0:16

all right let's begin uh i'm looking forward to going through this some of you have heard uh bits and pieces of

0:22

this but this is a message that i believe is going to the first one kind of set the stage and was really more of

0:28

an introduction this one we're going to get a little bit more into the meat and potatoes and then part three is going to

0:34

be radical practical application major major steps that you can use

0:40

in your relationships and again the whole point behind this series is so that at the end of your day

0:46

you can lay down your head at night and you can have real real shalom

0:52

not just be married to the person that you're married to or not just have friendships girlfriend boyfriend uh you

0:58

know as far as uh i meant uh guys and and and their friends uh but but we we want to have

1:04

real dynamic intimate relationships whether it be with your what this is what i'm talking about right here

1:11

that's right [Applause]

1:16

only thing missing on this is a smiley face

1:23

you gotta love them deacons know how to deak

1:32

all right let's begin what are the three most important things

1:37

in marriage would you say everybody think of it right now you have 10 seconds t minus 10 to say what you think

1:43

the three most important things in marriage are

1:54

guys you have to come up with more than one and you can't repeat it

2:02

communication respect love loyalty faithfulness

2:08

trust you know what's so funny is it's all the women that are blowing these out of

2:13

their shofars tonight great things this is what i honey you're right

2:23

yeah that gentleman needs a he needs a gift

2:30

that show four will last a long time that wasn't just brownie points that was the whole box right there brother

2:40

all right three most important things in marriage top three in my opinion are number one communication there you go

2:47

you can't have relationship without communication we're going to talk about that number two trust

2:52

in hebrew it's the word is shema it's faith and works it's here and obey okay trust faith plus our works

3:00

develops trust number three love proved obedience to the communication

3:07

that's my definition of love that the father gave me is proved obedience to

3:12

the communication so when the creator on high came on mount sinai or in the garden all the way down to the time of

3:18

yeshua jesus our our lord when he gave in communication he trusted that we would love him by

3:25

reciprocating through obedience communication trust and love etc

3:32

remember that number one let's talk about communication in the beginning was

3:39

the word what was the number one what is the number one rule of communication am i know what the number one rule of

3:44

communication is if you've been through my premarital counseling class you know what this is

3:50

nope you would think listen the guys say listen because they breathe that into us

3:55

every day listen to me

4:03

you're assuming there's an argument or an offense i said what's the number

4:08

one rule of communication if you do the number one rule of communication on both sides you will

4:14

never have an argument that lasts longer than 30 seconds here

4:20

don't speak

4:31

you're the one that gave the box of brownies to him

4:37

that's right we got a long way to go you can you can earn them back as we go here we go number one rule of communication

4:43

if you get this right your your arguments will be cut in half no question about it is you cannot

4:48

over communicate ladies would you agree with me you cannot over communicate one of the

4:55

biggest mistakes that men make is we don't communicate enough on the same frequency that your wife is

5:00

communicating with so you cannot over communicate when you are speaking this is typically what is happening

5:08

someone has a question about the communication that you are doing they're not totally sure because in your

5:14

mind how many know that you know exactly what you're talking about men

5:19

when men talk to men we can say hey what's up man what's going on you know what i'm talking about they go absolutely

5:26

the wives go what breed are these beings

5:33

women they when they talk they tell the same story four hours later

5:42

because guys don't care about the details all we want to know is you know what i'm talking about women to know what they're talking about

5:48

first of all we have no clue so i'm convinced the reason why they talk so much and give so many details is so

5:53

we'll leave and they can keep talking over communicate communication

5:59

determines your role this is really critical because many of us don't understand our roles if you don't know

6:05

what your role is i know you're a male i know you're a female we got that part right but we got to understand what that

6:10

role is how do we walk in that role communication determines it how you communicate will determine whether

6:16

you're truly female or whether you're truly male i know that sounds strange

6:21

but this works whether you're married or not communication is everything when it comes to building a business when it

6:28

comes to running an organization when you are leading two and a half million people across the desert you better be able to

6:35

communicate if there's a if there's a tornado you call uh some of our shofar

6:40

players up here it's important that you communicate information properly

6:47

when yahweh communicated in the garden the way he communicated clearly defined his role when he communicated he he

6:54

communicated with authority but with all-encompassing love and mercy and compassion let me

7:00

prove it to you when yahweh when yahweh was in the garden with adam and eve and adam sinned

7:07

what was yahweh's first reaction i can't believe you did that you i

7:15

made you and look what you go and do go sit next to that poison ivy bush now

7:24

no adam was ashamed and and and and even hurt

7:31

because he knew what he had just did and yahweh's first response was to ask a question

7:40

that's part three that i'm going to be talking about is showing you the scriptural precedent in principle form

7:46

of how to actually deal with offense and conflict it's absolutely amazing how

7:51

easy it is we just don't know how to read the front of the book yahweh in the first few chapters of genesis teaches us

7:58

how to deal with arguments amazing first thing he does is ask a

8:03

question so he spoke and he gave us his word would you agree when you speak you're

8:09

actually giving of yourself to the other person it's coming from the inside so what does

8:15

the hebrew word forgive it's natan where we get the word nathan from any nathan's in the house tonight

8:22

okay no nathan's all right any givers in the house tonight here we go we got some nathan see you

8:28

don't know your spiritual gift is give natan it's

8:34

noon tov and noon okay noon

8:41

noon in ancient pictograph it means the life of the covenant

8:46

produces life see how that works the word natan in its very hebrew format is a cyclical word

8:53

it's a circle it starts with noon ends with noon it has covenant sandwiched right in the middle of it

8:59

so noon is something that brings forth life which produces covenant which produces

9:06

life which produces covenant and it's a never-ending circle this is why when you give if you have problems with giving

9:14

seriously on any level i don't care what it is husbands to your wife giving of your

9:19

help when you come home with the dishes or with dinner or with the kids or or whatever if you have issues with giving

9:25

from that to giving and an offering then there's something wrong with your heart

9:31

because we are supposed to give out of the overflow and abundance of your heart

9:37

so it is those of us that have struggle in giving tells us that there is something wrong with what's inside

9:44

because you should be first in line in a desire to give to your spouse to your children to your co-workers to serve to

9:50

be a shamash for deacon as we er the word deacon is

9:58

there's not really a hebrew word for it it's kind of two words zedekin which is a like righteous ones and shamash

10:07

and a menorah or a hanukiah would be a better example okay the center candle you have nine candles that center candle

10:14

is what higher than the rest is called the servant candle that hebrew word is

10:20

shamash that's what a deacon does he serves he

10:25

actually is the one that does the work that gets out of his place and lights everybody else so that they don't have

10:31

to move they can do what they need to do to give is to be a sadique a righteous one

10:39

how do we know that because there is no greater righteousness there is no greater love than to lay down your life

10:45

and give your life giving is all about becoming righteous it is all about representing

10:52

righteousness which brings forth the blueprint of the covenants i have yet to sit down in marriage

10:59

counseling and find uh there's normally two issues that happen in marriage counseling number one uh either number

11:07

one there is no male authority that is over that husband there's no accountability whatsoever there's no one

11:13

speaking into their life or number two they're not giving

11:19

someone's not giving because one concept that you will totally hopefully take home with you

11:24

this evening is this yahweh created your wife as a cheerleader and you can't out give her it's not possible

11:32

she is she is born to reflect whatever you give her

11:37

so whatever you feed that plant is exactly what's going to happen so if

11:43

you're upset with the plant because it doesn't have enough leaves it does not does this not does that and you put you know kerosene on it don't be surprised

11:50

if it dies it only does whatever you give it give it the proper amount of light the proper

11:55

amount of water okay and and listen you can't just learn these concepts and say fine you need water i'll give you water

12:03

i'll drown you that's exactly what some of you do

12:09

that's making me thirsty

12:15

we need new life in our covenant to bring new life to give to put to set to make the constitute or ascribe to to give

12:24

and these are the ancient picture wrath in hebrew where does giving start

12:30

the moon or the sun isn't that interesting because if you ask a child i'll never forget this i was

12:36

driving in my in one of my cars years ago and elena was was very young

12:41

it was at night it was a full moon you ever look at your kids and they're like you can just tell the wheels are

12:47

spinning like crazy she's looking at that moon out of the back window and she looked like this and

12:54

she looked back a few minutes later it's like it's not like elena to not talk okay it's very very outgoing she's

13:01

our social butterfly and she's just like in having this dialogue with the moon trying to figure this thing out

13:07

and all sudden she asked the question she said dad

13:12

i think it's following us

13:22

but what that moon is not have its own light what does the moon do

13:27

it reflects the light of its source the sun is the light is the warmth it's

13:33

just like the father the father sends his light to the sun and the sun reflects to us it's a pattern of

13:39

creation that yahweh is the light he sends the light to the sun and the sun is a direct replication and

