in the earth realm is because we've gone from the corporate

4:31

mandate for israel and a corporate covenant for israel and we've turned it into jesus is my homeboy and he's my

4:40

personal relationship friend and so what is in my relationship back

4:45

off that's your relationship you see where i'm going and so what happens is the second that i

4:50

say this is my relationship and that's your relationship then i've created a torah you've created a torah instruction

4:57

in hebrew and everyone has their own right to do whatever they want and everyone does

whatever is right in their own mind 38 000 denominations later no

5:04

one knows what's right because we've thrown out what's right and we've replaced it with what we want our rights

5:14

and so i will submit that now is the time and today is the day

5:19

that we put in order the purpose and the personal relationship back where

5:25

it belongs in ancient times in israel how did

5:31

yahweh speak to his people

5:40

y'all always think i'm tricking you i ain't saying nothing it'll always be the wrong answer

5:51

moses the israelites how did he choose to speak to all the israelites

5:57

through moses right and he's speaking to the corporate israel

6:04

but it always wasn't supposed to be that way it was supposed to be personal corporate

6:09

with no difference everyone was at the base of mount sinai

6:15

where was moses at the base of mount sinai

6:21

read your bibles again he's at the base of mount sinai when yahweh is is going through the

6:26

commandments one two three the amount of noise the thunder the lightning the the

6:32

the shades of gray and purple and black and every color of the rainbow is there's a hurricane on top of the

6:38

mountain clouds fire it's like being at the base of mount

6:43

saint helens as it's going off except you hear a voice

6:54

and he goes through one two three four five six seven eight nine ten and what happens the people say stop

7:04

so he did they sent up mooses to hear

7:13

and the personal relationship

7:18

was thwarted for 1200 years exactly to the day until one other day on the same exact day the

7:25

day called shavuot in hebrew and greek it's pentecost with the ruach hakadesh the holy spirit came

7:32

down on his people again and he gave him another chance

7:38

in this time the word of god came in a different format actually it was the same format

7:45

still had the fire he still had his voice he still had his power

7:52

the difference is he was not about to let man get in the way

8:00

of taking his presence his personal relationship and his corporate love for the people of mankind

8:05

away from the rest of the world and so he brings this idea of corporate

8:11

israel into play from day one and he adds to it the personal relationship and what we've done is we've created the

8:17

personal relationship and removed the corporate identity so now everybody has their own identity

8:26

i'm going to suggest that what happens in the physical realm is a perfect example of the spiritual realm you've heard me say that a million times so

8:31

we've heard this on this phrase called identity theft in the physical realm it's rampant some

8:38

of you probably been victims of identity theft have you not

8:44

and i'm going to suggest that's happened in the spiritual realm as well we've been thieved our identity has been stolen

8:53

jim where are you going with this i have no idea this is just um opening monologue

8:58

the lord told me we want to do something different tonight

9:03

welcome to different here's where i believe y'all wants to go

9:09

with this i think one of the things he wants to say tonight is this

9:14

he has a heart to restore his people corporately we've got the formula down on the

9:20

personal side even though we are in the process of cleansing and re-cleansing and purging the enemy from our midst and

9:27

the enemy from our midst so that he can use us how many understand that when you take water and

9:32

you put it in a pipe the water that comes out the other end is limited by the orifice of the pipe

9:39

you understand that so if the pipe is three inches wide that is the amount of water that comes out on

9:45

the other side pretty simple but what if i gum up and put a bunch of stuff down in the pipe

9:52

then what comes out the other side is not so happy not so much

9:58

so we've got a lot of people on the other end of the pipe that are just mouth open wide on this giant pipe feet

10:04

wide and it's just dripping and most of christianity is going man

10:10

this is amazing get under the spout where the glory comes out

10:17

and nobody wants to admit to the next guy that i'm kind of feeling like i should be a lot more wetter than this

10:24

why am i so thirsty share that drop

10:32

so to get the drop we start fighting because that's what sheep do

10:39

and no one wants to stop and say maybe we should check the pipes

10:45

maybe someone's rerouted the water maybe someone's poked holes in and maybe we've got a bunch of junk in the pipes just

10:50

true story i have seven girls in my family

10:55

praise god i got a male cat [Laughter]

11:04

and just for fun i named him moshe

11:09

he looks just like mooses but when you have seven girls you have lots of bathroom stuff

11:17

so in one of our bathrooms frequently they get clogged

11:23

i become the plumber so i thought well there's got to be a a

11:28

better way to do this than undoing all this stuff so i went online and i found this handy-dandy

11:35

alligator tinger majigger long sticker thing that you stick down in the pipe turn it

11:42

and pull but the directions didn't say wear a mask

11:50

and it didn't say well be careful what comes out it may make you puke

11:57

and i did and i did my job and i'm going down there and what i pulled out you

12:02

can't even imagine on the outside of this thing

12:08

toothbrush half of a comb and seriously at someone's wig

12:16

because there was so much hair

12:22

pulled it out threw it away turned the water on amazingly everything drained perfectly

12:28

i was so close to buying a new house just because because of that it was so frustrating [Music]

12:36

and so we have got to come to a place ladies and gentlemen where we clean our pipes out

12:41

because here's what's happened for those of you who don't know and i don't know why i'm saying this i'm just letting the holy spirit lead tonight is

12:47

that okay i had a message planned and it was an awesome message

12:57

but i believe the lord wants to save it to next week

13:02

you see there is a plan that the father had to bring his people into covenant with himself

13:09

and then somewhere down the line about two thousand years ago right after the the destruction of the temple

13:15

the greeks and the gentiles came into the church at the time the ecclesia of the cahal the congregation the assembly

13:21

by the droves we now know historically archaeologically that most of those

13:28

people were from the northern house of israel they weren't pagan gentiles as we thought

13:34

there was a mixed multitude just like when they left egypt but the majority of the people that got saved in the first century were the northern kingdom of

13:40

israel why do you think a hundred thousand people or how do you think a hundred thousand people in ephesus could get

13:46

saved when they already had plenty of gods and they hated the jews why would they want a jewish god

13:53

because they weren't pagan gentiles these were the northern kingdom of israel that had been divorced from the

