0:08

happy Hanukkah night number two I hope

0:11

you had a fantastic first night and that

0:14

your family is beginning to get uh on

0:16

board with understanding what light is

0:19

all about why this uh this real this

0:22

ancient victory over the Greeks

0:24

Antiochus epiphanes by Judah Maccabee

0:27

and his father Matt Yahoo is so

0:28

important for us today it is all about

0:31

the cleansing of the temple so in the

0:34

first part we talked about how the light

0:37

represents us and and the father Yeshua

0:40

the shamas candle and all of that in the

0:42

light of creation well tonight we're

0:44

going to connect that to our temples if

0:46

you haven't already made that connection

0:47

from last night do it today this is an

0:51

amazing night because tonight is the

0:53

light of Noah an English Noah this is  
0:56  
the light where Noah made the ark which  
0:59  
is representative of its own Tabernacle  
1:01  
its own Temple where interestingly  
1:04  
enough eight human beings were inside of  
1:09  
that Ark with the Messiah the spirit of  
1:11  
messiah in there as well so we had the  
1:13  
nine branched Candlestick if you will  
1:15  
inside of that Ark that Temple so we  
1:19  
we're talking about them cleaning up and  
1:21  
dedicating the temple back to the father  
1:24  
in the same way the entire Gospel of  
1:28  
Yeshua Jesus Christ is built into this  
1:31  
story it could not be more exciting my  
1:33  
friends because  
1:35  
isn't that what Yeshua himself did he  
1:37  
God said look I'm tired of the Greeks  
1:40  
the pagans if you will the enemy taking  
1:43  
over my temple I'm going to send my only  
1:46  
begotten son as the sword of the spirit  
1:48  
and he is as the word of God going to  
1:51  
pierce through the heart of the enemy  
1:53  
and gonna set my people free and then  
1:55

anybody that believes upon him will be  
1:58  
not only saved but their temples will be  
2:00  
restored and redeemed and then I will  
2:03  
take first place in first precedent in  
2:05  
their lives again this is why our family  
2:08  
celebrates the Festival of Lights the  
2:11  
Feast of dedication it is all about the  
2:13  
rededication of our personal temples  
2:16  
back to God himself and the illustration  
2:19  
of that is in a historical battle it's  
2:21  
unbelievable my friends I don't know I  
2:24  
want my temple I want my kids temples to  
2:26  
be dedicated back to the father and I  
2:28  
get a chance to tell them and teach them  
2:30  
the gospel of Yeshua in the process  
2:33  
through this incredible time so tonight  
2:35  
you can talk about that if you haven't  
2:37  
already talk about the rededication that  
2:39  
God built an ark which represents the  
2:42  
temple that his people are going to be  
2:45  
in that he's going to be in his heart is  
2:47  
with his people 40 days 40 nights it's  
2:50  
going to rain 40 days in the wilderness  
2:52

in the wilderness being tempted the  
2:55  
Yeshua was 40 years in the wilderness  
2:57  
that Moses was there's so many  
2:59  
connections that we can make using  
3:01  
Hanukkah and tonight is the night of  
3:03  
Noah the torch is being passed all the  
3:06  
way to Noah and and being reintroduced  
3:09  
to God himself and what's incredible is  
3:12  
Noah Noah's father would have known Adam  
3:15  
personally so this is a pretty neat uh  
3:18  
thing that people lived for so long  
3:20  
during that time that these stories  
3:21  
would have been passed down all of the  
3:24  
experiences that Adam had would have  
3:25  
been passed down and Noah would have  
3:27  
heard these firsthand and so Noah  
3:30  
becomes the light so you can open up the  
3:33  
scriptures you can talk about no his Arc  
3:35  
gives you an opportunity to tell a  
3:37  
really cool story if you're an adult you  
3:39  
don't have any kids maybe you have a  
3:41  
Bible study and you talk about Noah why  
3:44  
did God ask yourself some deep questions  
3:45