13:46

reflection of his father it's what he said in the same way the husband is the son and the wife is the moon and the

13:52

moon is only reflecting exactly what it gets

13:58

so if you have if your house is dark there's no light

14:06

and by the way everything that i'm saying uh is uh it does not apply to every single situation because i have

14:13

met women that that strongly have a a past that a

14:19

trauma issue that has not been healed so this is all predicated on the idea that you have gone through part one you've

14:27

audited your life in the physical the soul realm and the spiritual realm and you have a clean slate

14:33

because if you have trauma and ladies i have people have said on my couch and find out that they were raped when they

14:39

were eight years old that's a problem that you're going to bring into your marriage and you may not even know it

14:45

we have to be clean this is why it's so critical that you don't just listen to these messages that

14:51

you actually go back and go through them stop the tape take an audit of your life do a physical

14:58

cleansing do a spiritual cleansing then go to part two and begin the process of implementing and understanding how to

15:05

change some of these things yahweh speaks through his word

15:12

deuteronomy chapter 30 verse 14 words come through your mouth no the word is very near to you it is in your mouth and

15:18

in your heart so that you may obey it first screen 17 24 says then the woman

15:23

said to elijah now i know that you are a man of god and that the word of yahweh from your mouth is the truth let me

15:30

answer the question what comes out of your mouth are you sure it's the truth you know we're real good at judging

15:36

politicians because you know they're they're private tweets somehow ended up on youtube or all over the news or some

15:43

private thing that happened in their house ends up all over the news how would you like it if the worst day in

15:49

your marriage ended up on youtube or on fox news are any of you any better every one of

15:54

us have done horrible things we've done things that we are terribly embarrassed of and i hope to god that on judgment

16:01

day it is not a theater playing all of our works actions and

16:07

words back through the speakers

16:13

what is the primary method by which our father speaks how about his word we know that it's the

16:19

primary method what is the second method by which he

16:24

speaks his people so this is a big problem because some of us are so invaded in his word and and so

16:31

concentrated on wanting to know his word that we forget that he speaks in multiple ways

16:37

i think the number three way if not tied with number two of him speaking is through circumstances

16:43

we're just so deaf we can't hear that he's constantly speaking through the situations that are happening in our

16:48

lives from the flat tire to the the traffic light to the song on the radio

16:53

to you name it he's constantly trying to get our attention he is like your wife

17:00

constantly wanting your attention constantly wanting to speak and have that relationship

17:08

so which people and how wives ephesians 5 22 this is fascinating

17:13

submit yourselves unto your own husbands as unto the lord for her husband is the head of the wife even as christ messiah

17:20

is the head of the ecclesia the assembly he is a savior of the body therefore as

17:25

the church is subject unto messiah so let the wives be to their own husbands in every thing this verse has been taken

17:33

out of context and and and blasted across the airwaves

17:38

telling women that you are down here men are right here and you better bring us a glass of water

17:45

because i'm too busy watching the football game by the way make sure my steak is medium rare

17:50

submit gentlemen rule number one if you have to tell your wife to submit you are the worst head on the planet and she ain't

17:56

gonna submit oh she may submit

18:03

but you're not going to like the consequences of the atmosphere of that home so what we've got to do is find out what

18:09

does the word submit mean what is it submit so what we've got to do we're going to

18:14

do this little bible study here so in this teaching you're actually going to learn how to study as well let's look at the verse before first ephesians 5 21

18:21

submitting yourselves one unto another in the fear of elohim

18:27

submit yourselves to one another in the fear of god you're supposed to submit yourself to one another

18:32

everyone should be able to speak into everyone's life it but it's the spiritual authority over

18:39

you that has the final word you should put more weight on that when you're making decisions unbelievably the way we

18:46

make decisions we call our best friend on the phone and say hey what do you think about this or we call you know the guy across the street hey i know you

18:51

just mowed my lawn for the first time but i'm trying to think about what to do with my kid i just don't know what to do what do you think i should do

18:56

instead of going to someone that is a spiritual mentor and getting advice from them the body is so broken down you got mega

19:03

churches with one pastor or five pastors how do you even minister to 5 000 people with five pastors there's a church in

19:09

town here has two pastors 3 000 people are you kidding me

19:15

moses was moses and he had 70.

19:22

and then he had leaders for ten thousands and then thousands and then hundreds and then fifties and then tens

19:30

everyone had someone to go to for advice and leadership but let's go back here

19:37

the verse after that verse says husbands love your wives even as christ also loved the church and gave himself up for

19:42

it so we all want to say wives submit to your husbands but nobody wants to talk about the next verse which says husbands

19:47

love your wives in this way die

19:57

you think i'm joking the the best way to get a woman's heart is to do it the old-fashioned way take off your jacket

20:03

put it on the ground and let her walk over that puddle that's dying that's submitting yourself

20:08

as unto the messiah because that's exactly what the messiah did he took off of his divinity as the word of yahweh

20:14

came down in the form of flesh and let us walk on him so that we would not step in that puddle

20:20

of death husbands love your wives and you won't have to say anything she will follow you

20:26

to the ends of the earth amen ladies give her the love that she deserves

20:31

so let's get a closer word of the word submit because it has two meanings we better figure out which one it is ephesians 5 22 why submit yourselves

20:39

unto your own husbands as unto the lord here we go first we're going to look into the greek and the greek word there

20:46

is 5293 in the strong's so let's look it up 52

20:51

93. it's a military term meaning to arrange

20:56

troop divisions in a military fashion under the command of a leader in a non-military use it was a volunteer

21:04

attitude of giving in cooperating assuming responsibility and

21:09

carrying a burden wow which one of these

21:14

is the most often preached definition number one

21:20

wives get in line get behind me i'm the boss i'm the general you're the corporal

21:25

this is where we're going it's used in a military fashion but this is scripture ladies and gentlemen it is

21:31

certainly and even in the greek and i'm not a big fan of greek but even the greek makes it abundantly clear that

21:38

definition number one is not the definition for submit the definition for

21:43

submit in this use it's a voluntary attitude of giving in cooperating

21:49

assuming responsibility and helping carry a burden does that not sound more familiar like genesis when he says

21:56

it she's created as a help meet okay

22:01

but we're going to go even further let's not believe this let's just continue to go further so we're going to go back and we're going to take a look at strong's

22:07

5293 and look at every single verse in the old testament or we're

22:12

gonna find a place in the old testament in the septuagint which is the greek translation of the tanakh this is how uh

22:19

this is how i study this is how you find out what real words in your new testament mean is find that take that

22:24

greek go back to the greek translation of the tanakh that they translated 200 years before yeshua came and then flip

22:31

it over to hebrew and there's going to be your real definition so let's do that 5293 ends up in first chronicles chapter

22:37

29 verse 24. let's find out what this what this scripture says

22:43

flip it over into english and all the princes and the mighty man and all the sons likewise of king david submitted

22:49

themselves unto solomon the king bingo that's the greek word now we

22:54

flipped it over to hebrew and it's strong's 54-14 so let's go to strong's

23:00

5414 and find out exactly what this word submit really means strap on your seat

23:07

belts it's natan

23:13

it's to give they were giving themselves there was no military

23:19

concept at all they volunte did you catch the scripture

23:25

they voluntarily gave themselves over to the king

23:32

you know why nobody volunteers to follow a tyrant

23:38

they're forced to follow a tyrant but if it's a good king they will line up for miles

23:45

to volunteer good leaders do not have to look far for

23:50

servants to help lead because they want to

23:57

again life of the covenant breeds life

24:03

the law of first precedence says this the very first time that word is used in your hebrew bible is god set them in the

24:09

firmament of the heavens to give light upon the earth talking about creation

24:14

he submitted the the the sun and the moon and the stars give light on the earth he gave them

24:20

he gave us his light that's the definition of submit terrible

24:26

terrible terrible translation in the new testament in english the word should have been wives give

24:31

yourself to your husband voluntarily give yourself to your husband

24:37

as he does unto the lord a few verses later 129 and god said

24:44

behold i have given you every green herb

24:49

it's no different than in english we have a phrase that says i submit to you an

24:54

idea now think about it am i submitting to you or am i giving to you something

25:00

you see the difference submitting something to you i want to submit to you i want to serve you i want

25:06

to give you an idea wives you should have that attitude when you come before your king whether he's a

25:11

bad king or a good king is indifferent yes if he's a bad king it's going to make it extremely difficult at that

25:18

point you are serving yahweh with your eyes closed because you don't want to look at him

25:24

if you look at him and his actions you will forget about yahweh who stands behind him

25:32

and you don't know what yahweh is going to do to your husband could knock him on top of the head

25:37

or he could cover him in his sin it's his responsibility to correct

25:45

give proverbs 28 27 he that giveth unto the poor shall not lack but he that hideth his eyes shall have many occurs