13:59

covenant that could not come into the southern kingdom brother judah

14:05

but unfortunately they were serving other gods and they brought that concept into the congregation at the time

14:11

that was the first time someone shoved something down the pipe because the moment you put anything in

14:17

the pipe that is not water it will prevent water from flowing when you change the word of yahweh or

14:25

take away from it or say i don't like that because that's too jewish or i don't like that because that's do this or that's to that the second you do that

14:31

you're disconnecting pipes you're you're screwing holes in the pipe and you're putting things down in the pipe

14:39

yahweh says the only way that the water is going to flow is if you clean out the pipes and do things my way whether you

14:44

like it or not you see here's the unfortunate part in america we like things our way because we're stubborn cowboys that's how we all

14:51

got started we like it our way england go home we like it our way

15:01

french we'll take your fries but back off on everything else

15:10

and so here we come to a place in our lives my friends where we've got two and a half billion christians worldwide that

15:16

claim to be christians and there's not even a percentage on the

15:22

calculator small enough to calculate those that understand

15:30

the front of the book and how it relates to the back of the book

15:36

do you find it problematic that after 2 000 years the only message that the church has heard is  
jesus died for you

15:44

okay let me be joe blow christian thank you now what

15:51

so jesus died for me that's a fantastic thing that is the gospel in a nutshell

15:59

but what about why did he die for you why did he die why did he have to come and better yet

16:05

is there a person in this room of course there is people in this room

16:11

why did he have to rise we know scripturally why he had to die

16:17

because the torah says the definition in first john 3 4 sin says that that sin is

16:22

the transgression of what the law in the first century there is only one

16:27

law it's the torah there is no other law there's not even a new testament no one's going hey can  
you guys turn to

16:34

romans chapter 14 let's let's paul's going to talk tonight out of his own book

16:39

when timothy says that all scripture is worthy for for for reproof and correction the way of  
righteousness there's only one scripture we've

16:46

forgotten these basic things we have forgotten these things

16:57

so jesus christ and him is crucified he is coming because we have broken the law we've sinned  
and fallen short of the

17:02

glory of god has anybody ever heard of we have sinned and fallen short of the glory of god we  
have sinned that means we have broken the torah

17:08

the very thing that christianity says is done away with

17:14

i think it's the baptist organization that has spent over a billion dollars in missions

17:20

praise the lord how can you spend a billion dollars in missions over the last 40 years or

17:26

harvest long trying to tell people about jesus and tell them that they've

17:31

but your creedal statement says that the torah has been done away with

17:38

if the torah is done away with and that is the definition of sin because sin is the transgression of the torah if we do

17:43

way of the torah then there is no definition of sin there's no curse of the law no one even needs a savior everyone's

17:50

saved to go into heaven so we've got a systematic problem on our

17:57

hands because the systematic theology books that are out there are missing a key component

18:04

there is such thing as sin in the world and there's only one definition of it and the definition is breaking my

18:11

father's commandments you can say it's any other commandment you can say oh yeah but jim you know you

18:17

don't understand no i do understand i believe the book and i believe this book is eternal and i

18:23

believe this book goes from genesis to revelation and there is no paper that's blank in between the covenants

18:29

and when my father said go he meant go he didn't say go until

18:35

he said go if i change my mind i'll let you know when i tell you to meet on shabbat you

18:40

better meet on shabbat don't say that that lord well you'll understand he won't understand

18:48

do you understand what i'm saying when you get before the father you're not going to be able to pull the sincere

18:55

heart it won't work he's going to say you spent a billion

19:00

dollars on mission trip to go over and tell the buddhists that their sincerity doesn't matter don't try that on me

19:07

the only thing that matters is that we're serving the one true god and we're doing it his way so we've got two and a half billion

19:14

people on this planet that think they're following the god almighty of abraham isaac and jacob because they've asked

19:20

jesus to come and live into their heart when matthew chapter 7 that there are

19:26

people say that they've raised people from the dead they've healed people cast demons out of people they stand before

19:32

god on judgment day and he says depart for me i do not know you  
19:39

and no one even wants to ask the question how does that happen oh because that's the other guy  
19:47

who in here has raised someone from the dead how many of you laid hands on someone and  
healed them how many of you cast  
19:53

demons out i've seen it maybe the last two so maybe you got two out of three  
20:00

that's wrong matt two out of three  
20:06

folks they were three for three and they didn't make it it would behoove us to to question our  
20:13

theology to question where we are at to question our life cycles and our personal relationships  
and go are you  
20:20

sure on judgment day you're going to get oh come on in good old boy you did a phenomenal job  
following your denominational creeds and your doctrines  
20:27

get on your face i don't know you because the bible defines knowing da'at  
20:37

it's an intimate knowledge of someone  
20:43

because you've experienced the obedience of their  
20:48

rules because you thought i was going to define a far different intimacy  
20:54

intimacy you were husband and wife intimacy sexual intimacy does not start  
21:01

in the bedroom it starts with an intimate knowledge and  
21:07

an experiential obedience of one another's torah  
21:14

how is it that every woman in this place just said that's true  
21:21

i didn't hear a guy say anything most of them are crawling underneath the pews right now  
21:34

the father desires this this is one of our problems we don't define bible things in bible ways  
21:41

we all think that we know god  
21:46

ladies and gentlemen let me shock you for a minute moses didn't make it into the promised land  
21:54

and he knew god face to face do you really think that he's just  
22:01

loosened up on his standards do you really think that jesus comes and dies on a cross and all of a sudden he

22:07

just says everybody just call upon my name and you will be saved do you even know what it means to call on his name

22:14

or we've redefined that too are we sure we haven't taken the entire

22:21

bible and redefined all the terms so that we feel good about what we believe we feel comfortable about where we're at

22:29

while the enemy laughs all the way to the bank knowing that oh you may make it into the

22:34

kingdom but you may be least

22:40

i listened to a a tape this week if someone sent me a good friend of mine

22:47

did i just say tape

22:55

flash back to the 90s

23:01

a link that he sent me to youtube

23:10

it's about a gentleman that died on the operating table

23:15

as he was dying he knew he was dying he asked the father he said lord my my prayer is i want to come before your throne and beg for more time