why did Yahweh decide to destroy the  
3:49  
Earth what was happening in the hearts  
3:50  
and the minds of men at that time that  
3:53  
caused the father to say look we got to  
3:56  
just start over from scratch I believe  
3:58  
there's an answer there with the Fallen  
3:59  
Angels meeting with the daughters of men  
4:01  
and and all kinds of DNA manipulation  
4:04  
Matthew says that in the latter days  
4:07  
it's going to be just like in the days  
4:09  
of Noah and guess what's happening today  
4:11  
we have a lot of Gene manipulation  
4:13  
that's happening around the world in our  
4:17  
DNA and things are starting to head in  
4:19  
that direction but I digress from that  
4:22  
direction and get back to the biblical  
4:24  
text you can use the story of Noah to  
4:27  
Foster great Bible study and ask what  
4:29  
kind of you can ask yourself what kind  
4:31  
of character did Noah have what did it  
4:34  
mean when God said he was perfect in all  
4:36  
his Generations well that word doesn't  
4:38  
mean sinless it means mature and  
4:41

complete not lacking anything this is  
4:43  
the and then you can connect that to  
4:45  
James chapter one where it says consider  
4:47  
it pure joy my trump my my friends when  
4:50  
you uh face Trials of many kinds because  
4:52  
the testing of your faith will produce  
4:54  
endurance and let endurance finish its  
4:57  
course so that you may be what mature  
5:00  
and complete not lacking anything you  
5:03  
see trials and tribulations lead us to  
5:06  
maturity no one knew this when he went  
5:09  
through the massive in in never never  
5:12  
before seen trial and tribulation like  
5:15  
he did for 40 days and 40 nights inside  
5:18  
of that Arc non-stop rain 153 days I  
5:22  
think it was constant before he hit  
5:24  
ground that uh uh that the father  
5:28  
allowed him to experience that kind of  
5:31  
tribulation to bring forth a patriarch  
5:34  
one who would be 100 percent mature and  
5:38  
complete he was chosen because he was a  
5:41  
righteous man because of his deeds that  
5:43  
tells us that we can become righteous by  
5:45

what we do it's not what you believe  
5:47  
that makes you righteous it's what you  
5:48  
do and the father is looking for us to  
5:51  
be in His image so focus on that tonight  
5:53  
focus on the temple focus on the  
5:57  
Covenant focus on the gospel being told  
6:00  
and focus on the image when we come out  
6:04  
of the Ark from wherever dark place that  
6:07  
we will end up  
6:09  
what will we look like what kind of  
6:11  
light will be radiating from our face  
6:13  
when you spend time in the darkness what  
6:17  
kind of intimacy are you having with the  
6:19  
father that will bring you uh that will  
6:21  
that the that the father will bring his  
6:23  
light through you to reflect unto the  
6:26  
world  
6:26  
all right my friends well that concludes  
6:28  
night two make up your own Traditions I  
6:31  
know one of the things that we did early  
6:33  
on is we made our own Menorah we went to  
6:35  
a craft store we bought a big wooden  
6:38  
thing that held plants we we sanded it  
6:41

down we painted it we put blue sand in  
6:43  
it and then we bought a little oil lamps  
6:46  
and then we wrapped the oil lamps and  
6:48  
paper and we put what each lamp  
6:50  
represented light of creation the light  
6:52  
of Noah tomorrow Abraham and then Moses  
6:54  
and so on and so forth maybe you can  
6:56  
make your own Menorah as well be  
6:59  
creative let this opportunity be a time  
7:02  
for crafts making cookies whatever it  
7:04  
might be this is a time of family and  
7:08  
connecting with loved ones and as well  
7:10  
as understanding light this is what it's  
7:13  
all about my friends is going deeper in  
7:15  
our own walks with the Lord and using  
7:17  
this Festival to do just that I'm Jim
