

0:01

all right guys i just wanted to share something amazing that's happening down here in ava missouri

0:07

um just no structure to this meetings at all like everything's planned out but god

0:14

has completely different plans and the holy spirit just showed up uh this morning i don't even know it's one

0:19

o'clock i was supposed to speak two hours ago and and we're still going from the first service uh the holy spirit has really

0:27

dropped on this place and and we've been talking about uh i've been talking about for a long time that that until we get

0:35

the spirit and the truth together and we know what that looks like we're never going to see a powerful work by the

0:40

spirit by god we're never going to see this movement go anywhere well there's a lot that i can say i will say afterwards but

0:46

i want to introduce you to a gentleman that's standing right next to me here and uh if you can just give your first

0:52

name yeah my name's henry so guys meet henry down here and are you from this area uh just moved down here in november

0:58

okay just moved down here like half the world is moving to ava missouri for some reason it's crazy there's so many

1:04

messianics are taking over the town um but in the tent behind me uh we were

1:10

praying and just ministering and people felt like they wanted to hear from god

1:16

and so we just prayed that anybody that wanted to be mikvah in the holy spirit

1:21

like acts chapter 2 type of baptism that it would just calm down and people would

1:27

just just receive it and hear from the lord and begin to speak another

1:32

i don't know there we are sorry about that accidentally hit my thumb and uh this gentleman

1:38

who has never been uh heard the voice of god before audibly i'm gonna let him tell his story because

1:44

i believe this is gonna be a blessing to you there was over a dozen people that

1:49

almost simultaneously uh like acts chapter two started uh speaking in tongues and and i'm gonna let him tell

1:56

his story because this is pretty cool all right so a couple years ago i asked the father i've

2:02

i've been praying to be able to hear his voice audibly and it i pray that every single day and

2:09

it had not happened and uh today they just asked if anyone had uh just heard in this in the spirit is what

2:15

it was they're bringing people up and i and nathan harmony grabbed me and he kind of

2:21

just kind of coached me through he's like hey just do this as far as how to speak in tongues i

2:26

guess because it doesn't make any sense to me whatsoever none and uh as i was doing it

2:33

i heard the father man and he's he told me i hear you and and it took me it took me a minute to

2:40

register i kind of walked off and i walked around and i was talking to some friends and one of

2:45

one of the brothers comes up and he looks at me so something happened didn't it and i was like yes man i heard the father audibly i heard him and i am so

2:52

excited and i broke down like you wouldn't believe sobbing like a baby but praise jehovah man praise the father for

2:59

what he's doing here and what he's doing with everyone it it's incredible it really is so what what he's saying is is

3:06

that he never had this language before and and wasn't sure about it as you can

3:12

tell this guy's a very hands-on real dude and uh and so nathan was just basically saying that look if you want this gift

3:20

you have to open your mouth uh you just have to open your mouth and begin to let

3:26

the voice come forward and it won't make any sense but it will turn into a language of heaven i know some of you

3:32

watching this may not even believe it makes zero sense to me still at this moment other than but it

3:38

happened and so you can't you can't deny it no that none what so because it happened yes and i i don't i don't know

3:44

what happened but i can tell you what happened because i've helped people a lot of people like this that that you began to like make a noise

3:51

and then it just turned into a language yes and you don't even know what the heck you were saying none but in the process just to recap so you guys caught

3:57

this in the process of him praying in this other language he had never heard the voice of god before and he literally

4:05

audibly heard the holy spirit say i hear you yes how cool is that like out of all

4:11

the things praise the father out of all the things that he could have said yes like he could give you like lottery ticket numbers you know

4:18

he could have like unpacked for you some crazy verse that everybody's trying to figure out right but he just simply said

4:25

i hear you it's all i needed i hear you and he knew it i hear you yes and so

4:30

what a beautiful thing is you guys and over a dozen people two of them were my daughters uh that got baptized in the

4:37

holy spirit and and which is just crazy as a dad it's just the most beautiful thing ever because and now the holy

4:43

spirit goes from something that you observe to something that is like an internal light something that is so powerfully on

4:50

the inside that that this won't be the first time that you hear his voice like you will now hear him

4:55

everywhere you go i sure hope it's just a whole nother level at this moment i am so filled over the top with emotion

5:03

and joy and happiness that i can't even describe it i'm going around i'm hugging everyone i'm loving on everyone i'm

5:09

crying it's incredible this is great oh cool you got this guy too man listen man

5:14

god's so good and uh you know i just want to i just want to share one quick story for all of you doubters out there and i shared this

5:20

with uh the the group on the inside that uh i was praying with my daughters um

5:27

not too long ago actually i guess it was a little long ago now it was about seven months ago right before the word from the lord that

5:33

came in january 12 and i started praying in tongues for the first time around my  
5:38

my family and my daughter one of my daughters at the end said dad

5:44

um i heard you in english i heard what you said god told me what you said she had