23:22

some minister 40 years he dies

23:28

it's a true story one of the most amazing stories of afterlife i've ever heard in my life

23:34

and two angels take him and he comes out of his body and he can

23:39

see everyone inside of the of the hospital room and these two angels he's with he's just an utter awe

23:46

as they begin to take him on a journey towards what's called in the scriptures

23:52

the third heaven this is the first heaven i know it don't feel like heaven

23:57

atmosphere would be a better word the first kingdom the first atmosphere

24:04

and they go through an instant doorway there's no like you like travel journey get on a 747 they're instantly into

24:11

another dimension the second heaven the second heaven is not where you want  
24:16  
to be the second heaven is the spiritual realm this is the the heavenly places  
24:23  
we do not fight against flesh and blood but we fight against principalities and powers of this  
present darkness that happens right  
24:30  
outside these walls in a different dimension and all he saw in this dimension was was  
24:36  
was demonic beings and spirits of every rank  
24:41  
and every disgusting form that you can imagine he didn't say anything but he felt this  
unbelievable  
24:49  
like uh pain and a strange feeling that he never felt before as they were walking in one  
24:54  
particular direction in his chest and immediately the angel said without  
25:01  
speaking the feeling that you're feeling in your chest  
25:08  
is the first time that you've ever experienced a place with no love  
25:15  
and no light this is a place where yahweh is not  
25:20  
and he realized right away that there is no speech in the second dimensions in in the third  
25:26  
dimension once you get outside of time now i know this to be true and this has  
25:32  
blown my mind i'll come back to my whole first part here in a minute  
25:38  
because this is how yahweh speaks to me you see the only reason why you have a  
25:44  
body right now is to give you individuality  
25:50  
your soul is your mind will and your emotions which is connected to this thing right here that we  
can't seem to  
25:56  
get over because this is what we want to feed it's all about us it's all about our  
26:02  
comfort it's all about how we feel but inside of you every single one of you  
26:07  
who you really are all looks the same you're a spirit man we say that  
26:16  
you don't have a mouth when you're a spirit man  
26:21  
you ever heard of telepathy guess who invented it my father

26:27

anybody ever heard the voice of god on their head okay

26:32

why do you think he speaks through your mind let me

26:38

show you something as i as i watched this there were so many things that fell into place for me because i've experienced so many things in the

26:44

supernatural realm but i couldn't explain it but he was there so he was like a journalist coming back and explaining

26:50

these things i understand now that the reason why god speaks in my head is because that's who

26:56

i really am he's speaking to who i really am

27:01

i always have been praying god i want has anybody ever prayed that you better raise your hand not make me feel stupid

27:07

has anybody ever prayed god i want to hear your voice all right

27:14

did you know that's the lowest form of relationship this is what god showed me

27:20

jimin takes nothing to hear the audible i spoke to moises that way

27:27

and because i spoke to moises that way you want me to speak to you that way but i don't want to speak to your flesh

27:35

i want you to rise out of your flesh and i want you to hear me the way i created

27:40

you in the garden before you knew you were naked

27:47

when i walked among you and we could read each other's thoughts because you were so intimate that you heard my voice

27:54

above all voices i want to grow your relationship with me to where you don't hear any other voice you're able to tune

28:01

out the world and focus through your spirit man and hear my voice that is the

28:07

highest level of prophecy or spirituality is being able to get into

28:12

your spirit man to let the spirit man paul says it this way i must decrease

28:20

so that the inside he can increase

28:26

you see this is what prophecy is all about prophecy is all about hearing the voice of yahweh i can't explain it for

28:32

those of you that have a gift of prophecy you understand what i'm saying sometimes it's frustrating because you

28:37

hear so many voices but the more that you do it the more that one rises above

28:44

and you say that's him let's do it this is what he always says

28:52

so as they were on this journey they continued this journey they saw all these different kind of demons and all the demons were watching them and he

28:58

noticed that he had an angel on either side of him he was in the middle and there was like a like a translucent almost like a bubble around

29:06

them and he knew somehow some way it was the holy spirit that was encapsulating them as they

29:12

traveled through this second heaven towards the third heaven

29:21

the problem with his journey is he wasn't moving towards the third heaven he was moving away from

29:26

it and it made him very nervous why was i going in the opposite direction and he

29:32

asked this question to the angel in his head and the angel said i want yahweh wants to show you

29:37

how the supernatural world works in the demonic realm i want you to see how the demonic realm works

29:43

and he began to download to him that every single demon billions

29:48

they weren't just like 10 or 15. there was so many it was it was countless and they were ranked every one

29:56

of them were ranked like army officers and every one of them had individual

30:02

tasks there was no general practitioners everyone had a specific task this one

30:09

was to cause people to be alcoholics this one was to cause people to be addicted to this or blah blah they were

30:14

experts in their field and he went all the way up and this is where it gets really personal for me

30:22

because i've had some experiences with real demonic beings i've seen them

30:29

and so now he comes in he explains the top two categories of of  
30:34  
demons this is all going to relate promise  
30:41  
and the second to the top was a one that looked just like humans just like humans  
30:48  
no clothes but there was one that was the highest  
30:53  
and it was like two feet higher than the regular uh the second level of the regular humans  
30:59  
about two foot taller he said about eight feet and they look like giants just absolute incredible  
muscles and  
31:07  
like football players and they were like painted bronze i will never look at a bronze statue the  
31:13  
same way and i stopped  
31:19  
the tape and i said you got to be kidding me  
31:24  
because some of you know that that i i've told the story about i had a dream years ago  
31:30  
and i was in a hallway the very end of the dream i'll just tell you the end of the dream i was in a  
hallway and on one side was nothing but  
31:37  
mirrors or a glass the whole thing from top to bottom was all glass  
31:44  
and there was christians all up and down the aisles all these people up there down the aisle and  
and nobody was paying  
31:50  
attention over here and as i was looking over here it was nothing but a sea of of humans  
31:58  
men they were old men naked men just that's it they were just standing  
32:05  
there like this like soldiers and i'm looking around and it was kind  
32:10  
of like does anybody see this and as i was looking there was one  
32:17  
that was at least two foot heads and shoulders higher above the rest and he was bald and he was  
huge and his  
32:25  
muscles were just off the charts just incredible huge  
32:30  
and when i made eye contact i was looking through and bam we made eye contact  
32:36  
and the and the sea of men it was like they just woke up out of nowhere and they opened up an  
32:42