25:52

i'm just trying to prove to you over and over again the word submit does not mean this military term that you think would get behind me

25:57

are you kidding me are we supposed to submit to the poor we give to the poor

26:05

we give to the poor men give the light of the messiah to their wives and wives give the light

26:12

that they receive right back i can walk into a home in five minutes

26:17

and tell you if the light of the messiah is there because there's an aroma there's a sense there is a uh there's a

26:23

feeling what is it it's the feeling of the light the character of the messiah

26:28

i don't want to brag on my wife but i can tell you this that i cannot tell you how many times over the last uh

26:35

six years that i've been in the house that we're in right now the people have come over for dinner they'll sometimes tell them they come over the very first

26:40

time for those who've been in my house you know what i'm talking about and they'll say man there is just something about your house it's so much shalom

26:46

here because my wife sets that stage as i as

26:51

he sets the stage through me now it depends on what day they come over how much shalom they actually get

26:58

okay the moon is supposed to receive its

27:03

light from the sun that's what its job is to do

27:11

so who gives first remember this now we're going to really mess with your minds

27:17

who gives first remember what i said about the heart on the right side of the heart

27:24

what happens

27:31

oh so we so forget so quickly your hearts are going to stop quick you

27:36

better get the answer the right side of your heart receives

27:43

the blood the poor blood that's right and gives it wear

27:50

to the lungs which is the holy spirit getting life infused back into the blood and then she

27:57

does what she submits the blood

28:04

she gives the blood to the husband and then the husband gives it to the rest of the body and

28:10

guess what it ends up happening it ends up back to the wife because it's the second law

28:16

of thermodynamics all things that start at a position of perfection end up in chaos come to my house and you'll see exactly

28:23

what that means at a dinner time shabbat table looks beautiful eight people later in an hour later and

28:30

dishes are stacked a mile high and we love it and we'll do it all over again every single week

28:38

so the point of what i'm trying to say is this is that the husband is the one that receives

28:44

from the wife now wait a minute didn't you just say that the husband is the one that gives to the life to the wife

28:50

ah here lies the problem and misunderstanding in marriage

28:57

is that we have the we if we get the idea and we finally get it that the husband is the giver

29:03

of light to the wife he's the giver of the

29:08

perfect blood to the rest of the body but in order to do his jobs because he

29:16

was created first so he was given perfect light was he not

29:23

goes throughout the body so he's the one that gives perfect blood to the rest of the body the problem is is that in order

29:30

the cycle to continue because of the fall of man in the second law of thermodynamics that everything goes from a position of perfection to to a

29:37

position of chaos he must be willing to receive

29:43

in order to continue to give and this is the problem of man

29:49

the pride of man says i am the giver i am the one that gives to the body i am the spiritual authority i am the one

29:55

that gives pastors are the worst at this because pastors are the ones that seem

30:01

to be the ones that confuse uh having authority and giving

30:07

and they don't understand who gave them the authority you understand what i'm saying

30:14

no man chooses to be an authority he is ordained from on high and where does he

30:20

get the authority from yahweh gets it into the people first wait a

30:26

minute how would he mean the people first how do you think they became leaders because someone's following

30:33

so by default the people chose the leader through yahweh

30:38

so yahweh chooses the leader they give to the body

30:44

and at some point that leader that husband that person that friend you must

30:49

be willing to receive the negative information because yahweh men god has given you the ability to clean it

30:57

he's given you we're going to talk about in a minute you do not ha you have the dna to receive it

31:03

we don't like to hear it but we do have the dna to receive it women do not have the dna to receive

31:11

that negative information we'll talk about that in just a minute how does a president of an organization

31:16

lead his team properly by heavily leaning on the information that the vp and the other team members bring him

31:22

a good leader is surrounded by advisors a good left

31:27

heart is constantly waiting to be to receive information so that he

31:34

can give it to the body it's a beautiful picture who is supposed to be your best friend the one that will always tell you the

31:40

truth men your wife if you're single take this into

31:46

consideration about having best friends their job if they're a true friend is to

31:51

tell you the truth not to agree with you all the time worst leaders will have yes men around

31:57

them i have learned in this ministry to

32:03

listen to those around me because here's how i look at it what if

32:08

one of them is actually hearing from yahweh and i shut that one out because i don't

32:13

like it makes you know it messes with me i my hand is against the father

32:20

so i want to judge every single counsel that i get and say father this person is sensing

32:27

something they think this is a bad idea is this you and we go through that process but if we

32:34

don't even listen to counsel we have issues true friends will always tell you the truth here we go who is the most

32:39

influential person in king's david life i put it in in brush strokes so so it would confuse you

32:46

nathan was the most influential person in king david's life now if i say what

32:52

was his best friend what would you say jonathan i'm going to submit to you the most

32:57

influential person and real best friend of david was nathan because what happened to nathan

33:04

in second samuel 12 1-8 nathan you guys know the story right

33:09

the prophet nathan comes up to him and tells him about what stealing who

33:16

that's right stealing boshiba taking him his wife and then going further and doing what

33:22

killing her husband nathan was the one that had the guts where's jonathan

33:29

nathan the man of god the prophet and true friend came up and said hey i just

33:34

want to tell you i think uh bad move and because of this this is going to

33:39

happen so on and so forth

33:48

job of the best friend is to tell the truth and that's exactly what nathan did because the the friend of do you find it

33:54

interesting the word nathan is to give his very name was to submit to give i

33:59

give to you king david the truth and it's your desire your decision what to do with it

34:06

men this is how we mostly walk around right here constantly with egg on our face but we

34:12

don't know it and your best friend is going to be the only one that's really going to tell you women is your responsibility do not back

34:19

down do not back down i don't care how loud we get

34:25

do it in love but teach us the truth of what you see men

34:31

get over yourself and your pride it's time that we start receiving because that negative blood that's going

34:38

on we've we've got to know if we got toxins in our body in our family your wife is probably going to be

34:44

the first one to pick it up it's the other way around but not very

34:50

often at all ezra what is an ezr

34:55

genesis chapter 2 verse 18 and yahweh elohim said it is not good that man should be alone i will make him an ezer

35:03

for him a help meet and by default that means that we need

35:10

help i need help

35:16

you know why polygamy is wrong men do not realize that if you believe

35:21

in polygamy you are seriously admitting that you have you need unbelievable help

35:30

he always says no you only need one trust me

35:36

help wanted single guys get a clue

35:44

they're all going really 800 need

35:52

satellite systems we talk about frequency we talk about sound waves we talk about things that you cannot see

35:57

satellites do what they're sending

36:03

and receiving signals who does that better men are wives men and women women by far they are

36:11

better receivers and better givers i don't understand how it works it is

36:16

almost as if when yahweh was in the garden and he created adam and eve he took all the best stuff out

36:22

of us and gave it to our wife and we were just stuck there with like a broken transistor

36:28

and they've got like an iphone 5 you know who built in everything here's amazing

36:36

there's only one single channel that a husband knows one at a time

36:42

wives is like nasa man there's like 500 screens at one time and they're watching

36:47

everything and all at one time and we can walk in the room and go oh man and we sit down in front of the sports center

36:54

while they're going now i'll tell you everything that's happening on all 722 screens and i can tell you what's

36:59

happening on the live stream on your phone that's in your back pocket

37:05

because god gave them the unbelievable ability to multitask in an incredible way

37:10

my wife can be feeding the baby changing a diaper folding laundry

37:16

disciplining one of the kids and talking on the phone at the same time while she's taking notes of the things

37:22

that i need to do when i get home me

37:27

i'm barely understanding the conversation i'm having on the phone to begin with that's why i have an assistant what'd

37:33

they say what is the message that the father is trying to give you through your

37:39

satellite because every husband gets one satellite you're supposed to only have one

37:45

satellite one voice one message so if if you understand and begin to

37:51

absorb a little bit of this you'll begin to appreciate even if you're not married appreciate the female

37:58

species they are from a different planet let's all just agree but no seriously yahweh

38:05

wants to speak to you through your satellite are you listening to what she is saying

38:11

many times the satellite is more right than not true story i went to las vegas years ago

38:18

in a business convention with my wife and and uh it was a there was a computer convention going on

38:24

throughout the entire uh city giant all the it was it was the international uh computer networking uh

38:31

bonanza or something and uh you know i've been there before in conventions and not i don't like

38:37

going there at all uh but you walk through the lobby and it's always what

38:44

very good nobody in here has been in las vegas all these good people here nope it's all these uh slot machines

38:50

okay and gambling tables so i walk in the hotel it was strange because nobody was gambling not one it was gone it was

38:56

like harley in a nobody or some you know lady in the corner or whatever and that's it finally i couldn't take it after you