5:51

somehow knew that i prayed in tongues but she heard me in in like almost like two languages at  
one time and she began

5:58

to dictate what i said uh that i didn't know what i was saying and so uh this

6:03

stuff is real i had another friend of mine who mentored me actually uh was on a plane and there  
was a guy in africa uh

6:11

south africa or not south africa he was an african gentleman that was sitting next to him and uh  
and god told my

6:18

friend to start speaking in tongues and uh he's like man are you crazy they're going to throw me  
out of this airplane uh 30 000 feet that won't be

6:25

any fun i'm not doing that but after about 20-25 minutes he just he just gave

6:30

in and he couldn't he couldn't resist the spirit anymore so he started praying and the gentleman  
next to him started

6:36

sobbing started crying and as as my friend began to talk to him

6:41

and this gentleman began to speak in broken english he began to explain to him that he was  
hearing the gospel in

6:47

his native african tongue while my friend was praying in the spirit this man was hearing the  
gospel

6:55

in his african tongue and he got saved right on the airplane never met each other in their life and  
it was all

7:01

because this gentleman my friend my mentor from when i was younger he gave

7:06

uh he he he spoke in the spirit and prayed in the spirit ladies and gentlemen i'm telling

7:12

you right now that until this movement this movement's gonna be split this movement's gonna be  
split into two

7:18

houses you're gonna see this happen so you can share this video because what is about the  
happening is happening

7:24

now in ava missouri which has been prophesied even by corey ten boom years and years ago decades ago what's about

7:31

to happen is the same thing that happened in israel that the word of god brought forth

7:37

january 12 that i gave and if you haven't seen it you need to go back and watch it on youtube but in that word it

7:43

talked about uh there would be a group of people joshua and jaleb k a generation that were going to cross over

7:50

the jordan into the gilgal and be re-circumcised gonna be circumcised and then there are

7:55

going to be an a massive connection to the spirit of god that's going to bring down jericho that's going to be the

8:02

first battle to take back the land is to take back jericho but it can't happen in their own strength and right now for the

8:09

past 40 50 years the messianic movement has been trying to do things in their own strength and their own understanding

8:15

that we parse out scriptures we talk about hebrew and hebrew roots but we parse out the scriptures like greeks you

8:21

know we got to have theology that operates in this scripture and i can't find it in scripture and blah blah blah but let me tell you something there's a

8:27

lot of god that you can't find in scripture there's a lot because god will not fit

8:33

inside of a book and he can't fit inside of a box and so just like ancient israel

8:38

when they came out of egypt and 40 years later they were split into two different camps

8:44

one camp that stayed out in the wilderness and and camped out there and they died

8:49

in the wilderness and another camp that believed that god could overcome the giants by

8:54

faith see to be connected with god is to be connected by faith is to go beyond

8:59

the natural into the supernatural it's to go beyond the letters on the page and go into what the father says is this is

9:06

my face is built by faith i want you can't see my faith but my face but by

9:12

faith if you believe i will tear down these giants and they'll fall before you and you'll never

9:18

even have to throw a stone or bring an arrow back on your on on your bow

9:23

and so what happened in in the first uh a parting is that they two groups one stayed in

9:30

the desert one got to go and experience the power of jericho and see the supernatural move of the divine

9:35

assistance of god in their life and it happened ladies and gentlemen not because they understood every word of the torah not because they they

9:42

perfectly understood theology and every subject matter that they could they could discuss and argue over or

9:48

whatever calendar they were on they absolutely got to experience the power of god and get their inheritance because

9:55

they simply believed until we get back to a place where we understand that this is about belief

10:03

it's about shema to hear and obey and i'm telling you right now that this

10:08

movement is beginning the process of understanding there's a group of joshua caleb generation inside of this movement

10:15

that is beginning to understand that shema means far more than the black and white that we have to obey the voice of the

10:22

spirit which pre-dates the black and white of the torah and of the brit

10:27

and of all of the prophets i'm telling you in the millennium the torah is not even going to be in

10:33

applicable for the most part most of the the paul says that that the torah the

10:39

law was given because of transgression so what happens when we get rid of transgression we're well much of the

10:46

torah won't even be in existence because it's designed for what for the flesh so we need it now

10:52

we absolutely need the torah now it is so relevant for today more now than ever but i'm telling you what's more relevant

10:58

than anything is the spirit of the living god it's the spirit it's the ruock that wants to move it's when you

11:05

feel that internal pull that says you need to go left you need to go right you need to talk you need to shut up you

11:11

need to stand up you need to sit down you need to go to this word the father gave me yesterday by the spirit i was

11:17

praying in the spirit and i saw isaiah 6 7

11:22

and i i didn't know what it said so i went and i read it and as i read it i'm like okay that's cool wow this is here