aisle for him and right between him and i was this glass but there was there was  
32:47  
a seam right there there's a seam in the glass that's where the two pieces of glass came together  
and i'm standing and  
32:53  
the glass is right here and he bum rushes me and i'm standing there and he hits the  
32:58  
glass i don't even flinch just watching this happen in the dream  
33:04  
and he does it three times on the third time the seam cracked  
33:11  
and it was like you would have set off a bomb every single believer that was in this  
33:16  
in this hallway woke up and just realized oh my gosh there's a bunch of  
33:22  
demons and everybody's screaming and yelling and it was like you woke up all of the old men  
and every one of them started  
33:28  
coming out boom boom boom boom boom out of into the hallway and all they did was go around  
and touch people and they fell  
33:34  
over they just fell over they would touch them and they would like be slain  
33:41  
they'd fall over in the hallways all over the place and the only thing left was me and this guy  
33:47  
this strong man and he came out into the hallway and it was like all the demons it was like a john  
wayne movie  
33:53  
they split and it was me and him  
33:58  
and we looked in each other's eyes and he comes towards me this is all in a dream  
34:05  
i'm not making this up and as he's coming towards me the holy spirit speaks to me audibly in my  
head  
34:10  
as clear as i'm talking to you right now he says pray in the spirit  
34:16  
so i start speaking in tongues in my dream that's all i'm doing and he says  
34:22  
put your hand out so i put my hand out just like this i'm i'm doing what he's telling me to do in  
the dream  
34:28  
and this is an eight-foot guy that's like you know hugest football player you ever seen  
34:33  
he comes and he's he's head down blah blah and his neck goes right here and i  
34:39

stop and i throw him down it was like a paper feather he gets up three times

34:46

the third time i throw him down he destroys and then i went through the dream and i just started touching people

34:51

and they started waking up left and right left and right started waking up

34:58

people were waking up and they were bewildered and then they started looking around and they weren't sure what was going on and there was like like a like

35:04

a calm chaos

35:11

ladies and gentlemen that's where we're at right now the enemy has been let out of the gate

35:17

because he's being threatened he's been threatened

35:22

by the message that we are carrying because there's a small verse

35:28

back in second chronicles chapter 7 verse 14 and says if my people

35:34

will humble themselves and pray and turn from their wicked ways then i will hear from heaven then i will hear

35:40

from heaven not until then will i hear from heaven and then i will hear their land

35:46

if you know anything about your bible and you know and you ignore your denominational and history bias you will

35:51

discover that that scripture is not about the democrats the republicans or the american government it is about

35:57

god's people the northern 10 tribes of israel that were about to be divorced hundreds of years later

36:03

during the rule of solomon sent into the assyria into bondage into the four corners of the earth

36:11

he says that's who he's talking about he says if those people those people

36:17

who got divorced because they broke my holy commandments it says read verse 16.

36:24

it says if those people will humble themselves and pray

36:29

and see that's the part we've got in christianity will humble themselves and pray but the next part is difficult for us because we've redefined wickedness

36:37

and turned from their wicked ways then he will hear from heaven and heal you see hasitan the enemy the adversary

36:45

which is what hassatan means in hebrew is where we get the word satan from means the adversary the adversary

36:51

understands there is no threat to his kingdom on earth

36:56

until first first chronicles 7 14 gets enacted

37:02

when his people humble themselves and pray and turn from their wicked ways exactly

37:08

the way the bible defines wicked then there is a incredible transfer of government

37:14

in the supernatural realm what happens is there is a translucent bubble that

37:19

covers his people and the enemy can't touch them as they move through the demonic realm and take back the kingdom

37:26

that is theirs he cannot allow the holy spirit to fully

37:32

cover his people and protect them can't do it his gates will not prevail against that

37:41

so he'll have his people humble themselves no problem hey you guys need to be humble no pride allowed you know

37:47

god don't like that get on your knees you need to pray you need to pray 24 hours a day go for it i'll stand behind you matter

37:53

of fact i'll show up in your congregations and i'll do some manifestations so you guys think it's the holy spirit

38:02

okay you group over here all right shoot man they're starting to under understand their hebrew root they're starting to come back to the covenant they

38:08

understand what the dif what the definition of of wicked is okay good keep the commandments you guys

38:13

keep the commandments you guys humble yourself and pray you guys

38:19

don't like those guys you guys you say they're legalistic

38:29

hi i'm jim staley nice to meet you no

38:37

don't shake hands because the moment that someone from this side

38:44

shakes hands with someone from this side and says you know what i figured a part out  
38:50

but i need you you figure i think you have something i need i don't agree with 90 of what you do  
you don't agree with 90 what i do that makes us both 180

38:57

wrong but we got 20 right

39:03

and so if we talk we might get the rest of it figured out and that's what's happening

39:09

because when god's people humble themselves and pray and turn from

39:14

their wicked ways then there is a seal in heaven that's broken at the same time that that demonic  
seal is broken and

39:21

hasitan goes to war with the angels in heaven and when that war starts

39:27

we win [Music] [Applause]

39:36

everyone wants to say that they're that we are at war ladies and gentlemen the war hasn't even  
started

39:44

the army is lining up some of you don't understand this you think i'm crazy i'm telling you i see  
dead people

39:57

if i told you half the things the father shows me most of you would probably get up and go he's  
crazy call the police

40:06

i'm telling you right now in the prophetic realm you have to believe me it will show itself i'll  
prove it it will prove it yahweh will prove his word

40:13

you don't ever have to worry about a prophet you know why because they're nothing they're  
nobody

40:19

they're just a conduit and if what they say is not from yahweh what does the bible say

40:24

don't get scared it comes to nothing so they're just obliterating

40:33

we've come to a place so let's continue in the journey so he's continuing on the journey and  
shows them

40:38

all of these categories of people in the ranks of the enemy then he says i want to show you how  
the enemy works on earth

40:45

this next part is going to freak some of you out because some of you struggle with the