39:02

know hotel hotel at the convention i said what's happening this is weird this is las vegas right people normally

39:07

gamble here and it's normally packed they said oh it's a computer convention in town i said okay well what does that have to do with anything they said oh

39:13

well they're computer people they understand math so when it says 98 payback they go well why would i do that

39:20

i give them a dollar they give me back 98 cents that's not a good deal so they don't gamble so they triple the

39:25

prices of the hotels because otherwise they're going to go broke they're smarter

39:31

see what we do those that are not very good in math and they like to gamble it's a big sucker

39:37

are you kidding me 98 payback oh i want to go to that one you're only getting 98 of your money

39:43

back point is is they play by statistics and for me in my household i like to play by

39:48

statistics my wife is right ninety percent of the time and i'm being highly conservative

39:54

so when i have a question or an issue or i have an email and i say honey should i send it if she pauses i know not to send

40:00

it because she's right more than often so i'm going to play statistics man we

40:05

should do that because you know i'm right they are right most of the time

40:12

the mere example i love this from shalom rush from garden of peace he gives this example this one's not mine but i love

40:18

this because he gives this phenomenal example that women are like a mirror no different than the example i gave that

40:24

men or like a son and their wife is like the moon in most cases in marriages women are the mirror they

40:31

will reflect what they see unfortunately what happens is uh men

40:38

will go up to a a a mirror and this is what they see

40:45

so the man says i do not like that

40:51

and funny but not funny he grabs the mirror and tries to fix it

40:57

pretty soon the mirror is not fixing his face

41:02

so he breaks the glass

41:08

you break your mirror and it's very difficult to put it back together

41:15

men be very very careful with what you see because whatever she's giving you

41:20

she's most likely already received it it's the negative blood

41:26

that you probably caused or there's a trauma that happened in her

41:32

life either past or present and you're not dealing with it because you're not looking beyond what you're

41:39

seeing how many times you come home and and you say uh you can tell there's

41:45

something wrong with your wife and so you say you know honey are you okay she says yeah

41:53

oh okay cool and you go and you watch tv women you're laughing because this is exactly what happened so we said oh no

41:59

no honey seriously are you okay yes i'm fine third time this is how men think i'm gonna give her three chances and then

42:05

i'm off to the game honey are you okay i'm fine i'm fine

42:12

okay good i just wanted to make sure

42:18

it is our job to be sensitive to what that mirror has to say because she is your chief counselor

42:25

you can't fix the mirror don't even try

42:32

the mirror tells the truth all the time does it not sometimes we don't like it but it always tells the truth i have yet

42:38

to sit in front of a couple out of all the couples that i have sat in front of i have yet to sit in front

42:44

of a couple where i have found even if the wife has trauma and there's issues and baggage and they come and they're not clean and we haven't done an audit

42:51

yet i still have not found yet a wife that does not

42:57

that that does not tell the truth everything she says to her husband typically is the truth

43:03

i don't care what kind of adjectives or superlatives come out of her mouth when i learned this first concept

43:09

years ago i um i got this argument with with my wife that's the first argument we ever

43:15

had in our life just a couple years ago and uh we were in this argument and

43:21

unbelievable you know my wife never cursed ever until she met me

43:27

she never even heard her parents curse no but seriously we're in this argument

43:32

i i tell the story and it's candid and it's just open chest and it's gut on us because you've all been there

43:38

and man i was i just i don't know what i did but it was probably bad bad enough till my wife cursed me

43:45

and i took my shocked me i mean this is my angel you know and it was even a low curse word but

43:51

it's still you know if you can categorize them still i was like shocked you know because i thought this whole time for

43:58

for over 10 years she was an angel that i was living with no you know boy even jim staley can tick off angels it's

44:05

possible so i took my glasses off i just finished

44:10

uh you know learning this and reading this book went in the other room

44:19

did you call me that he said his wife is the mirror in the

44:24

satellite so are you serious did you just cursing me

44:30

and you know what he said well

44:36

are you yeah i guess i am being that am i

44:43

i learned a real big lesson it wasn't the word that mattered it was the fact that i was being a jerk

44:50

i was doing those things she was telling the truth

44:55

but you know what the truth hurts doesn't it sometimes we don't like to hear the truth we want to hear good things we want to

45:02

hear that we have big muscles and that we are the greatest superman hero that you've ever had
and we are the

45:09

most godly spiritual person you've ever met and that we have never made a mistake

45:15

a godly man wants to hear every negative thing in his life because he wants to be the best leader

45:22

and a good leader every tuesday you know what i do in our staff meetings everybody gets
together

45:29

and i want to know what's going wrong as much as what they're doing i want to know

45:35

where do you guys see it every once in a while we'll do it do an audit we got one coming up they
don't know it

45:41

well i will be asking them i want you to write down everything that you see is a

45:47

hole in our ship starting with my character what do you see

45:53

how am i treating you i'm giving them way too much ahead of time to think about this

46:00

i want to know because i believe that i don't want holes in this ship

46:06

this is noah's ark as far as i'm concerned at least it's my noah's ark

46:11

and i'm carrying precious cargo the word of yahweh and it must be delivered to some mountain
where it can be dispersed

46:18

into the four corners of the earth can't be holes in it husbands make sure

46:24

that you're hearing from your co-captain or you'll end up hitting an iceberg

46:32

when your wife comes to you with issues this is great i love this part because yahweh is so much
smarter than we are he

46:39

knows us men we don't listen very well so do they come to you

46:45

one to one ratio of the situation

46:51

or does it normally look kind of like this does it seem like men that our wives

46:56

like magnify the situation how many times have men have you said you know it's not

47:02

really that big of a deal or or i think you're over you know analyzing the situation

47:07

do you know why she's exaggerating do you know why she's over analyzing do you know why she's magnifying the situation

47:13

because we won't see it until they do if they came to us and they said honey i

47:19

just want to say that you know this is what i see unless you have progressed in your spirituality and your maturity that you

47:26

could listen and actually hear it so if your wife comes to you in a way that it's probably disrespectful you trained

47:31

her that way you're not listening so she has to come to you no different than a child that

47:38

you eventually say please stop hitting your sister please stop hitting your sister please

47:43

stop hitting your sister and then they cry

47:51

yahweh primarily uses the wife to reveal to the husband exactly what needs to be corrected they are the moral compass

47:58

they are the moral compass they're going to tell you you know you were kind of harsh with the kids or you were kind of

48:03

mean to your husband or you know what you totally missed that hint that that person was trying to tell you

48:11

listen they're your moral compass yahweh primarily uses the prayers of the

48:16

husband to reveal what the wife needs to correct husbands if you have a wife that is not

48:24

as spiritually mature as she needs to be or even if she is

48:29

the very first concept that should come across your mind when you are offended or you want to correct her on something

48:35

is to go to abba first and even get permission to correct her

48:41

i'll tell you why in a minute it is amazing this concept goes against everything that uh that our flesh has

48:48

been told in religious circles because we're told hey we are the leaders we correct our corporals

48:53

but wait a minute yahweh put them as as as a as a satellite so that when we

48:58

can't necessarily hear or see our back he'll speak to the wife and the wife will come up and whisper in our ear

49:06

so who's the one instructing her really the king so if i really want to

49:12

influence her then i need to pray for her no different than praying for your enemies even

49:17

though she's not one of them she is your biggest fan but if you do get permission you need to

49:23

go to her gently and leave it on the table it is not a

49:28

prosecuting attorney trial we don't go to our wives and try to convince them of their sin you

49:36

submit it to her and walk away carefully

49:44

never turning your back no kidding women it's amazing how they will receive

49:51

correction if it's done in love and it's done quickly short to the point

49:57

with prayer they will receive it all three times i've done it in the last

50:03

20 years has worked

50:08

oh this is a good one feelings

50:14

trump logic you know with the theological term of this

50:20

mercy triumphs over judgment as we learned in the last session

50:27

feelings are always true you might say what that totally goes

50:33

against everything sorry let me prove it to you i've got little ones my little one two years old runs

50:41

across the carpet falls there's not even a scratch but she's crying

50:47

i don't know why she's crying dad's judgment says well you shouldn't have been running

50:53

through the house mom says oh come here

50:58

i'm so sorry that we put carpet in front of you

51:04

it's dad's fault

51:10

you know what to that two-year-old it was real pain we have no right

51:16

to tell her what she's feeling is wrong get this through your mind

51:23

we have no right to tell them what they're feeling is wrong if they feel it it's real deal with the

51:30

feeling logic is irrelevant for now

51:36

even if you know that what she is telling you is not logically true the feelings that she's feeling are

51:42

always true and must be addressed and validated i'm going to make a very bold statement but it's very true most of the time in an argument any argument really

51:48

has nothing to do with a with a woman at all or female if you get an argument if you're taking