11:28

for someone but the spirit said don't say anything yet it was about 45 minutes later that nathan harmon got up and he quoted the

11:36

two verses before that in isaiah 6 where it says i live in a land of unclean lips

11:42

and that was my cue that i knew that this verse was for someone and that was the time you see when you operate in the

11:48

spirit you can't get that by studying torah you can't get that by by understanding uh all of of of the bible

11:57

from from genesis to revelation you get it only from one place and that's straight from the umbilical cord of

12:03

heaven to earth it is through the ruach hakadesh it is through the spirit it is the spirit that gave me a vision of

12:09

isaiah 6 7 that connected to nathan's message that connected to you to some people that needed to be healed and

12:14

forgiven for the iniquity of their tongue you see god wanted to give a word to someone but they couldn't hear

12:21

they weren't filled with the spirit they couldn't hear his voice but they were they were in in their sin of their mouth

12:28

they were feeling the the depravity and the and the transgression and the condemnation and the guilt and the shame

12:34

and they just needed to know that god loved them and forgive them and god through isaiah 6 7 said i forgive you

12:40

and purge you from the iniquity of your tongue and it broke people

12:45

you see this is the this is the place and this is the moment this is where we're at in time this is the first time

12:51

in 2 000 years since acts chapter 2 on any kind of scale where you have a  
12:58  
movement of people that believe in the front of the book and the back of the book and the holy  
spirit connection if  
13:03  
you haven't been to church today this is your church service listen up we need to believe  
13:09  
in the back of the book and the front of the book the holy spirit is wanting to pour  
13:15  
himself out on people that believe if you don't believe that's fine you'll  
13:22  
never receive the holy spirit because the holy spirit only goes to those who believe  
13:28  
and the confines and the the the the guard rails is the scriptures we're not talking about  
13:34  
something that's crazy that's out of balance this stuff has been misused and abused throughout  
charismatic circles  
13:40  
pentecostal circles and christian circles for a millennium but we're talking about a balanced holy  
13:47  
spirit fresh renewed touch and breath  
13:53  
from heaven and some of you that are listening to my voice right now i don't even care if  
13:58  
it's in spanish or english or russian or whatever language but i'm telling you the holy spirit wants  
to touch you he  
14:04  
wants to heal you he wants to absolutely let you hear his voice  
14:10  
and you need to be baptized in the holy spirit and so i'm just going to ask you right now if you  
this is not a  
14:16  
this is not a joke i'm not doing this for for view counts i don't even care  
14:21  
but i i'm i'm i'm moving off the rails right now what god is doing in my life and i i'm being  
touched so much in the  
14:29  
last 14 days of going to two conferences and experiencing prophetic messages and  
14:35  
the move of god i want all of you to experience it so if you've never heard the voice of god like  
this gentleman who  
14:41  
just who just absolutely humbled himself before you say man i i've never heard god's voice and  
you want to hear his  
14:48

voice we can do this virtually i just pray i'm going to ask you to raise your hands right now where you're at put your

14:54

phone down and raise your hands before god and i want you to just ask the holy

15:00

spirit to fall on you right now and if you want to receive whether you believe or not it doesn't matter if you

15:06

believe in the gift of tongues and it's not about the gift of tongues itself i want you to understand that it's not

15:13

it's about wanting and desiring to go further and deeper and farther into the

15:18

spirit that your conscious and your subconscious cannot understand

15:24

you see how many of us we absolutely we we inhibit the power of god in our life

15:29

you know why we inhibit the power of god in our life because our conscience and our disbelief and our doubt in our the

15:37

firewalls of our past the traumas our past experiences everything if we think

15:42

about god prevents us from experiencing him did you hear what i just said

15:48

we we experience god in so many different ways and then because other people just use something wrong or they

15:55

abuse it or misuse it we discount it and we don't even look in that direction anymore and we never even considered

16:02

that maybe it is so powerful that the enemy purposely twist things so

16:08

that we would never look in that direction again we know that the torah is so beautiful

16:14

and it's been set aside and holy for us today and we know that the enemy's been manipulating it and twisting us and and

16:21

trying to teach us that it wasn't a valid and it's not applicable so that we wouldn't even look at it because the

16:27

moment that you look at it you start climbing the ofel to the to the stairs of heaven to jerusalem to the temple

16:32

itself you start to climb spiritually when you go back to the front of the book and you connect it to the back of

16:38

the book so he kept us from that he wants to keep us from that and i'm telling you right now that satan himself

16:44

and all of his minions they know that god has a language of the angels he knows it he knows that we we spoke that

16:51

language before the sin he knows that we connected into the spirit realm he knows

16:56

that sin is the firewall and doubt and anxiety and stress and trauma is the

17:01

firewall that prevents us from going deeper into letting us hear his voice and i'm telling you