40:51

supernatural you know why because you're in the natural and that's natural

40:58

do you know the greatest weapon that the enemy has on you he's invisible

41:04

you can't see him how many would like to be invisible you get us into way too much trouble

41:10

wouldn't it you pulled over on the side of the highway

41:21

so he's in this hospital goes back to the hospital room and in one of the uh the break rooms

41:26

there's a there's a doctor there and a nurse and they're talking laughing giggling kind of flirting with each other

41:32

have no idea that the two angels the guy and there's a demon in the room

41:39

and the demon he says looks like uh this uh bloated

41:44

slimy giant frog and he was in the guy's face

41:51

just like this and he followed his face just like this look into my eyes

41:58

ever wonder where that came from the eyes are the gateway to what

42:03

the soul if your eyes are clean the whole body is what clean

42:10

so he's looking into his eyes he's in hebrew that's panim his face his iron

42:17

because if he can get this person even this person cannot see anything in front of him

42:23

the enemy has no legal right to to manipulate you or enter you

42:31

unless you give permission in the supernatural realm he learned this that there is a torah for the

42:37

demons they cannot blindside you they must go

42:42

through the face they must go through the front because what they'll do is they'll tempt you

42:49

they'll tempt you until you give them permission and if you don't know the torah and you

42:55

don't know the torah of the demons and you don't know the supernatural realm and you don't understand it you don't want to understand it you leave that to

43:01

those that are over there then they will take advantage of the law

43:07

like a prosecuting attorney filing a loophole every time so he's in the middle of this conversation and this demon is in his

43:14

face and he's tempting him and he's doing these things and at some point he crossed the line  
43:21

in his mind and it was said it was like a breath

43:28

the demon went right through the face and once it goes on the inside

43:35

your will becomes much more difficult to control

43:40

they don't fully take over the the control they make it much more difficult for you

43:47

to control your own will you can still have uh conversation and

43:54

operating not even know we've been so taught in christianity

43:59

that if you're a christian you cannot be possessed by a demon

44:06

those people have never let me repeat this never

44:11

been in any kind of deliverance ministry ever they've never cast a demon out they've

44:18

never had they don't have a prophetic gifting they have no supernatural grid whatsoever that is a denominational

44:24

creed that you've been taught wipe it off your plate i've met believers that have demons

44:32

because a demon in demon possession doesn't mean what you think it means of like the exorcist of you

44:46

i'm not doing that again that was almost like the jitterbug or

44:51

something there that's what happens when they come out

45:00

they're very subtle creatures and they're and their duty

45:05

is very specific that particular one was lust it is to dumb down

45:13

your senses of the of the of the real spirit man

45:19

that's what it wants to do it doesn't care about possessing you it cares about numbing you

45:26

that's what it wants to do so that you can't hear

45:32

if it takes over in a in a category of your life see they can take over only one category

45:39

how many know that over 80 percent of preachers are addicted to pornography

45:44

are they not saved what do you think it is what do you think the struggle is why do  
45:49  
you think they say i can't get out they feel like they have no control over the wheel they have no  
idea that there's  
45:56  
a demonic being that is inside of them manipulating their mind  
46:03  
but because they don't believe that it stays  
46:09  
see the trick of the enemy he gets us through our theology  
46:15  
create a creed they'll never look back convince the world that god did away  
46:21  
with his own law brilliant strategy it wouldn't have worked if you'd have  
46:26  
said the law is done away with if he wouldn't have said it was his idea  
46:34  
but he got us to believe that god did away with his own law  
46:39  
and in effect he did away with sin how did we swallow this lie  
46:46  
so he takes him outside of this room and he's walking around this city block and he sees every  
single person every person  
46:53  
bar none had a defiled being  
46:58  
walking behind them lurking behind them every person  
47:05  
he knew the believers because they had an angelic being as well  
47:12  
the guardian angel thing is just not for children's stories  
47:19  
and the goal of that demon is to get in your face anybody ever heard of the term two-face  
47:26  
faces in panim in hebrew is your character it's your presence  
47:32  
it's what emanates from here we have this physical face we call that  
47:38  
the face in english in hebrew face is not this that's not who you are  
47:46  
your face is what's on the inside your real face it's  
47:51  
who you are it's your character it's your presence anybody ever been around someone in five  
seconds you just love them  
47:57  
oh my gosh you're my like long-lost brother other people man they just smell bad

48:04

without smelling anything there's something about them their face

48:09

is dirty what are you sensing what are you feeling did you know the more spiritual

48:14

that you become the more and what does that mean to be spiritual the more you become who you were created to be

48:22

you will sense the spiritual realm because you're walking in it

48:28

when the bible says that you put to death the deeds of the flesh by what

48:35

walking in the spirit what does it mean to walk in the spiritual realm

48:42

when you're walking with your spirit man you can't it makes it almost impossible

48:48

to sin it makes it almost impossible

48:53

because you're almost free from the flesh how many agree that when you leave the flesh you're not going to

49:00

sin so therefore if you could live in the

49:05

spirit you could destroy the bondage and the struggles that you have

49:12

so what you've got to figure out how to do is you've got to figure out how to get the enemy out of your face

49:19

because it's emanating from you i can sense and i'm not saying i'm super

49:25

spiritual i've just come a long way and i've walked through hell father has beat the living tar out of me

49:32

and i mean that's spiritually literal i've had a lot of tar in me briar rabbit

49:39

right here the father has had to do a lot of work

49:44

in me to get me to where i could hear his voice but i'm at a place right now in my personal walk and i don't want to stop

49:50

here but i can meet someone and tell you where they're at

49:56

spiritually i can sense the spiritual realm in them

50:02

i don't need to know you i don't even need to shake your hand i just need to spiritually be in your

50:08

face and look into your eyes why do you think

50:14

the bible says no man can see the father and live

50:20

why can't you look into the eyes of god what are they made of

50:27

ask john the book of revelation fire when you look into the eyes of yahweh

50:34

there is no faking it he will look right into your face

50:42

and if you have any kind of demonic activity any darkness in your heart anything that is unclean

he will only do

50:48

one thing destroy what is not of him

50:54

so yes the blood of the messiah you know what it is it's a shield

51:03

and you think the shield is to keep the enemy away from you

51:10

it's to protect you from the almighty god on judgment day

51:16

that shield protects you against the fire of yahweh there's no one that's going you're not