51:53

notes like here's what you need to write down when you get in an argument it will typically start off fairly logical and

52:01

unreasonable then one of the parties will say something

52:07

in and it just continues to elevate that will be completely offensive to the other person

52:13

so then the other person at some point very shortly after that is going to say something totally illogical

52:22

then the other person says aha i have found the hole in your ship

52:29

i will now prosecute you for that illogical term that thought is not coherent and you

52:35

will push them into the corner and prove them wrong on that illogical thought and i'm here

52:42

to tell you that your argument just divided into two

52:47

because it first started out as something that was probably a reasonable cause for concern and now you've got a

52:53

whole other problem on your hand because husband you trying to find your way out of what you deep down knowing inside of

52:58

you is true and now you're trying to flip it around women do you ever feel like that somehow you end up being a bad

53:04

guy in an argument it's because at some point you're going to say something illogical that's what we want you to do because then we can

53:10

flip it around man deal with the feeling because the feeling is what really matters

53:16

i'm i'm feeling like you don't ever spend time with me are you kidding me i sent you a card on your birthday

53:25

really tell me more about how you feel well i'm just feeling like i'm this and
53:30

that and the other tell me more about that i'll never forget the first time that i
53:36

learned this concept uh we and cheryl normally only get to talk i haven't actually seen my wife i
don't think all weekend but i'll get to see her in the
53:42

evening at night that's about the only time when you have six kids when you're in bed about 2 30
in the morning and we sit we turn over and say oh yes
53:48

you that's you i'm married to you let's talk so we start talking and my wife was offended
53:54

about something that happened uh throughout the day and so i i i did finally one of my three
54:00

times that i did the right thing and i said uh she was i clearly she was
54:05

offended i said tell me exactly what you're feeling i didn't say you know what what's going on or
immediately get offended because
54:12

she's offended which is ridiculous i said tell me what you're feeling
54:17

this is great 22 minutes later i timed it
54:25

i looked at the clock she didn't know i'm laughing the whole entire time
54:30

she is just going on and on and you know they can't even look at you when they're telling you the
feelings because it's just they're just so bothered and it
54:37

went on and on and on and you know how long it how hard it is for jim's daily to sit there for 22
minutes and not say
54:43

anything out of the 22 minutes 19 of them were completely illogical and i had 10
54:48

arguments on for every single one but the holy spirit said be quiet
54:55

do what i'm teaching you so i said okay okay turn off my brain open up my heart
55:01

22 minutes went by finally i couldn't hold it in anymore i just started busting up laughing
55:09

she's like then she was really mad what are you laughing at
55:16

i said i'm sorry i've been married for however many years and i have never sat
55:21

here and listened to you for 22 minutes you've been going give me some more
55:29

you know what she did she started laughing and you know what happened

55:35

the argument was over to this day i have no clue what i did

55:43

it's the most unbelievable most mystical supernatural thing i've ever experienced because we didn't even fight how could

55:49

it be over i haven't won oh i won

55:57

in her book i was a big winner because the truth of the matter is all

56:02

she wanted me to do is listen

56:08

i don't understand it men just get used to it they really don't

56:13

want you to do anything else when they come home from if they if they work and they come home or they tell you

56:19

about some problem they have with their girlfriend don't try to fix it whatever you say is going to be the wrong advice anyway

56:25

because you don't understand the opposite sex either so just listen and say i'm just going to

56:30

pray for you let's just pray but honey what do you think i don't know

56:36

let's pray don't take debate it's a trap

56:43

[Applause] the second you take that bait you're gonna be in an argument

56:49

honey that's the worst advice i've ever i've ever heard if i do that i'm gonna hurt her feelings oh my gosh you asked

56:54

me my opinion now she's like why are you yelling at me

57:00

and off to the races you go remember the rule of 22 we're going to call it that tonight the rule of 22

57:07

listen until she's done men when we want to change a tire

57:13

because the treads are bad and you want to take the air out we're grabbing a chainsaw we're cutting a hole and get all the air out at one time women they

57:18

get their fingernail and put it on the little thing

57:26

know how long it takes to get air out of a 45 psi tire with through that little valve stem

57:31

22 minutes [Applause]

57:39

i timed it

57:44

you know what's not funny is there was three other tires

57:50

but i waited patiently so she decided to change those the next day all right here we go feelings trump logic

57:57

humility wins every single time if you defend the logic and ignore her feelings behind the logic you will end up

58:03

apologizing for the way you handled yourself anyway so you might as well just humble yourself to begin with

58:10

let me read that again if you defend the logic and ignore her feelings behind the lot

58:15

the illogic you will end up apologizing for the way that you're handling the situation so

58:20

you just apologize up front and wait for the 22 minutes to be over with it goes by so much faster

58:27

women how many times have you told your man at the end of four hours of arguing when

58:32

he finally breathes a deep sigh and finally gets it after 22 times of hitting him with the frying pan

58:39

you said if you would have just did that four and a half hours ago we would be done

58:46

all i wanted you to do is listen and say you're sorry and mean it

58:52

there are some wives i sit down they're like listen i don't even care if he means it i just he can read it from a piece of paper

58:59

so funny story i'm sitting in some marriage counseling they've been married for six months i'm teaching this concept

59:05

of of validating all right and validating which we'll talk in a minute and this husband just could not figure

59:11

this thing out i mean argument after argument he would defend himself defend himself he's like a prosecuting attorney

59:17

his wife i was just getting exhausted she started she started counseling saying listen here's all i want you to

59:22

do just say these words i validate your feelings so finally we're sitting in marriage

59:29

counseling and they're getting into an argument right in front of me was awesome front row seats i didn't have to pay for it

59:37

so i'm like this is unbelievable it's like being in their house i get to see exactly what the problem is you are not

59:44

validating her so i told the husband i said jon jones i said here's what you need to do and i physically made him get

59:51

out a piece of paper and write these words honey i understand where you're coming

59:57

from if i was in your shoes i would probably feel the same thing i apologize for the for

1:00:04

making you feel that way please forgive me something to that effect

1:00:09

wrote it down i said read it

1:00:16

at this point the wife is like you got to be kidding me but i'm like hey this would be a huge

1:00:22

first step if he can read we need to first find out if he read maybe that's the problem all along he can't read i don't know

1:00:28

we gotta find out so he takes the first he takes the piece of paper he's reading the piece of paper

1:00:34

and changing the words i'm like you got to be kidding me

1:00:40

if i was in your shoes i would totally just admit that my husband was right i mean it was unbelievable

1:00:46

i'm like we're not going to go very far here read the paper

1:00:53

i should have just said repeat after me that's exactly why in in weddings

1:00:59

it's real simple it's two words because men will screw it up even at that point they'll start abloviating and making

1:01:06

things up and humiliating themselves all right defend the logic don't do it guys

1:01:12

just be humble and wait for the 22. here we go criticism

1:01:22

now your wife just got out of bed

1:01:27

she takes one look at you and what do you say

1:01:34

honey i love you and when she says honey does my hair

1:01:39

look okay i love you

1:01:47

honey you sure i made the mistake of answering the question once my staff knows that i'm a perfectionist

1:01:54

and i can kind of critique things and and uh i'm always looking for a way to make things better people like me that's

1:01:59

just what we do i don't mean to be mean but one time my wife came out and her she had like you know i wasn't a real

1:02:05

hip hop one little hair kind of down and i didn't know that's the way it was supposed to be what do i know

1:02:11

she says how does my hair just look okay i said well you gotta i don't really like that piece of hair it's sticking down there is something wrong there and

1:02:18

she like almost cried uh you know like because i didn't know

1:02:24

she spent like an hour and five minutes you know doing that one piece of hair and here i'm thinking that she just

1:02:29

totally missed it i'm like you do have a mirror in your bathroom right

1:02:37

you see women have no ability to take criticism

1:02:42

write that down men stamp it on your friend's forehead right now grab the pen out of your wife's

1:02:48

purse because you know she's the only one that brought one take it pull to the guy to your right and write

1:02:53

it on his forehead backwards so that when he looks in the mirror he can see it

1:03:00

women by default in dna because they get so offended when we come to them with

1:03:06

the smallest criticism that is your clue from creation that they were not created to take criticism they had no dna for it

1:03:14

not very often do i find a wife that a husband can go up and just start you know doing what they do us

1:03:21

ain't gonna happen they can't take it on the other side

1:03:28

men we not only get up like this we go out like this

1:03:39

and we don't even ask anybody what our hair looks like

1:03:44

ninety percent of us taking a poll we don't even go to the the mirror before we take off the only place reason why we

1:03:51

go into the bathroom is to go to the bathroom you know that that double bowl sink both

1:03:58

of them are hers anyway so what's the point of even going to it

1:04:04

we built this house i separated mine because i at least needed a place to put my toothbrush