17:09

that this gift probably 60 to 70 percent of my prayer

17:14

life is praying in the spirit this is how i'm hearing from the lord this is how god speaks to me this is how he

17:20

tells me to go left to right do i get it all right all the time no i'm a growing learning man that's trying

17:25

to be humble and just stand before my god or lay on the at his feet

17:30

but one thing i can tell you for sure in two things for certain with all the hell that i've gone through from five years

17:36

of prison everything being stripped from me from my closest friends abandoning me and stealing from me and all the things

17:42

that happened in the trauma of my family and my children and almost losing one of my daughters because of it of everything

17:48

i've gone through i can tell you right now the one thing that was true and that

17:53

never changed that wouldn't it always remained was hearing that still small

17:58

voice through praying in the spirit it was that that caused me to come through and so if you want to hear the

18:05

spirit of god i'm going to ask you and i'm going to teach you right now that all you have to do is believe and just

18:11

like the only way to hear from god in the word is to open up the bible you don't need to be told where to go

18:18

have you ever just said god i need a word so bad and you just said i'm just going to open this up please speak to me and you open it up and it just so

18:24

happened to be a verse that just blew your mind and it was exactly what you needed you know that now do you think that

18:31

that's coincidence that that happened almost everybody probably in the sound of my voice you've had that happen to you do you know why it was because your

18:38

faith and your belief was so great and then you acted upon that in such a way

18:43

that god met you halfway and caused your fingers to open the bible to such a place that would minister to you at that

18:50

moment that's exactly what i'm talking about right now with the gift of tongues and speaking in the in the tongues of

18:56

angels you can mock it you can put it aside but i'm telling it's real i've seen prophecy i've seen words of

19:02

knowledge i've seen the power of god i watched it in one of my daughters immediately just out of nowhere just bam

19:09

just started speaking in a heavenly language and it changed her countenance her whole spiritual countenance changed

19:16

instantaneously this man heard the words of god and i think it's unbelievable

19:22

that the word that he heard was i hear you oh my gosh that will change your life if

19:29

you heard the creator speak to you directly and say to you i hear you

19:35

and so i just want to give you just a quick instruction on what this looks like and how it works while they're in there they are still going from 8 30

19:43

this morning it's 1 30 there's not even been a break for lunch it's just that

19:48

out of control i had to walk out of here because it's just so loud and god's moving but just raise your hands before

19:54

him and and father i just pray in yeshua's name that you would baptize and mikv

20:00

everyone in the sound of my voice that wants to hear from you that they believe

20:05

by faith that they can receive this gift of this deeper understanding of being able to connect to you and through you

20:12

outside of the conscious realm outside of understanding where where we're stress and anxiety and doubt doesn't

20:19

exist where our interpretations of our mind can't can't judge it father that it

20:24

only is deep calling to deep the spirit calling his spirit father i pray that your spirit would fall on these people

20:30

and everybody that wants to receive you will begin to have this gift that you would bestow upon your people right now

20:37

around the world whether they even understand what i'm saying in english or not that your ruach would fall and that

20:44

you would cause these people to be baptized in your spirit and bring back the messianic acts chapter 2 faith of

20:51

torah and spirit and truth god together father we praise you and we thank you right now i encourage you to just start

20:58

speaking anything just let a noise come out of your mouth and what will happen

21:03

is he will start to change it into a language father i pray as they open their mouth

21:10

and they start to make vocal noise that air travels through their vocal cords

21:15

and they start to make a noise that father in yeshua's name that that noise would be turned into your words your

21:22

language father that you would connect to them that the people that will be writing us telling us that they were

21:28

they felt the spirit of god they started speaking in this language they heard the voice father transform them give them

21:33

the ability to know you feel you experience you lord let them go farther and faster and deeper and wider than

21:40

ever before lord let this movement around the world be birthed right now i declare it in the 21:47

earth realm that the spirit of the living god will be be birthed again that

21:52

acts chapter to have its way and your people will begin to play in the spirit in the

21:59

confines and the fence of the holy torah but father your holy spirit would match

22:06

the holy torah and when you would show your people that you came long before the torah ever decided to show up that

22:12

you existed and you hovered over the face of the waters and as you hovered you began to smile lord as as the earth

22:20

began to quake and oceans began to roar and volcanoes began to erupt and father

22:26

land became a available and it rose up out of the ocean father i pray that out of the sea

22:33

of people you would raise up mountains of men mountains of women for you god i

22:39

pray that you would bring forth a terrible and and and and amazing and awesomeness

22:47

of your spirit god that you would manifest yourself with signs and wonders and healings and father i pray that

22:54

prophetic words p you would raise up the prophets of old would come back to life and the spirits of daniel and jeremiah

23:02

and ezekiel and hosea and joel father and amos all of them got every one of them their spirits would arise

23:09

and begin to prophesy to men again that the days of yeshua are coming and the

23:15

second coming of our messiah the lamb of the living god will come with the host of heaven and he will retrieve his bride