51:21

going to get into one line that gets no fire you say oh jim know all the guys that

51:28

aren't found in the lamb's book of life going to the lake of fire read your bible again christian

read your bible again believer

51:36

everyone goes through the fire and it says that your works will be burned up

51:43

so by default that doesn't mean he like takes your works and puts them on a scale lights it on fire

and sees what's left over

51:50

you are the work of the holy spirit you carry your works inside your spirit

51:57

man you are the one that will walk through the fire and either you will be like shadrach meshach

and abednego and

52:03

you will make it through the fire with the son of the living god because you chose not to bow

before any other king but the most high god

52:11

and you chose not to believe any other creed than his or you will die on your way to the fire

52:18

never make it even in

52:23

so then he took this journey back and he went back into the second heaven this time they turned right and they started

52:28

heading towards the third heaven and he noticed as he got closer to the end of the second heaven

52:34

that all the demons that were following them they were following them started trailing back a little bit further a

52:40

little bit further and he started coming and there was gates

52:47

you see there's so much that's true in hollywood what do you think hollywood's controlled

52:53

by have you ever wondered that

53:01

where do you think hollywood gets so many ideas from the demonic realm where did they

53:06

get their ideas from reality

53:11

their reality i think we're going to be shocked

53:17

when we die and we stand before the pearly gates when we go i saw that in that movie

53:23

[Music] holy smokes that was in that movie

53:35

and he came into these gates as these gates opened he turned around and there was not a demon to be found

53:41

it's just the gates of the city if you understand ancient israel you understand what the gates are we're going to learn about this next

53:46

week through the story of esther the gates aren't like they aren't like you think they are they're multiple gates

53:52

it's like a huge like a galley area it's kind of like when you go into a department store you have the doors then

53:59

there's a space and then there's more doors right it's very similar so the gates open he goes in and it's

54:06

just just off the charts bright light and instantaneously he falls to his

54:11

needs because he cannot control himself in the feeling of love that he's

54:16

receiving and he describes it in an effect like holding your your child now i've got

54:24

girls so i'm very susceptible and i mean i'm a they got me wrapped

54:30

i walk in the door my two-year-old comes running it's like okay 11 year old move please

54:35

move please move please you got my attention okay now we can all go in order come on

54:40

group hug there's something about a little two-year-old calling you abba and putting their hands up in the air that

54:46

melts your heart instantly and that warmth and that feeling of just off the charts just like incredible feeling he

54:52

says multiply that times infinity infinity that's the feeling that he received of

54:58

love and all of a sudden he's excited he's getting before the throne of god he's going to put his

55:04

request in and the great jehovah god speaks

55:12

as he looks over by the way and there were souls coming into heaven one at a time coming through the gate one at a

55:18

time being honored one at a time so many things i'm leaving now but but

55:24

this part i want to get to he's excited he stands up he's waiting to talk to the most high and he can't

55:30

even believe that yahweh is even allowing him to speak he doesn't even feel like he should

55:35

speak but before he speaks

55:41

the father speaks and he said it was like every volcano every earthquake every waterfall

55:48

and every thunder and lightning that you've ever heard all combined from all time

55:54

into one voice sound familiar

56:01

and he said god yelled at me

56:09

i stopped the tape i said

56:14

that messes with my theology i turned it back on and he said that

56:19

yahweh was speaking harshly to me and he said you come before my throne to

56:26

ask for more life why 40 years in ministry

56:33

do you not understand that there is not one single work that you've done for me

56:40

that pleases me

56:45

everything that you've done has been in vain

56:50

you have not loved me

56:56

and he went on to explain it's called in scripture the temporary wrath of god did he not do this to his

57:03

people so before you think that god is just up there and he's somehow floating and he's got his own little harp in bow and arrow

57:10

and he's just going to greet you with wide open arm said hi come on in good and faithful servant

57:16

take a heed warning from someone who's been there because i know that what he's saying is

57:21

true because i've experienced some of these things and the and the scriptures bear it out

57:27

how many times did god want to destroy his people and was yelling at them

57:32

moses get out of my way these stinking people i wish i had never created them get out of my way i don't want to hit

57:39

you moses says stop this is your inheritance you promised

57:46

begs for the life of israel it's called the temporary wrath of god

57:51

and it comes down when his people do not follow his ways

58:00

and so this man was he said that he fell to the ground

58:05

and he remembers being so flat he felt like a wicked witch of the west that he

58:11

had melted he felt like literally i think he used the term a wet rag a wet rag he said

58:18

there was not a muscle in my body there wasn't not one single strength or breath there was nothing that i can do i

58:25

couldn't even breathe the shame that came over me was so

58:33

overwhelming because everything he said i knew was true but i didn't know why it

58:39

was true i just knew it was true because it was coming from the throne of truth

58:44

that everything he was saying he said i knew it was true but at the same time he said i was thinking

58:49

parallel thought he's got to be he's he's got to be got me mixed up with someone else

58:56

does he not know that i'm a pastor 40 years does he know how many people i've led to

59:01

him has he not heard some of my best top teachings

59:11

and he had parallel thoughts that somehow he knew was true but he had thought possibly that god had got him confused

59:18

but he'd accepted it he was right and when god was finished

59:25

he couldn't even stand up the shame was so overwhelming he didn't even want to put his head up

59:33

and the angels had to pick him up and carry him all the way back

59:41

to his body and they laid him on the bed and he came back into his body

59:50

what did we learn from this there are a lot of people that have

59:56

bought into the theological nightmare that all i want to do is get there

1:00:01

man i'd be happy just to be there you're not going to be happy just to be there ladies and gentlemen

1:00:10

there is temporary wrath of god and if half of what he's saying is true

1:00:18

do you know what my name is prayer my my prayer time during my hours of prayer every day where i'm going

1:00:25

most of it is spent in two areas god forgive me for everything i've ever done

1:00:31

show me the things that i'm doing that's offending you i do not want to make any assumptions