1:04:14

you know a guy you can go up to a guy and you could tell him you could tell him man brother your hair is totally

1:04:20

messed up and what is he gonna do [Music]

1:04:27

oh you missed the spot okay

1:04:33

all right criticism men by default because we can take criticism i mean listen when

1:04:39

was the last time someone came up and said you know your tie's not on straight or your hair is it doesn't look right or

1:04:45

you got a big old pimple and we just started bawling i can't believe it like my hair is out

1:04:51

of blaze i spent fall in four seconds trying to get it fixed

1:04:57

i gotta spend another five seconds

1:05:03

a brother offended is harder to be one than a strong city and their contentions are like the bars of a castle

1:05:10

we can apply this to your scripture to your wife it's pretty much the same thing when your wife is offended it is harder

1:05:17

to win her back than a strong city and i'm telling you her contentions will be like the bars of a castle

1:05:24

she will hold her ground when she's offended because yahweh put it deep down

1:05:29

inside of her to not let go of the bars until she feels

1:05:36

what she's supposed to feel you know what it is teshuva how

1:05:41

interesting yahweh is the same way you see the bars to his heaven his shamayim

1:05:47

never come down until he hears and feels the right

1:05:52

frequency and that frequency is you dropping to your knees through teshuva

1:05:58

repentance when you truly repent for making a mistake gentlemen wives it doesn't matter who you are

1:06:04

one or a hundred in one if you want to win your friends and

1:06:10

influence people learn the concept of giving

1:06:17

valuing people and surrendering when you're wrong

1:06:23

and if you don't think that you're wrong you may think this is a joke be wrong anyway

1:06:30

because at some point in your what your life you were wrong and you didn't get caught so pretend

1:06:37

it's one of those times not a joke that's what i do

1:06:43

i'm trying to learn how to do that because there's so many things i've done in my past when i know

1:06:49

that someone accuses me of something that is that is not true i know the right thing to do is to

1:06:55

humble myself and let him judge why should i defend myself

1:07:02

does a lion in the jungle defend himself

1:07:09

by default he doesn't need to he's the king of the jungle

1:07:14

he's at the top of the food chain truth is the king of the jungle

1:07:20

did yeshua ever defend himself he didn't have to because he knew the

1:07:26

power of love he never defended himself not even once

1:07:35

this is how you're supposed to deal with one another ladies and gentlemen and how many times has there you've been falsely

1:07:42

accused we hate being falsely accused but you know what it's okay

1:07:48

because all she's asking for is clarification it may not come out right ignore the emotion

1:07:55

deal with the feeling ignore even what she says deal with the feeling

1:08:00

because that's all that's coming out of her is emotion and feeling through the things that she is saying

1:08:06

make sure that you deal with the feeling honey you're the most beautiful woman

1:08:12

i've ever seen i would never ever ever on my own will offend you

1:08:18

that's trash most of us handle it this way i am so sick and tired of you of false accusing

1:08:24

me do you know how faithful i am to you oh she's buying that now

1:08:29

ladies when you want option one or two one of course just humble yourself it's

1:08:35

over just like that here we go a woman's happiness is completely dependent on how her husband treats her is this not the

1:08:41

truth her happiness she doesn't care about money she doesn't care about nice cars and big

1:08:48

things what she really cares about is how you treat her

1:08:53

because how you treat her is totally connected to how she feels and trust me

1:08:59

you are the ones going to receive that light back whatever you give her is going to come right back

1:09:05

this is why when a husband does something wrong when he

1:09:10

has an adulterous affair or fornication or looks at pornography or or or treats

1:09:16

her disrespectfully or or is strong with her snaps at her or belittles her

1:09:21

criticizes her those are toxins that go down into her

1:09:28

soul what goes in must come out

1:09:35

we're not created to hold on to toxins they will manifest themselves in the

1:09:40

physical realm so when you dig deep into her and you move away that

1:09:46

gentle soil and you plant those evil seeds of toxins don't be surprised when

1:09:51

she starts lashing out and all of these things come out at some point she might even be silent for the longest time and

1:09:58

this will happen i see this happen all the time it's happened in my own life

1:10:04

even happened recently because i'm not the perfect husband i'm far from it sometimes i have a hard time following

1:10:10

the very things that i teach anybody else out there like that it's hard you have to study this stuff

1:10:16

you have to anoint yourself with the word and constantly be working on these things

1:10:22

went to bed last week i thought fantastic day

1:10:27

so i get into bed she hadn't seen me all day i'm exhausted completely exhausted

1:10:35

i said honey i love you good night

1:10:42

she didn't say anything so i figured she was already sleeping really big mistake

1:10:49

22 minutes later

1:10:55

i was sleeping four minutes out of nowhere my wife comes out of her

1:11:01

slumber

1:11:06

they say never wake sleeping babies but my wife and her nice and she was

1:11:12

nice about it but she definitely woke me up because there ain't no way that she was

1:11:18

going to go to bed feeling the way that she was feeling anybody ever had that experience and then the first thing you do is roll

1:11:23

your eyes going no way is this happening at one o'clock in the morning

1:11:29

mistake number two because that's exactly what i did

1:11:35

very first thing i should have did is look at the clock and wait 22 minutes and say honey tell me how you're feeling

1:11:41

you're the most important thing to me and if we got to stay up all night long i'll do it because i did it in college and i paid a 600 bill before cell phones

1:11:48

were invented i'm ready to do it again we did it then to get them

1:11:55

will we do it now will you do whatever it takes to make her happy really put your pride aside

1:12:03

listen when a wife has been criticized she'll often become argumentative angry

1:12:09

and every little thing will bother her so if that describes your wife right now or a friend that you're around someone and they

1:12:15

argue with you constantly they're angry it seems like every little thing that you do bothers them i can assure you

1:12:21

there is something in between you that they're filtering everything

1:12:26

that you do through that filter true story someone just came up to me

1:12:32

this evening said that they've got a friend of theirs lives in a completely different state

1:12:38

and they were telling them how excited they are about pastor of truth and pastor jim staley and all these things and this person that they were talking

1:12:44

to they were assuming that they were going to be just as excited this person was like stiffening up and

1:12:50

cringing and after a while and multiple people uh talking about you know pft and their

1:12:55

experience and blah blah and just just all the neat things that you're always doing everybody started to recognize that this

1:13:01

person is responding strangely every time we mention jim staley look it's like a seizure or something you know

1:13:10

after probing in a little bit more longer they discovered that somewhere down the

1:13:16

line i have no idea years ago

1:13:22

years i must have said or did something to offend this person

1:13:28

i know it comes as a shock i've never done that before everybody that laughs is probably on my

1:13:34

staff i heard that matt

1:13:41

but somewhere down the line i had offended this person and they've been holding on to that all

1:13:47

this time so everything positive that someone said there was a filter where they became argumentative you could tell

1:13:54

they were angry it bothered them guess what my guess what her job was to

1:14:01

do come to me big mistake when you try to forgive someone without going to them

1:14:06

because nowhere in the bible are you going to find that it says when you have ought against your brother guess what you're supposed to do

1:14:11

go to them 95 percent of all arguments are what miscommunication

1:14:19

so that means 95 percent of your problems can be avoided by going to someone and clarifying oh you didn't mean to call me fat i

1:14:26

understand i'm poofy

1:14:35

but guess what my responsibility is now i have to go to this person

1:14:41

and say i am hearing through the grapevine that i have offended you can you tell me

1:14:46

what's on your heart and then she's going to say you did this and then i'm going to say

1:14:52

no i did not and you totally took me the wrong way no i'm not

1:14:58

i'm going to absorb whatever she says it doesn't matter whether it's right or

1:15:03

wrong what ma it does not matter whether even what if she overheard a conversation and came in halfway through

1:15:10

and she thought i was talking about her and an offender it does not even matter what the truth is

1:15:16

even if i really did do something the truth is that that she is hurt

1:15:22

and clearly not just my relationship but her relationship with the father has been stunted because of me and that

1:15:28

breaks my heart how many people have you come across in your life like me that you ran over and

1:15:36

you didn't even know the roadkill that you that you have leaving behind

1:15:41

if you are spiritual and godly it would break your heart to find out on judgment day as all of these victims of your life

1:15:50

come tattered and bruised it was that man

1:15:55

that's why i didn't accept yeshua he hurt me and ran over me and didn't

1:16:01

even care one of my best friends in the world came up to me this evening at the cafeteria

1:16:07

during dinner and gave me a phenomenal analogy that i'm going to use and steal

1:16:13

well the first time i'll give him credit but the second time it's mine no but it was a phenomenal

1:16:19

example he said jim the lord gave me a vision dream the other night and

1:16:25

he said that i was standing before the throne i was in this battle

1:16:31

i think that's how it went yeah it was in this battle this war it was warring his wife was there and and they were