23:22

father we praise you we thank you we lift up our voices and our hands before you wherever you are lift up your voices

23:30

and lift up your hands before god we are having church service right now from ava to africa and father we thank you lord

23:37

that you are with us in the earth realm and you will not just stir this place you will stir every heart and every

23:43

place and father we pray that the holy spirit would light on fire and whole families would be resurrected and

23:49

restored we call out young women right now that are in promiscuity and fornication

23:55

against their parents wishes that they would come back they would repent father and give their lives to you we pray for

24:01

young men lord that are out of alignment and don't know you or walk away from your faith

24:06

because they've seen hypocrisy in the church or what have you lord we call out their names you know every one of them

24:12

lord are the angels i ask that you every angel will call out the name of every son or daughter that's wayward right now

24:19

in yeshua's name we call them out that they will return and they will return immediately that you will touch them you

24:24

will you will they will feel you they will recognize you they would know you lord i pray god that you would do

24:29

miraculous things in the earth realm right now father i pray father in yeshua's name that you would you would

24:35

call upon family leaders to be family leaders lord their wives lord would be be gentle and kind and husbands would be

24:41

the same lord we pray for our restoration lord beyond restoration lord you prayed and you said lord in your

24:47

word and the prophets that in the end days lord the prophet would come and and father he would restore lord the sons to

24:55

their fathers and daughters to their mothers lord we just pray for total family restoration in the earth realm

25:00

and it would begin with your people call who are called by your name would fall on their face from heaven and they would

25:07

return they would repent from their wicked ways and pray father and that you would return

25:12

the lord and heal our land we pray for a healing of our landlord and i pray right

25:17

now that as people are being filled with your spirit around the world that you would gift them the gift of this

25:23

heavenly language of speaking in tongues lord not for the purpose of any kind of of

25:28

a fraudulent lord or any kind of of just uh whatever the word i'm thinking of lord of just something that is just

25:35

neat to do but father because they desire to hear your voice

25:40

so just speak right now just speak right now just let your voice be heard if you're listening to this and

25:47

you desire to be filled with the spirit just begin to just pray and speak uh

25:52

just let a let a noise come out of your throat let a noise come out and and just

25:58

begin to pray in another language as god gives you divine assistance and changes

26:03

you it it changes the language the the vowels and the syllables will begin to

26:09

form and you will begin to speak in his language father i i thank you and i praise you lord and by faith lord like

26:16

the apostles that before me and the word itself did for the people lord i by

26:21

faith extend your anointing into the homes of every person watching

26:27

now both live and in the future and we pray god for a supernatural

26:33

miraculous revival in the earth my friends

26:38

god is doing great things and i believe with all of my heart mind soul and strength that he wants to put

26:44

you into a whole new place and a whole new level and until you totally plug in

26:51

to the spirit and get your face on the ground before him and you desire him the

26:57

lord says that he will give you in proportion to your desire he said that he will he will baptize you

27:04

in proportion to the amount of water that you put in the tank he says that at the mount at the amount

27:10

that you hold back is the amount that he will hold back from you some of you parents

27:16

are angry because of the wayward sons and daughters that you have the father says no no no i've never been angry at a

27:22

wayward son or daughter i've been like the prodigal son's father where i said son if that's what you want to do then

27:29

you need to do that you need to find your way but i will be here and i'll be ready to kill the fatted calf for you

27:35

because my love is so extended beyond my hurt feelings my love is so extended

27:40

beyond the the the the damage that you've done in my home that i can look past the damage i can

27:46

look past the hurt i can look past my own fleshly sufferings and i can say i love you son i love you daughter

27:52

but i love you more than the pain that you've causing and the mistakes that you're making and the father says that some of you need to repent before him

27:59

right now you need to repent before him right now and fall on your face and say father

28:05

forgive me for cursing my son or daughter by not praying for them not loving them like i should and for being

28:11

angry at their own sin the father says i'm the one that gets to be angry at sin because my anger is perfect and it's

28:18

perfectly righteous and it's never out of control and it never hurts it never stings and it never does damage god says

28:25

let me be angry turn your children over to me says the lord and let me deal with them in the meantime you love them you

28:32

be a lifeline for them because you might be the only place when they finally get to a place where they're

28:38

rolling around in the muck with pigs and that's in in that pigpen that they they think of the only place that they

28:45

know they are loved and they're safe and they will go back and that father that prodigal son he created an atmosphere so

28:52

fantastic so amazing that that prodigal son knew he knew without a shadow of a

28:57

doubt that that in his sin he made a big mistake and he knew he could go back to his

29:02

father now imagine in that story i don't know who this is for there's a lot of us out here that have sons and and

29:08

daughters that that are wayward and i'm telling you right now imagine the story of the prodigal son if the prodigal son