1:00:37

if there's anything in my life that's offending you show me the arrogance of christianity today

1:00:44

won't even look at the front of the book they won't even consider the fact that

1:00:51

maybe that they've they've broken covenant with yahweh and the only thing getting them into heaven is the blood of

1:00:56

yeshua the blood of jesus himself but what next

1:01:03

two and a half billion people are going to experience most of them the wrath of

1:01:08

god on judgment day some of them will be put in the camp of the tares and their

1:01:14

whole life they've served in ministry some of them pastors and shepherds

1:01:19

because when you come to this one when yahweh puts it in the scriptures in matthew 7 depart from me i never knew

1:01:25

you we forgot to read the rest of the book the rest of the verse says this

1:01:33

you who practice lawlessness

1:01:39

let me say it the way it would have been said in the first century you who have given up the torah

1:01:45

and traded it in for the doctrines and the creeds of men you see we read our bibles and we

1:01:53

say okay it says in first chronicles 7 14 and 16 and all the way to the rest of the chapter don't leave my commandments

1:02:00

and go and serve other gods and we say i'm not serving any other gods god you're my only god and we've

1:02:07

redefined that do you know that the bible does not define serving other gods of getting on

1:02:13

your knees creating a little wooden idol and going oh

1:02:23

the bible defines other gods is anything that replaces his torah

1:02:31

because if you replace his instructions by default

1:02:37

you've placed another instruction manual in your

1:02:43

face you're reading someone else's book

1:02:51

and you don't even know it and that book is mixed

1:02:56

with the book of yahweh so it appears to have a formal of godliness

1:03:02

but it's denied its power it is no concept of power because you're

1:03:08

reading [Music] paper that has been taken from the tree of the knowledge of good and evil

1:03:17

so its rings are unholy its ink is unholy its panim is unholy you are not looking

1:03:24

into the eyes of god because you have looked into the eyes of man and by default into the eyes of the

1:03:29

enemy and he has hypnotized the church today the church is hypnotized it is dying two

1:03:37

and a half billion people are dying literally and are going to stand before god and some of them are going to be

1:03:43

cast into the lake of fire and they thought they were going to spend eternity with him and they don't know

1:03:48

that they've never loved him in their life

1:03:53

and all this gentleman does not understand the torah he walked away with this experience learning this

1:03:59

unbelievable god requires you to do

1:04:06

what he asks you to do and to have a pure heart

1:04:13

while doing it in other words he burns up everything

1:04:19

even if you do what he says to do if your motive is impure

1:04:25

it doesn't matter how many people you've led to christ you could be the president and ceo of the

1:04:31

largest christian organization or television broadcasting network in the world

1:04:37

led millions of people to christ if you did it for fame fortune to get your name

1:04:43

out there build your kingdom not one gets counted as righteousness for you

1:04:51

there will be people that will be cast into the lake of fire that have proclaimed the name of the

1:04:58

messiah all because one simple thing the enemy leaned over in the garden and

1:05:05

said god didn't really mean it

1:05:12

he doesn't mean what he says and i'm here to tell you that this ministry is going to go forth into the

1:05:17

earth realm and things are going to happen in this next year that you will not even believe

1:05:22

and we are going to tell the nations god meant what he said

1:05:28

turn from your wicked ways humble yourself and pray

1:05:34

and you will see an ear come out of the heavenly realm so fast and hear your

1:05:39

prayers we have had people that have been healed physically out of their out of their hospital beds we've had marriages restored instantaneously we've

1:05:46

had people that have said that they they cried for hours and hours in hours and they don't even know why they were

1:05:52

crying let me tell you why you're crying is because when you repent and you turn from your wicked ways and you recognize

1:05:58

that the front of the book matters and you've broken the front of the book and when you were bent to come back to the front of the book the demon has to get

1:06:05

out of your face [Applause] [Music]

1:06:11

and when the demon gets out of your face you experience a wide open corridor to

1:06:16

the third heaven right to the throne of the most high god and the light that shines from on high that the demon's

1:06:21

been shadowing in front of you comes and penetrates your soul floods you with the power and the love of god and it changes

1:06:28

you it makes you into who you were created to be

1:06:34

your spirit man your real name your name gets changed

1:06:41

you don't become jacob anymore you become the one who wrestled with god and won

1:06:48

only those listen to what i'm saying only those that wrestle with him

1:06:54

are worthy to rule with him that is the definition of israel

1:07:01

some of you are not wrestling with the most high god some of you don't even buy half of what i'm saying

1:07:07

wrestle with it before you drop it or you might be dropping your destiny

1:07:12

and your name you will only make it to the most high

1:07:18

if you have his name if you have the name that he's going to give you

1:07:25

we cannot build our names in this earth realm for far too long abbott showed me this

1:07:40

just asking permission

1:07:56

the father says he has tried over and over and over and  
1:08:03  
over and over and over and over and over again to reach the nations  
1:08:08  
to call them to repentance i am not the first one to call for a repentance  
1:08:16  
but what do you repent of and where do you go when you repent  
1:08:21  
and what do you do when you get off off your knees and the father said i've tried over and  
1:08:27  
over again and i've had humble men and they start out humble and they start out sensitive to my  
spirit and they  
1:08:32  
start off real and i begin to bless them and i began to  
1:08:37  
use them and i began to take the shofar and blow through them  
1:08:43  
and then they became puffed up and they became successful and they believe that it's all about  
1:08:49  
them that something that they're doing is causing the earth realm to tremble and the moment they  
do that i remove  
1:08:55  
myself from their midst and they don't know it  
1:09:00  
so they continue in what they're doing and they're building their own kingdoms  
1:09:06  
and every one of them fall  
1:09:14  
so let me end this with what yahweh really wants to say  
1:09:27  
someone had a vision about a year ago  
1:09:33  
and when i say vision i'm not talking about a thought  
1:09:38  
i'm talking about people that are highly gifted that they see visions they close their eyes you see  
black they see  
1:09:45  
alice in wonderland they see real pictures  
1:09:51  
describing the color of the shoelaces at a vision of an ocean with waves  
1:10:00  
and the and the beach was passion for truth ministries and the waves were just kind of coming  
1:10:06  
up on the shore and proceeding back coming up receding back and he looks to  
1:10:12  
his left and he sees this giant tsunami and there the hand of god was holding it