1:16:37

battling together and so on and so forth and then at the end was a was a throne

1:16:42

and his job was to present his wife to the king so he came up and presented his wife

1:16:49

as she had bullet holes and she was bleeding and she was tattered and torn and this was the bride that he presented

1:16:56

before his king and then the second part of that reverse the dream starts

1:17:03

over in a war together this time he understood and he carried

1:17:09

his wife before the king as he was full of bullet holes and he

1:17:15

was bruised and tattered and he presented a perfect spotless bride

1:17:22

when was the last time you took a bullet for your wife you know what a bullet is a bullet can be stray or intentional

1:17:27

will you take either one how about for a friend

1:17:34

a parent it doesn't matter whether they're wrong or right will for the sake of

1:17:39

restoration love and relationship will you take the bullet because whoever dies

1:17:45

first wins man you want to make it a competition

1:17:51

die first whoever dies first wins it doesn't matter if she's right or

1:17:57

wrong die for her and take the bullet you get brownie points every time

1:18:06

on both levels with your wife and with yahweh and i can assure you that if you

1:18:11

unjustly took a bullet there is a law in the scriptures for

1:18:16

that it's called resurrection if you were supposed to take the bullet

1:18:23

you deserve it he'll heal you but if you were not supposed to take the bullet you will

1:18:29

instantaneously be resurrected it's amazing how that works and without having to go into that let's continue

1:18:35

because we need to finish a woman desires to be perfect in her husband's eyes and his positive comments to her

1:18:40

are her comfort and security not the expensive coat not the car not her house

1:18:46

it is your positive comments it is positive comments science is

1:18:52

beginning to understand that when you speak you know that in japan they did this

1:18:58

years ago and prove that they could take a glass of water speak evil over it put it under a microscope and all of the

1:19:04

crystals will be deformed take the same glass of water speak life over it doesn't matter what language

1:19:10

because yahweh knows all language speaks life over the water put the same water under a microscope and the water

1:19:16

crystals would be perfect like snowflakes how is that possible

1:19:22

because frequency transforms objects

1:19:29

we know that even in hebrew letters when you speak and chant certain hebrew letters they've done you can go on

1:19:34

youtube and watch this and have a sand on a pie plate they will vibrate and end

1:19:39

up in the form of that letter i don't know how it works you can take a particular what do you

1:19:45

think a laser is how come you can get damaged by

1:19:51

microwaves how is it possible that you put a phone up to your ear long enough and they'll

1:19:56

prove to you that this part of your brain will have more radiation because sound and frequency and

1:20:03

vibration and everything around you affects you so when you speak negative it is

1:20:08

toxicity it is like radiation to your wife she will respond to that

1:20:16

when you speak life and positive comments she will be like a flower that will bloom in front of you if you're not

1:20:22

attracted to your wife it's because her flower is either closed or you broke it

1:20:29

there is nothing more disgusting than a rose a flower a rose with no rose what is

1:20:37

that a thorn bush

1:20:42

don't pick off your wife's if anything pick them off the ground

1:20:47

because someone else probably is doing it too and put them back on yeah we will stitch them back together

1:20:54

we all have those issues if she comes home and she's got her pedals coming off because somebody hurt her feelings take

1:21:00

that pedal and put it right back on don't try to fix her problem tell her how she shouldn't be offended she's offended

1:21:07

put it back together act like you have a two-year-old and when she falls embrace her it doesn't matter if she shouldn't

1:21:13

have been running make her feel better amen ladies

1:21:19

and you know men are the same way we are just big kids

1:21:26

we need that security too so ladies let me rebuke you for a moment because i've been picking on the men all night long

1:21:34

your husband is what you say in private

1:21:39

you want to talk about your husband and tell him how horrible a person he is most of you are very confident and bold

1:21:44

to do it to his face don't be surprised when he becomes that because you're speaking evil and his

1:21:51

cellular structure is changing speak life over him

1:21:57

honey i know you can do it you are a cheerleader you are our help meet there

1:22:02

is not a guy out there that if his wife if you're running a race and he can hear your voice over the crowd is not going

1:22:10

to push harder work out more and try to win that race because his girl is cheering him on

1:22:19

believe in your husband if he's not the spiritual head of a household believe in him

1:22:25

create dignity pull him to the next level not by false flat or flattery

1:22:32

but by telling him that you believe in him i know that you're new to this whole spiritual thing but honey i trust you

1:22:38

and i believe in you because you are the best spiritual leader faith is the substance of what you can't

1:22:44

see that already exists i want my children to be godly

1:22:50

young women that love the word so i will speak to them when i pray with them and i will

1:22:56

say i will say father thank you that you've given them the desire for the word even if they don't have it

1:23:03

i believe it's already there and amazingly i will find my daughters reading the word by themselves

1:23:09

sometimes at 12 o'clock at night do you ground them for that i can't figure that one out yet i'm not totally

1:23:16

sure i seriously had a parent call me once and say i don't know what to do with my daughter she since she started

1:23:22

uh getting this resources and learning about her hebrew roots she's she's up in a room watching youtube on your channel

1:23:28

and i caught her at 2 30 in the morning i put a bed at 11 o'clock it's the sixth time this week

1:23:37

i say well it could be worse

1:23:43

let her go gentlemen this is what happens to your house

1:23:51

when you engage in these actions you will destroy it

1:23:56

there is nothing that will destroy your home faster than criticism and this is the epitome

1:24:05

of criticism look at this picture

1:24:13

there's no way to stop that fire it will burn the house down

1:24:18

we've got to stop it focus on the family had a conference of pastors

1:24:24

and they found out at the end of the conference that 80 percent of the pastors had watched pornography in their

1:24:31

hotel room and we wonder why the rest of the body has issues

1:24:38

we need to get this fixed how do we do it i can tell you how to do it you know how
1:24:44
because i've been there i was heavily addicted this year's in
1:24:49
right off the bat in our marriage and it took a long time
1:24:55
praise the father it works and you can be free gentlemen you do not have to have that spirit of
1:25:01
lust or that terrible terrible shame and addiction in your life there are ways to
1:25:07
get out i'm going to give you some of the things that worked in my life first of all clean your
temple by recognizing and
1:25:13
removing the spirit of lust this will require you to open up your chest and be accountable
1:25:18
to someone else as well as your wife hold it in it's like cancer inside of
1:25:24
you it will kill you you the fastest way to get rid of the darkness is what
1:25:29
turn on the light so you're humiliated what else is new
1:25:37
open up your heart let the light in darkness flees number two resist the temptation by setting up a
torah fence
1:25:44
personally even to this day i still use a program called covenant eyes on my computer you know
what it does i love it
1:25:50
it doesn't block anything i can access anything i want on my computer the only thing that i have
to
1:25:56
remember is it's going to send every single link to my wife
1:26:01
it's going to send her a report once a week and she's going to have access to everything that i saw
1:26:08
it's real hard to click on something when you know her email is going to have a report
1:26:15
and it's so details it'll say a review is needed
1:26:22
every single person on our staff has this installed on their computers
1:26:27
number two this one's really important confess everything to your wife everything if you're not
married find someone and confess everything i've
1:26:34
gotten to the point where i'm confessing stuff before i even do it
1:26:40
i have the gift of prophecy i know i'm going to mess up so i'm going to confess it now

1:26:48

no but seriously this will save your life your wife believe it or not i'm telling

1:26:53

you and wives if you're not this way you need to get this way most wives that i've met they would

1:26:59

rather you come to them and just tell them just say you know what i had something

1:27:05

pop up my computer today and i'm sorry i looked for for two seconds i shouldn't even look that long

1:27:11

what you think is going to break her heart she's thrilled that you care enough to

1:27:17

come to her to establish a relationship and an intimacy so you can pray together you're forgiven the four seconds that

1:27:23

you started to even say i need to talk to you am i right ladies can i get an amen

1:27:31

and if you're not that way you should be that way because you want your husband to be transparent do you not

1:27:40

and it'd be the fastest way because if every time you had to tell your wife something it becomes more difficult to sin because

1:27:47

you're accountable the enemy wants you to keep it in secret oh don't tell her that it's going to bother her it's going to ruin her day

1:27:54

yeah it might ruin her day but what you don't know is you are spiritually connected

1:28:00

you can't get out of it anyway she's gonna know true story

1:28:05

years and years ago i was at my office which is probably i don't know six seven years ago it was at my office

1:28:14

something came up on my computer within 10 seconds you know how fast it happens guys i was on a porn site

1:28:19

well lasted like 10 seconds i got convicted got off my wife calls me five minutes later jim

1:28:26

what's going on i did what every guy does i denied it nothing having a good day at the office

1:28:33

i was my heart was pounding out of my chest how did she know

1:28:40

because i confess everything so what am i doing when i confess i'm creating intimacy to the garden