29:16

father had cursed his son on the way out and told him don't you ever come back here

29:21

because of your sin and the damage that you've done we don't want anything to do with you we are disconnecting with you you are in sin and everything the

29:28

prodigal father would have said would have been accurate it would have been true it would have been 100 true but at

29:33

the end of the day that prodigal son would have never come back and we would have no story of a restoration of a son

29:40

who is prodigal that was restored to his father we would have never seen a gospel of a fatted calf being killed as as a

29:47

prophetic symbol of yeshua himself calling out for the lost sheep of the house of israel because the reason why

29:54

the prodigal son came back was because the father created a last moment

30:00

atmosphere when the sun left it said son i love you you are welcome to come back there might be some rules when you come

30:06

back but i want you to know even though i'm telling you you're making a mistake that i love you i'm behind you and i

30:12

will always be here because that is the heart of a father my friend that is a heart of a parent that loves with no

30:18

return and it doesn't care if it's offended or even if its rules are followed because some people need to

30:24

learn their way all of us have fallen short of god's glory every one of us

30:30

have made mistakes beyond imagination there's nobody that can gloat nobody on

30:35

this live stream right now or people are going to watch us at nobody can gloat and say that they made every decision

30:42

perfect but yet sometimes us as parents we get frustrated i'm frustrated right now with one of my kids praise god and

30:49

you know what i get to a place where i'm like father man i know what's best i know the word of

30:54

god this is not what the word of god says they're they're not making and god says man listen you may know the word of

31:01

god but i am the word of god and why don't you take one of your daughters and watch you take one of your

31:06

sons and put them in my hands why don't you let me handle them why don't you pray for them and fast for

31:12

them why don't you set yourself apart for them and let them know how much you care and love them even though they're

31:18

you know they're doing it wrong even though you know it's not the best god says look you never chose the best you

31:24

barely chose the good throughout your life and i wanted to give you best and it broke my heart but i brought you back

31:30

i the word of the god says that i don't even know where it's at i i i preached on it not too long ago but i can't even

31:37

remember the holy spirit's just father bring it back but he says that i i c i coddled them and i put my cords of love

31:45

around them and i brought them back to me and the scripture says that the people didn't even know

31:50

that it was god they didn't even know that he was doing it he didn't even they didn't have a clue that god was with

31:56

slowly by his love and grace drawing them back into the pen

32:02

how often does us appear i don't even know why i'm going into this so maybe this is for somebody out there i have no

32:07

idea how this went from from the praying in the spirit to to to talking about

32:12

parenting and prodigal sons but but maybe this is being led by the spirit maybe this is what's happening maybe

32:18

this is what's going on and there's people out there that need this but god says look when you have a wayward son or a wayward

32:25

daughter you must give them over to me and you must love them through their muck because you are the only lifeline

32:32

that they might have to come back to me and if they see that you abandoned them

32:38

in a decision that they that you disagree with then they might abandon me

32:43

in the process be the only light be the light

32:49

that i am to you and trust me says the lord with your sons and daughters guys i love you guys and i'm so excited about

32:56

what holy spirit is doing there is a movement of the spirit in this earth realm right now that is being birthed

33:03

that is acts chapter 2. it is torah it is spirit it is not funky it's not out of control it is perfect balance you

33:10

know what makes things out of control you know what makes things out of control when you don't have the the

33:15

torah foundation when you don't have the front of the book and you just got the back of the book you don't have the whole book

33:21

it's like it's like having a it's like starting in the 13th chapter of a 26 chapter book you have no idea what's

33:27

going on but you are fully enveloped and all the characters and all the plot and all the things that are happening but

33:32

you don't know where it came from so therefore you can't contextually truly understand what's going on and at the

33:39

end you might even cry but you don't even know the depth of what this characters went through because you never read the first 12 chapters

33:46

i'm here to tell you my friends what god is about to do is founded on truth it's founded on power it's founded on the

33:53

reality that is beyond the reality that you see in the black and white scriptures because i'm here to proclaim

33:59

to you and you may call me a false prophet and that's fine i don't care but i'm here to tell you that god is bigger

34:04

than his own word he's bigger than what he gave us it says in the gospels that if they wrote down every single thing

34:10

that yeshua said it would fill valiums a book don't tell me that all your theology is only built on what you find

34:16

in the new testament or what you find in the old testament because my god is bigger than that what he gave us is the

34:22

principles he gave us the chapter headings he gave us the bullet points and it is the spirit of the living god

34:28

that's supposed to unpack that supposed to help us understand it and apply it in 2022

34:34

you try to to apply torah today without the spirit and you'll be putting spears

34:39

through people's hearts you will literally be throwing bombs into people's families you will throw

34:44

grenades into congregations you will destroy because the torah can only do

34:49

three three things it defines sin it brings death to those who sin against it

34:55

and it brings life to those who keep it but you don't know how to determine what keep it means without the ruach it is