1:10:18  
back and he asked and said why why is that why are you holding it back  
1:10:28  
and the voice said because i am growing jim's roots  
1:10:34  
deep into the ground so that when the strong man's spirit of  
1:10:39  
pride comes he will be able to withstand  
1:10:45  
because the strategy of the enemy is hey let him go go  
1:10:52  
i will come and i will wait for the tsunami of yahweh  
1:10:57  
it will drown you in your own pride you see i don't mind getting wet  
1:11:04  
but when the tsunami comes through i want to still be standing and abba knows that i am  
susceptible to  
1:11:12  
pride you know why because i'm human  
1:11:17  
every one of us have pride i'll prove it when was the last time you were offended  
1:11:22  
it's not possible to get offended if you're if you're humble because you'll always be thinking  
1:11:28  
it must be your fault  
1:11:34  
and so the father said to me very private way  
1:11:41  
very very supernatural way which i won't get into right now  
1:11:50  
is he says jim  
1:12:00  
don't mess this up in so many words it's about a page and a  
1:12:05  
half long don't mess this up there's no one behind you  
1:12:19  
you see for those of you that are in the hebrew roots  
1:12:24  
this is not me saying this this is the most high and this is confirmed through people that have gift  
of prophecy and  
1:12:30  
just people that are just people one of the biggest problems in this  
1:12:37  
movement is nobody cares about the nations  
1:12:43  
all they say we do we do we where's the evangelism prove it

1:12:50

don't tell me you want to be a light to the nations and tell me

1:12:56

that you don't want to grow your ministry anymore don't tell me that you don't want to be

1:13:02

you want to be a light to the nations you want to be a light

1:13:08

oh but wait a minute we're we're trying to reach the nations where's the evangelism where's the farming community

1:13:16

meaning where are the rest of where's the next generation of pastors and teachers in this movement they don't

1:13:21

exist and i will call out to the rest of the teachers prove that you are evangelists

1:13:30

why are we building our own kingdoms where is the unity

1:13:40

why do we poke fun at everyone else why do we say oh passion for truth is just too christian someone's got to be a

1:13:46

light to the nations and be christian so i'll be the guy

1:13:53

nothing wrong with being too christian you know why because the first century ones were pretty darn good

1:14:01

where the rest of the hebrew roots movement doesn't want to be called christian i do you know why because that is a hijacked term and i'm taking it

1:14:07

back i want to be a little christ [Applause] i know what my messiah was and i know

1:14:13

how he lived and i want to be that way and i don't mind being called that it's not a negative or a dirty term

1:14:22

the way they act is dirty and negative so many ways but there's a lot of good people out there

1:14:28

and they love the lord with all their heart they just don't know the front of the book because they've been hijacked as

1:14:33

well so the father has got a calling some of your first time you're like holy

1:14:39

smokes whoa

1:14:44

and you're wishing you sat on the end of the pew

1:14:49

we already locked the doors anyway she wouldn't be able to get up

1:14:56

the bottom line the father had called me when i was eight years old i didn't know this  
1:15:02  
my mom told me this to be a light to the nations  
1:15:08  
i had a guy from israel come when i was 12 years old came in the door never meant for my life  
came over prayed over me and said young man god has a call in  
1:15:14  
your life you'll be leading multitudes now look around you does this look like multitudes  
1:15:21  
how many you know that you can't fit all the people that are watching right now in this room  
times 10.  
1:15:30  
from all over the world you'll mark my words in six months you  
1:15:35  
will not be able to find a place to sit in this auditorium  
1:15:45  
the father has taken us to the next set of this this vision because the vision that yahweh has given  
me is to the nations and that's not cliché for jim  
1:15:51  
staley i mean it there's two and a half billion people i will not rest until at least  
1:15:59  
two and a half billion hear this the sermon on the mount how many did he  
1:16:05  
speak to not your question  
1:16:11  
how many did he feed five thousand at least do you think if he had a stadium he  
1:16:17  
would have done to sure how many does he want to reach  
1:16:25  
today the sermon on the mount the mountain is media  
1:16:31  
it's been hijacked and stolen by the enemy in the religious community it is  
1:16:36  
pathetic the garbage that comes out on prime time sunday morning love your neighbor if  
1:16:43  
someone cuts you off on the highway wave and pray for them while 57 000 people in a stadium  
1:16:51  
listening to that man for his 42 minutes most of them are caught in adultery fornication  
pornography and are under  
1:16:58  
every kind of struggle that you can imagine and fought on the way there and they'll fight on the  
way home with their  
1:17:03  
spouse  
1:17:10

so yahweh has commissioned us from the very beginning three years ago in my basement we're going to be in media

1:17:16

it's going to happen and today is the first day that that's going to happen some of you don't know why let me take

1:17:22

the next five minutes and explain to you television is where we're going

1:17:29

not because of tv's sake it's because it's the only way to reach the masses the fastest

1:17:36

i don't care about being on television i've been around celebrities my whole life and they do not impress me they

1:17:41

depress me but media is where yahweh is taking us

1:17:50

so let me download to you a little bit of the vision

1:17:56

a few weeks ago i went to a studio out in charlotte north carolina

1:18:02

the rude awakening with michael rudy was kind enough to invite me out there the father showed me gave me a a

1:18:08

prophetic word that i was not going out there to be on their program that he was going out there and he was

1:18:13

going to connect me with an individual that was going to take me from here and show us how to do here

1:18:20

it's the person that i've been praying for to meet for a long time very clear it's clear today i even told

1:18:27

mr robinson i don't know what this means but i know i'm going to meet this person

1:18:32

being on the show is just a distraction first person i meet shakes my hand hi

1:18:40

here to serve you and the holy spirit tells me to serve you what can i do for you

1:18:46

can you come with me to st louis

1:19:03

the father is about let me just put it in picture form he is right here

1:19:12

this is where he's at he's about to let go and when this arrow goes what you don't

1:19:18

know is going to happen is is going to change your life it's going to change my life and it's

1:19:25

going to change the lives of hundreds of millions of people around the world that are going to hear this message