1:28:48

we're becoming one when you confess to your your king what's happening he accepts you because

1:28:55

of teshuva and you're becoming intimate with him because of your confession it starts in in the garden it starts in the

1:29:01

confession of salvation and it never ends the moment you stop confessing is the moment you distance yourself from

1:29:07

your king that's why there are people that need to be here tonight that won't show up because they know

1:29:12

what i was going to talk about they can't stand to hear the truth

1:29:20

because that means that they're going to be accountable and they're going to be forced to be transparent men tell your wives everything

1:29:27

i have heard of pastors that say oh you don't need to tell them this keep your skeletons in the closet know you keep

1:29:32

skeletons in the closet and they will come alive

1:29:37

i'm telling you the truth if there is something that you have in your past that you know the holy spirit

1:29:44

is bringing to your mind right now you need to confess it because if if you don't

1:29:50

you're spiritually connected to your spouse it's affecting her anyway

1:29:56

because there's no such thing as past present or future when you're a spiritual being everything that you do in private and in

1:30:03

public is connected to her or the bible's not true and you're not really one and it's just a fairy tale it's just

1:30:09

good language oh we're one isn't that nice from his perspective he's supernatural

1:30:14

when he says they will become one he's talking about like it was in the garden before he separated them

1:30:20

the mind is the same the heart is the same they do things the same the right hand knows what the left hand is going to do

1:30:26

before it works the right and left brain work together boom boom heart heart boom

1:30:31

boom that's what he wants in a marriage in a relationship but that begins with intimacy when you mess up repent and

1:30:38

that goes for ladies too this is the number one way to get rid of

1:30:43

sin in your life is confess it the bible says confess your sins to one another

1:30:50

it's too easy to say oh i confessed it to yahweh he says confess it to one another when

1:30:55

you do something in private against your wife you're sinning against her according to the torah and the brit

1:31:02

hadashah you're required to go to her even if she doesn't know

1:31:07

did you know that doesn't matter you it says if you if you've created ought against your

1:31:12

brother you are to go to them and apologize it doesn't matter whether they know it or not this is called integrity

1:31:20

you back out of walmart and you hit someone's car oh they don't know about it i can leave

1:31:26

that's the same exact doctrine is it not what's the godly thing to do write it on

1:31:32

a piece of paper your name and phone number that's what we do when we mess up in private men

1:31:38

confess it get accountable to another man as a man as well continuing

1:31:43

make a covenant be like job job says i made a covenant with his eyes you don't even think the most godly men

1:31:49

had issues every one of them murderers idolaters

1:31:56

all the sins and sexual sins there's nothing that's new ladies and gentlemen are you kidding me solomon look at

1:32:02

solomon why is this man on earth yeah right he's had 900 wives is he nuts

1:32:10

he was wise only in the beginning make a cut make a covenant you will never type anything in in a search

1:32:16

engine that you could potentially bring up something unholy never type it in and it won't come up

1:32:22

something does come up make a covenant to never click on it do it between you and your king you know

1:32:28

what i did i went further i did what my ancestors did i went and got a truck full of stones

1:32:35

went out to a piece of public property and i built an altar like my ancient forefathers did when they made covenants

1:32:43

and i made this covenant bam i can take my kids there today and show them

1:32:48

this is where abba began to get his life fixed

1:32:55

immediately look away from temptation don't even take the bait i'm simplifying this it is a process

1:33:02

but if you do these steps even one of them you'll begin to see yourself going in the right direction and last but not

1:33:08

least what is this it's an interesting slide i found

1:33:14

what's wrong with this picture yes they are on the same team

1:33:25

you didn't catch that did you they're on the same team

1:33:31

men understand this concept your wife is on your side

1:33:36

she wants you to be successful she wants you to be holy she does not

1:33:42

want to tear you down she wants to lift you up but you must create the right atmosphere

1:33:49

and soil for her to do so if you're going to be you want a cheerleader be the quarterback

1:33:57

you want to sit on the bench don't expect her to cheerlead for you and don't be surprised if she starts cheerleading some other guy that's

1:34:04

playing on the field i have yet to find an affair where the

1:34:09

woman has an affair where is not linked to the man because i don't believe it exists

1:34:15

that a woman will drink from a well when she is not thirsty at home

1:34:21

she will never drink from someone else's well when her well is full of are you kidding me

1:34:27

women are too smart they will only drink from another well when their well is so dry that they feel

1:34:34

like they're going to die and some guy comes along bats his eyes

1:34:40

says something really nice opens the door it takes almost nothing does it ladies
1:34:46
nothing when you are that dry a hello and a nice voice
1:34:52
and immediately she begins to come alive guys if you're if your wife is not where
1:34:59
you want her to be here's the answer and we end with this
1:35:05
compliment her it's the fastest way speak to her positive thoughts
1:35:13
listen to her and give her praise you want her to be a cheerleader
1:35:19
show her how and you will see her do
1:35:24
cartwheels for you at the end of the day
1:35:33
it's all about getting rid of the enemy and going back to the garden it's not just you in your
1:35:40
house alone there are two other spirits hasatan
1:35:46
and yahweh there's four people in the garden at all times
1:35:51
who are you listening to most of the time yahweh is going to speak through your wife to you
1:35:59
please take it into consideration and go pray if she's wrong
1:36:07
take your chances but after you pray you'll find
1:36:12
99 of time if you are a godly husband and you desire to do it try me on this one
1:36:18
hear it listen don't speak go pray come back
1:36:24
and see what happens when i get an argument with my wife
1:36:29
one of the first things i will do is go pray whenever we pray together
1:36:36
matter of fact this happened the same same time a couple weeks ago
1:36:41
got an argument in bed because i was a blockhead like normal
1:36:47
and i decided you know what i'm going to pray she's like fine
1:36:54
she wasn't going to pray with me because she hadn't had her feelings dealt with yet
1:36:59
i knew i had no capabilities to handle what she was saying none and i was too lazy to get out of
bed and

1:37:05

go pray so i decided i'm just going to pray i was angry but i'm following my own rules and i i

1:37:13

believe are his rules and i turned over on my stomach and got up on my my elbows and i started

1:37:18

praying to my king and telling and i couldn't believe what came out of my mouth i'm angry because she's offended the

1:37:25

next thing i know i'm repenting to him for whatever i didn't even agree with

1:37:32

next thing you know argument was over all i did was pray she's like that's all i needed

1:37:39

guess how long my prayer was 22 minutes

1:37:48

knew that's how long it takes for her to calm down so i just kept going

1:37:53

guys are you hearing me love your wives lay your life down for her and she will lay her life down for

1:38:01

you let's pray father thank you so much for this time i know that it's late

1:38:06

but father it is so good to bask in your word we need to know these things and learn these things

1:38:13

would you be with us in our relationships would you teach us how to pray would you teach us how to be quiet

1:38:19

and absorb others emotions

1:38:25

help us to love one another as you love us you sent your son to die for us would you teach us how to die

1:38:31

for some reason we don't want to die and your word says that there is no greater love

1:38:37

than for someone that would lay down their life for a brother much less our wife who it should be a piece of cake to

1:38:43

do father we are really carnal teach us to be spiritual

1:38:50

just to respect one another to be gentle and kind

1:38:55

faithful all of the gifts of the spirit

1:39:01

so that the next generation won't even know what sin is

1:39:06

father thank you for this time that we've had this evening thank you for all that you do thank you for your instruction manual

1:39:14

and most of all thank you for your mercy and your grace

1:39:20

with all heads bowed and eyes closed and i mean that

1:39:27

i'm going to ask the question to you men men if you would agree and say you know i'm one of

1:39:33

those men that criticized my wife and i have hurt her deeply

1:39:40

i want you to raise your hand not to me but to him

1:39:48

thank you yeah

1:39:55

you can put your hand down

1:40:01

i could go through a litany of sin i chose criticism because it is at the top of the list

1:40:09

and every other sin seems to be connected to those negative comments so father i lift up with all these men

1:40:16

that struggle in loving their wives the way that you want them to love

1:40:21

and i asked abba that you would forgive them by the mere fact that they

1:40:26

had the strength and the courage to raise their hand i pray in yeshua's name that they would

1:40:32

be free father for anybody that has any unclean spirits in their life whether through

1:40:37

trauma whether through their personal sin or generational curses i speak upon their behalf and yeshua's name and break

1:40:43

those curses even now those curses do not exist from here on

1:40:48

heal them father in yeshua's name hassetan you are to be mute and deaf and dumb you're not allowed to speak lies

1:40:55

anymore you're to walk the dry places never to return i'll fill those voids

1:41:02

right now in yeshua's name and all of yahweh's people said

1:41:09

amen

1:41:14

[Applause]

1:41:27

[Music]

1:41:39

[Applause] [Music]

1:41:47