35:02

the spirit of the living god that teaches us all things it is not rabbi

35:07

joseph it is not pastor jim it is not this person or that person or this favorite bible teacher or this great

35:13

youtuber or influencer online that's telling you how to keep the torah i'm telling you right now the bible says the

35:20

bible says the holy spirit will teach you all things all what calculus how to

35:26

make your favorite chili recipe no he's going to teach you everything that the

35:31

father said to do how to do it why do you think the spirit didn't tell us god didn't tell us all the details of how to

35:38

keep shabbat or all the details of this and that because he won a relationship ladies and gentlemen stop i

35:44

prophetically proclaim right now stop in this realm every bible teacher that claims the front of the book stop

35:51

teaching the front of the book as it is a as if it is a textbook of learning it

35:57

is not it is a springboard and a foundation and a toolbox for the holy spirit to use to

36:05

do radical transformation in people's lives that is what the torah is designed to do until these bible teachers online

36:12

and these youtubers understand that the bible is not meant to be parsed out by theology it's not meant to be

36:18

subjugated and categorized so that we can understand every part of it it is meant to be a prophetic principle

36:25

overshadowing context hardcover for a book that's supposed to be written by the holy spirit that is what the torah

36:32

is designed to do it is to be guard rails for us to be able to drive but the only fuel that god says that he wants to

36:38

be in this car is the holy spirit and until we get this until we get it

36:45

families will be destroyed i bet a family just yesterday a torah-based family where the father

36:50

was molesting the children and he just went to jail for 25 years but guys this is what's happening in our communities

36:57

this is what the torah does if you don't infuse the spirit it will bring death to you it's not designed to bring life

37:05

without the other side of it it is a two-sided quarter if you will you can

37:10

have heads all you want but i'm telling you the moment you see tails everything changes it's full it's worth value a

37:17

quarter with no tails is no value at all a dollar bill that doesn't have

37:23

one side has no value the currency doesn't work you might even go to jail

37:28

for having a currency that has no second side and god says the same thing today

37:34

until you take the currency of heaven and you let the other side be printed on

37:39

your heart you will be indicted as bringing fraudulent currency into the

37:44

earth realm and this is what is happening my friends is that we have we have so many bible teachers and

37:49

there's no fathers like paul said there's 10 000 bible teachers you don't need any more bible teachers y'all are

37:55

on every sub subscribe to every youtube channel every facebook page you're learning you're learning you're learning

38:00

but you learn nothing you know nothing of my heart says the lord god you don't know me  
38:07

you know everything about me you've learned the feast days you've learned the festivals you  
know hebrew backwards

38:13

and forwards but you know not my heart and you even are estranged from my own

38:18

language says the holy spirit what if speaking in tongues is real

38:25

do you realize i talked to a brother a teacher yesterday and i said brother can you even imagine  
that i know you

38:32

disagree with speaking in tongues i know you don't agree with it and i know you feel like that  
you can prove it through scripture but the

38:38

reality is is can i just kind of just submit to you that what if you're wrong

38:45

what if it's real if it's real do you know what's happening you're objecting to the language of god

38:52

himself that he's using to speak to tens if not hundreds of millions of people

38:57

around the world that if you're wrong you're standing against the god of

39:03

abraham isaac isaac and jacob himself are you willing to take your intellectual ability to parse  
out

39:10

scripture and say that you can prove it wrong are you willing at that level to take that risk  
because wisdom says even

39:17

if you don't agree that you stand at a distance and you take a neutral position because you do

39:23

not know all things and what if it's not two languages like everybody says

39:28

what if it's not the language you know actual physical languages and a heavenly prayer language  
i submitted that what if

39:35

it's all one language it doesn't say that they spoke other languages in other

39:40

languages in acts chapter 2 the disciples when the holy spirit fell upon them on pentecost you  
know what happened

39:45

they spoke in other tongues and it said that they heard them in other languages

39:52

and i'm telling you right now that and i don't care where you're at on the planet if i started  
speaking in french you

39:57

would know it if i started speaking in spanish you would hear the dialect when someone's speaking in australia or

40:02

england in english and england you know it because you're alive today you know

40:07

the different dialects you're telling me that someone is standing in that crowd and they think that these apostles are

40:14

drunk my friends if they were speaking other languages they would never have said

40:19

they were drunk they would say what the heck is going on they're speaking galilean they're speaking this they're speaking greek they're speaking latin or

40:26

what aramaic or whatever the language of the day was that they were speaking but they didn't recognize any dialect any

40:33

language any jargon was that was coming out of their mouth was unrecognizable it was only those that were ready to hear

40:39

by faith that heard it in another language they heard it in another language and it was that moment i'm

40:46

telling you this was not another language that they were speaking it was the prayer language of god and then he

40:52

turned on their prayer ears the hearing aids of heaven of spirit and they heard

40:59

it in other languages and so when someone prays when someone prays in the spirit by themselves it's

41:06

the same thing that happens in acts chapter 2. if someone is there they might hear it in another language they

41:12

might not hear it at all maybe it's between you and god it's uttering deep cries to deep

41:17

and until i'm i'm about ready to close because i can feel the the spirit of moving down

41:23

but i want to just encourage every single person in the sound of my voice to recognize he has something deeper

41:29

for you he wants to take you farther but you're in the way your thoughts are in the way

41:35

your pride is in the way your theology is in the way get out of the way says

41:40

the lord god and just open up your eyes your hands your arms and your mouth and

41:46

i will breathe into you like adam because god says to someone online right now you're dead and lying on the ground

41:52

like adam before i breathe life in him and you don't even know it you think that you are religious you think that

41:58

you are spiritual you think that that god has that i have given you all of these things and god says this i have

42:05

yet to breathe my life into you because when i breathe life into you everything around you gives life

42:11

everything begins to sprout everything you touch begins to bring life because when the holy spirit shows up for real

42:18

for real you'll know it by the fruits because everything that it's around begins to be

42:24

given a new life and so father i just pray right now as we close god i pray in yeshua's name that

42:31

you would not only baptize all of these people in your spirit and god they would begin

42:37

to just vocalize noise that you will transform into another language not so that they could

42:43

just say i speak in tongues no those days are over says the lord my people will not speak in tongues so they

42:50

can brag that they speak in tongues my people will speak in the spirit because they desire to hear me in a deeper a

42:56

deeper way in a more clear way and they so desire by faith to be connected to me

43:01

that they want more of me whether it be prophecy and by the way paul says man i wish every one of you

43:08

spoke in tongues but i wish you spoke in prophecy better so god i ask that you baptize people in the gift of prophecy

43:13

right now because it ain't about tongues only it's about you it's about the deeper things that you offer your people

43:21

and your people have been not desiring them not seeking after them you say in your word that at the level that we seek

43:28

we will find and lord most people have no quiet time they don't even get away with you but to hear your voice

43:34

father we all could get away more at the moment and the level and the length that we spend with you lord i

43:40

pray that you would unpack yourself for us and in us and through us

43:46

what we put aside the filth of our flesh and the carnality of our mind and that we would take on

43:52

your spirit lord and the things of the spirit which means love joy peace

43:58

patience kindness goodness faithfulness gentleness and self-control lord i pray that you give us patience with one

44:04

another lord give us patience god give us give us patience or we judge people when they

44:10

when we because we control freaks by nature lord if we things don't go our way if our sons and daughters don't make

44:16

the decisions that we want lord we make controlling emotional moments of of a

44:22

lack of patience and we judge them we want to fix everybody right now forgive us for that god there's people

44:29

right now you need to say god forgive me for trying to control my family forgive me for trying to control my situation

44:35

forgive me for for wanting to fix everybody and everything because that makes the world revolve

44:41

around us and god says the world doesn't revolve around you revolves around me and i'm a patient god

44:46

i'm a loving god i'm compassionate god i give you time to repent it is my kindness that leads you to repentance so

44:53

be kind to one another be kind to your daughter and your son that's not doing

44:59

everything right be kind be gentle speak life because that's what i do

45:04

god says that if i treated you like you treat your children you'd be dead already from a spanking from on high but god

45:11

says i don't he says that my kindness is going to lead you to repentance i'm going to have patience with you

45:17

so father i just ask that you would cause your people to repent of the lack of patience

45:22

that you cause them to repent for disbelief lord even their anxiety before the  
45:28  
disbelief i pray they repent for and lord i pray that you every person that desires to go farther and  
deeper and  
45:34  
wider and recognize that they don't know hardly anything of you that their small five foot four to  
six  
45:42  
foot five whatever it is frame cannot contain a healthy one-tenth of one  
45:47  
percent of even a second of your power much less one tenth of one percent of  
45:53  
all of it so father we just humbly admit that we know nothing we are a people that live  
45:59  
in a land of unclean lips and we are unclean we pray god that by faith that you would take the  
coal from the  
46:05  
heavenly altar that you would touch our lips and heal us father we repent for our  
46:12  
theology and our in our in our in our wrong theology god because our theology  
46:17  
that theology means study of god we're not studying you we're studying so we can be right  
46:23  
against somebody else forgive us of our pride lord and help us to study you  
46:29  
lord thank you for birthing your spirit in this movement and birthing your spirit in the earth  
realm and letting acts chapter 2 live itself all over  
46:36  
again lord raise up a generation that believes with all their heart  
46:43  
mind soul and strength and they prove it by loving their neighbor as herself  
46:50  
everyone said amen and amen love you guys shabbat shalom we'll talk  
46:56  
to you later bye-bye  
47:05  
[Music]
